## Selectmen's Letter

---

To the Citizens of Thomaston:

We have completed another year of accomplishment and progress for the Town of Thomaston. Through the united efforts of our citizens in making this town a better place to live, we have received the Award of Merit for Community Betterment and Progress from the Maine State Publicity Bureau for the third consecutive year.

One of the outstanding activities contributing to this award was the community response to the flood relief of our sister town of Thomaston, Connecticut.

During this past year, your Board of Selectmen have met for fifty regular meetings with our manager on Monday nights of each week, and for nine special meetings and tours of inspection in their efforts to fulfill the duties of their office as well as attending Budget Board and Building Committee meetings.

The Selectmen have met with officers from the Garden Club to formulate a policy of caring for the fine old trees of Thomaston. It was decided for the town to care for the existing trees, while the Garden Club would attend to new plantings to assure continued beauty. This tree program has been highly complimented by an official from the State Forestry Department.

The Dutch elm disease is becoming more prevalent in the State of Maine and owners of elm trees should

take immediate steps in removing dead wood and decayed trees to prevent spread of the disease.

The town books have received a complete audit for 1955. The full report will be on file in the Town Office for your inspection. Financial operations have been well handled and in proper form.

The Selectmen meet each Monday night at seven o'clock. Citizens are invited to attend these meetings to assist with our duties as Selectmen.

Respectfully submitted,

Board of Selectmen

ROBERT BLAKE, Chairman

ROBERT MacFARLAND

HAROLD P. RICHARDSON

THEODORE J. GUTOSKE

FRED BURNHAM

## Town Manager's Report

---

To the Selectmen and Citizens of the Town of Thomaston:

I am pleased to submit to the Selectmen and Citizens of the Town of Thomaston, the annual report of our activities during the fiscal year of March 1, 1955 to February 15, 1956. This book presents a detailed report of our financial dealings in all departments, as well as the auditor's report and recommendations of the Budget Committee for the ensuing year.

Every effort has been made, with added co-operation from the several department heads to maintain a maximum amount of service, and yet keep with budget appropriations. Due to the greater number of snow-storms and icy conditions of our roads, it has been necessary to exceed the winter road appropriation. It is apparent that to cope with the heavy personal demands for salt and sand on our streets and highways, more money should be appropriated to assure the motorist and pedestrian of desired protection.

I wish to call your special attention to the list of uncollected taxes. In many instances, I believe, the uncollected individual balances are due to negligence, rather than inability to pay. The tax assessment is your contribution and obligation for the many services rendered to the people of Thomaston in every-day life. Tax payments should be made as promptly as possible to assure greater governmental efficiency and reduce the need to borrow money in anticipation of these tax moneys.

Due to lack of employment and extreme cold weather, the welfare load has been above average. In many cases, the Federal surplus foods which are distributed

to eligible recipients on the first Friday of each month, have been a welcome aid to needy families.

The police department continues to function efficiently, even though there have been several successive changes for the officer on night duty. These changes have been due to transfer to other fields of employment. Mr. Frank Buzynski is now serving as our night police.

The citizens of Thomaston can be justly proud of the cemetery which is well-kept by our sexton, Frederick Henry. Due to rapid expansion of lots, it has been necessary to fill another portion of the quarry to prepare to lay out another avenue this coming year. Several perpetual care funds have been added to our list, and it is hoped that more money will be forthcoming to assure an everlasting care for such memorials.

Participation by the town in the Knox County Industrial and Development Association should receive the support of all citizens, especially the merchants and bread winners. Without the aid of organized services within the county and state, the possibility of attracting and developing such industries within our reach might well be hopeless. While such services are new to this area, it is expected some benefits will be received.

I am very pleased with the work of the various departments during the past year. Working for the general public is apt to receive much criticism and calls for many hours of labor and service of which the average citizen may not be aware. I take this opportunity to thank the Board of Selectmen for their advice and counsel, and the several department heads for all their efforts to maintain those services and protection to our community.

Respectfully submitted,

LEON E. FITTS

Town Manager

## Notice to Taxpayers

---

Sec. 35 Chapter 81, Revised Statutes 1944

Before making an assessment, the assessors shall give seasonable notice in writing to the inhabitants by posting notification in some public place in the town, or shall notify them in such other way as the town directs, to make and bring in to them true and perfect lists of their polls and all estates real and personal, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year. If any resident owner after such notice, or any non-resident owner after being reasonably requested thereto by the assessors, does not bring in such list, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer.

### Notice to Veterans Entitled to Tax Exemption

-- and provided further, that any male or female veteran, or blind person, or widow, or minor child of such male veteran or blind person, who desires to secure the aforesaid exemption shall, on or before the 1st day of April, notify in writing the assessors of the city, town or plantation in which he or she resides, and furnish proof of entitlement, and thereafter said assessors shall grant such exemption while so qualified until such year as said person, on or before the 1st day of April, notifies in writing such assessors of his or her desire to pay said tax.

## Report of Chief of Fire Department

---

To the Town Manager and Board of Selectmen of the Town of Thomaston:

I have the honor to submit herewith the report of the Fire Department for the period ending February 29, 1956.

During the twelve months covered by this report the Department responded to a total of 51 calls as compared with 62 for the same period of the preceding year. Included were 5 calls from out of town. The breakdown is as follows: buildings 5; chimneys 14; grass and brush 14; range and oil burners 3; cars and trucks 5; emergency 5 and miscellaneous 5. The total estimated damage incurred was \$235.00, an extremely favorable figure.

The most important matter involving the Department the past year, of course, has been the erection of the new station. We have been faced with many difficulties and delays and, in spite of every effort to keep the expense down by eliminating every feature that could possibly be considered non-essential, all estimates have been exceeded. Additional funds will be necessary for completion.

Our budget for the ensuing year was based on occupancy the beginning of the fiscal year and because of the delay and the increase in rental should be slightly increased.

Permanent men will not have to be added this year as the date of conversion to the dial system has been advanced.

Several small pieces of equipment including a tap and die set for rerunning threads, an expander for recoupling hose and a battery charger were purchased for use in the new station.

A revision of that section of the town by-laws pertaining to the Fire Department seems advisable and a tentative draft of same will be presented to the Planning Board before the next annual town meeting.

In closing this report may I thank all who have been of assistance to us during the past year.

Respectfully submitted,

EDWIN A. ANDERSON  
Fire Chief

## Report of Chief of Police

---

Thomaston, Maine  
February 21, 1956

To the Town Manager and Board of Selectmen:  
Dear Sirs:

The activities of the Police Department show a marked increase over the past few years even though the arrests show a large decrease. However this decrease in arrests was predicted in last year's report. The following table lists the number and type of violations that made up the arrests for this past year.

Assault and battery	2
Intoxication	1
Mis-use of restricted operator's license	1
Operating under the influence of intoxicating liquor	2
Possession of Malt Beverage by a Minor	1
Threat to commit an Offense	1
 Total arrests	 8

The arrest for possession of Malt Beverage by a minor is the result of a law passed by the State Liquor Commission putting the same responsibility on the purchaser as on the seller. Both of the cases of operating a motor vehicle while under the influence of intoxicating liquor were adults as were the cases of assault and battery. The case of mis-use of a restricted operator's license was a teen-ager. Many arrests were made and many accidents were investigated by the State Police and Sheriff's department which we have

no record of in this department. This holds true as in other years and we take this opportunity to thank both the State Police and Sheriff's department for the fine service in assisting this department.

Parking violations show a sharp increase with the majority of the violations being committed by motorists leaving their automobiles parked on Public Streets all night in violation of our town ordinance. Whether this is a case of being lazy or an attitude of not wanting to conform with our ordinances, we don't know. The following table gives a complete breakdown of the parking violations.

Parking all night on public streets during winter months	26
Parked at wrong angle	3
Parked on crosswalk	9
Parking over 2 hour limit on Main Street	4
Parking too near intersection	3
Parking in restricted zone	12
<hr/>	
Total violation tags issued	57

It is felt that if an ordinance can be approved by the citizens at the regular Town Meeting to impose a fine of 50c for each parking violation, the greater per cent of these violations will not occur in the future.

Because of snow conditions these past few months a degree of tolerance has been mixed with the enforcement of our 2 hour parking limit on Main Street. There has been much criticism because of this tolerance, but it was felt that the conditions warranted this leniency. However, now that parking areas have once again been made available strict enforcement of the 2 hour parking limit will be put back into effect.

Other activities of the Police Department include:

Accidents investigated	10
Complaints and Investigations	60
Doors found unlocked	12
Insane Commitments	2
Stray dogs picked up and disposed of	1
Street Lights reported out	125
Truant notices served	4
Vagrants	2

Conclusion:

Many amendments to some of our ordinances as well as some new ordinances have been presented for your consideration. It is recommended that these amendments and new ordinances be placed before the citizens at the regular Town Meeting. If these are approved and made into law it is felt that many problems will be eliminated and will result in a much safer community.

Respectfully submitted,

GEORGE I. SHAW  
Chief of Police

HARRY S. STEWART, Treasurer  
Thomaston Nurse Association

February 15, 1956

---

The following policies of the Thomaston Nurse Association are reported for the information of the townspeople:

MARY B. GAY, Registered Nurse  
Telephone—Thomaston 337

1. The Nurse's visit shall not, as a rule, exceed one hour daily to each patient.
2. Only obstetric and other emergency calls shall be answered after 5 p.m.
3. The Nurse shall take out-of-town calls for Thomaston doctors only.
4. The Nurse will receive telephone calls between 7 and 8 a.m. and 4 and 5 p.m. Calls received between 4 and 5 p.m. will be answered next morning, unless they are emergency calls. Saturday, Sunday and holidays are the Nurse's free time. Calls for these days will be on order of the attending physician, but the

Nurse will endeavor at all times to respond to emergency calls. If the call is an emergency, it should be so explained to the Nurse.

5. The Nurse is instructed to collect for the Association for each professional visit, a payment of \$.75. However, the services of the Nurse are for all, regardless of ability to pay.

Fees for etherizing and for assisting at surgical operations shall be determined by the attending physician. For obstetrical cases the minimum fee is \$5.00.

It is respectfully requested that all fees be paid at the time of the Nurse's visit, if possible, thereby saving much time in keeping accounts and unnecessary visits for collection.

THOMASTON NURSE ASSOCIATION

Thomaston, Maine

## Thomaston Public Library

---

The affairs of the Thomaston Public Library have progressed in a satisfactory manner during this fiscal year. Quarterly meetings of the Trustees have been held, at which library matters have been freely discussed. At the October meeting it was voted to do away with the supper time closing, and the library is now open from 2 p.m. to 9 p.m. on Monday, Wednesday and Saturday, and from 6:30 p.m. to 9 p.m. on Thursday. This additional service seems to meet with the approval of the towns people.

During the period March 1, 1955 to February 15, 1956, there has been expended for library operation, exclusive of books, \$2,463.28, as follows:

Salaries	\$1,466.63
Janitor	275.00
Rent	462.00
Lighting	73.10
Box Rent	6.00
Safe Deposit Box Rent	11.00
Insurance	39.78
Book Review	6.00
Dues, Maine Library Association	2.00
Supplies	121.77
	<hr/>
	\$2,463.28

This amount is \$236.72 under estimated expense of \$2,700., mainly due to the closing of the Town Books on February 15, resulting in only 11 months expenses being included.

Income from the Trust Funds available for Library maintenance and operation was \$2,185.95 and \$50 was collected in fines.

During the year \$2,000 City of New York 4% Bonds of 1955, and a Sanford Water District 4 $\frac{1}{4}$ % Bond of 1956 matured and were paid—proceeds \$3,000. The Trustees purchased 30 shares of First National Bank of Boston at 66 $\frac{1}{2}$  and 15 shares of First National Bank of Boston at 65 $\frac{1}{2}$  for \$2,977.50 for the general library fund with the proceeds of these bonds.

Many things are needed for efficient library operation. If we are to accommodate the books which we are now able to purchase, additional shelf room must be provided, and at least one book case should be replaced, as it is unsafe. A small table and chairs are needed in the back of the room for use of the children, who are appreciating the library more each year. Therefore, we are estimating our expenses for the coming fiscal year at \$3,200. An appropriation by the town of \$700, plus the income from investments and use of funds already available should enable us to take care of this estimate.

During the year there has been received from Mr. Maurice W. Lord, Trustee under the will of Mrs. Carolin J. Tobey, securities with a cost value of \$9,942.50 and a market value of \$12,690 (at the time of receipt—May 1955) representing the \$10,000 trust fund established by Mrs. Tobey's will for the upkeep of her former residence, this trust fund to become a part of the residue of her estate if her cousins, to whom she willed the house, sold it. They sold the house to Dr. Hochschild, therefore Mr. Lord transferred the securities to the Trustees. The estate has not yet been settled, but to date, including cash and cost value of securities, ap-

proximately \$95,000 has been received. The income from this fund may be used only for the purchase of books, magazines and newspapers. Income from this fund for the period March 1, 1955 to February 15, 1956 was \$2,509.50.

There has also been received from Mr. Maurice W. Lord, Trustee, \$591.60, representing the balance of income on the Trust Fund, after paying certain expenses on the house, from the date the house was sold to the date the securities were delivered to the Trustees. This makes the total amount received for the purchase of books during the period stated above, including \$49 state stipend, \$3,146.10. Expenditures have been as follows:

Books (Fiction and Non-fiction, including a new Webster's Unabridged Dictionary)	\$ 932.80
Reference	
Lands and Peoples	51.00
Americana Encyclopedia	202.75
Book House	65.55
World Book	176.32
Magazines	168.15
Newspapers	56.50
	<hr/>
	\$1,593.07

The balance available for the purchase of books on February 15, 1956 is \$2,035.47.

It is a pleasure to be able to furnish the townspeople with magazines of all types, which could not be done when all that was available for their purchase was the "fine" money. The World Book and Book House have been loaned to the School Department for use at

the Lura Libby School, on the same terms and conditions as books were loaned last year. It is the intention of the Trustees and the Book Committee to co-operate with the School Department whenever possible. The figure \$932.80 includes money spent for many children's books and books purchased from lists furnished by teachers. The Book Committee encourages the submission of lists of wanted books.

The Trustees welcome suggestions from the town's people for bettering library service, and will give any suggestions the consideration which they warrant.

Respectfully submitted,

RICHARD O. ELLIOT

FRANK D. ELLIOT

ALFRED M. STROUT

## Report of Park Commission

---

The following report is submitted by the Park Commission for the fiscal year March 1, 1955 through February 29, 1956. Each year shows some improvement in the park area. At the last annual town meeting you appropriated \$250 for further improvement in the Park. One hundred fifty loads of dirt were purchased to further fill the old quarry. These were then bulldozed in and leveled, so that now all the water area is covered. We plan next year to add to this so that it may be built up as a parking area. Already an improvement has been made in the appearance of what was formerly an unsightly place.

The Park Commission, this year, allotted a section just north of the school as a recreation area; and a baseball diamond for the Little League has been laid

out there. This added a much needed addition to the school playground also.

A riser has been installed at the skating pond, so we now have our own water supply to spray the ice on cold nights. This spraying is done by volunteers at night, and the town is indebted to them for their labor. This is also true of snow removed from the ice, which has been done by Richard Feyler and others. Our thanks to them. This year part of the skating pond was bulldozed to remove the heavy grass and bushes. We hope next summer to do this to the whole pond. Two 1,500 watt flood lamps have been loaned by the Central Maine Power Co. The pond has certainly been used and enjoyed whenever ice was available.

Each year something is accomplished. It is the hope of the Commission that recreational functions will be enjoyed by a large part of our citizens.

**SUPERINTENDENT'S REPORT****1955-56 Fiscal Year**

To the Superintending School Committee and Citizens of the Town of Thomaston:

The annual report of the Superintendent of Schools is hereby respectfully submitted.

**Introduction:** During the past year the public's attention has been focused on education to a greater

extent than usual. Reasons for this include the White House Conference on Education and supplemental local and State meetings; Fleisch's book about Johnny and his reading; and the local development of plans for new school construction. This report will discuss some of the implications of these three things, plus a few other items believed to be of general interest.

**White House Conference:** This education project made studies in the following areas: curriculum content, teacher supply, school organization, plant facilities, financial support of education and public relations.

A major recommendation resulting from the Washington meeting was the advocacy of federal grants for school construction as a solution of the nation wide problem of classroom shortages. Congress is currently considering bills to implement this resolution, but it is difficult at this time to determine when such a bill will be passed, or what its ultimate provisions will be.

The White House conferees also acknowledged the seriousness of the situation relative to the ratio between teacher supply and teacher demand. However, the responsibilities for coping with this problem remain with the separate States and local communities.

The many suggestions which have been made for improving this condition fall into three categories: good community relationships, adequate salaries, and desirable working conditions. By maintaining high ratings in these respects, a municipality fortifies itself to compete for the services of well-qualified competent teachers. It, therefore, becomes the responsibility of each citizen to satisfy himself that his town's efforts along these lines are commensurate with its abilities and resources.

With reference to financing school programs, there seems to be no doubt that costs will continue to rise indefinitely. The answer resolves itself into the following alternatives: continue to provide the major portion of these funds through property taxes at the local level; or, obtain a greater proportion of school revenues from State and/or Federal sources because of their broader tax structures.

**Fleisch on Johnny's Reading:** Although the initial furore over Fleisch's book has subsided, public interest in reading is very much alive. Although the merits of this book are debatable, the important question is, "What kind of a job is actually being done in the teaching of reading?"

First of all, one must bear in mind that learning to read is a much more complex process than sitting down with a youngster and teaching him the sounds. What works with one child doesn't necessarily work with another. Different approaches have to be used, and are being used locally—with considerable phonics included. Many factors are involved in explaining why reading development is more rapid with some children than with others. These and related problems are often discussed between teachers and parents in order to promote better understandings and opportunities for co-operative endeavor.

With this background, you may be interested to know the results of standardized tests given last May. Composite scores for grades two through eight showed that Thomaston's pupils had an average equal to the norms of the nation as a whole. We want to improve on this and the evidence suggests that we are doing so.

These same tests showed that in our elementary grades there were 27 pupils who had already reached

high school achievement levels in reading. They were divided as follows: senior level—2; junior level—3; sophomore level—9; freshman level—13.

No test is conclusive in itself. However, this report may serve to indicate that Thomaston schools compare favorably on a country-wide basis.

**School Plant Facilities:** It is not the purpose of this report to discuss actual proposals for plant expansion. Survey committees working on this problem have done excellent work in assembling information and getting it before the public. Thomaston, and surrounding towns, are faced with critical decisions, and the answers must come from the people themselves.

There are specific factors involved as far as Thomaston itself is concerned. It seems in order, therefore, to list the following ones for consideration:

1. The high school enrollment is expected to gradually increase starting next year. There will be additional classroom needs, even without an expanded program.
2. An extra elementary teacher will be needed next year to avoid a combination grade at the primary level. Classroom space will have to be found somewhere.
3. In 1958-59, it is expected that there will be a need for a second additional elementary classroom.
4. How soon does Thomaston want to provide for a home economics program in the high school curriculum? The cost for such a department will be approximately the same whether a school has 125 students or more than double this number.
5. To what extent is the Town interested in adequate gymnasium facilities? Here again, the cost would

be about the same for a small school as it would for a much larger school.

6. Does the Town want to abandon the Green Street School?

7. If the Town is determined to expand and improve its educational facilities and program, can this be done best by having surrounding towns share in the cost as well as the benefits?

8. In short, what is the best way for Thomaston to get what it wants in accordance with its ability to provide the funds.

You, Mr. and Mrs. Citizen, hold the key to the situation. You must decide what you want, and how it is to be accomplished.

**Faculty Changes:** Although there are three new teachers in Thomaston this year, only one is classified as a replacement. The other two were employed for new positions.

Mrs. Avis Colson replaced Mrs. Hilja Leavitt in the eighth grade following the latter's resignation when her husband returned from overseas duty.

The extra position on the elementary level was filled by Mrs. Ingrid Jamieson. She was assigned to a combination 4th and 5th grade at the Green Street School.

With the introduction of a driver education program at the high school, Seth "Steve" Snipe was elected as instructor for that program and also as a member of the English department.

It seems to me that Thomaston has a very satisfactory corps of teachers and it is sincerely hoped that

next year's replacements will again be held to a minimum.

**Enrollments:** To provide a standard basis of comparison, figures are compiled on December first each year. From this data it is significant to note that for the first time in four years there is a sizable increase in school population, entirely on the elementary level. This figure is up 36 from last year for a total of 439.

There are 10 fewer high school students this year, but 9 of this figure are due to a decrease in the number of tuition students. However, it appears that the high school has reached its lowest total because there are larger eighth grade groups to be advanced from now on. The indications are that next year's gain will approach 20.

Rather than use more space in analyzing school enrollments, an opportunity is provided for comparisons to be made from the following tables:

### I. Comparative Elementary Enrollments

Year	SP	1	2	3	4	5	6	7	8	Tot.
55-56	40	51	55	68	51	49	35	48	42	439
54-55	48	53	62	44	44	37	44	43	28	403
53-54	57	67	48	44	36	46	42	29	31	400

### II. Comparative High School Enrollments

(Note: Figures in parenthesis indicate tuition students, but they are included in the totals.)

Town	Year	9	10	11	12	Totals
Thomaston		29	30	28	18	105
Cushing		1	5	2	2	10
So. Thomaston		2			1	3
Warren		1	1			2
1955-56		33 (4)	36 (6)	30 (2)	21 (3)	120 (15)
1954-55		38 (7)	34 (5)	27 (4)	31 (8)	130 (24)
1953-54		36 (5)	37 (5)	33 (11)	28 (5)	134 (26)

**Textbooks and Supplies:** In general, the situation with regard to these things is favorable. More specifically, local schools are provided with teaching materials to a better than average degree.

This is not to say that we don't have needs, because we do. This is particularly true with relation to dictionaries, supplementary and reference materials, elementary science and high school English and literature texts. An elementary science series has been selected and preparations have been made for placing the books in the schools.

From time to time the trustees of the Thomaston Public Library help with our school needs by providing books on a loan basis. This assistance is hereby gratefully acknowledged.

**Repairs, Improvements, Equipment:** Accomplishments in these areas during the past year include completion of the exterior painting job at the Green Street School; reinforcement of the main stairway at the high school, plus extensive interior painting, patching and resurfacing the walks, storage and conference room improvements, and installation of modern emergency exit hardware at the rear door. In addition to these things, 20 new seating units were purchased as part of a long range program to provide additional seating and to replace old equipment classed as being in fair to poor condition.

The 1955 budget includes allowances by buildings as follows: High School—remodeling as needed, renovating the gymnasium floor, electric wiring improvements, a hard top drive at the rear, an electric typewriter for the business department, and new seating; Green Street School—sump pump, window ventilating shields, and new seating; Lura Libby School—resurfacing the roadway, the start of a hardtop "apron" at

the rear of the building, and an additional chalkboard unit.

It is also planned to do some interior painting at all schools.

**Budget:** It is somewhat difficult to present an objective analysis of school accounts due to the fact that the Town's books were closed half a month earlier this year. This results in a distortion of comparative figures because the 1955-56 year includes 23 payroll periods instead of the usual 24. The net result of this situation is that the estimated increase in expenses appears to be greater than would ordinarily be the case, and the increase in appropriations appears to be less.

Comparative figures show an expense increase of \$14,019, but appropriations will be only \$2,525 above last year's requests. If these figures were adjusted on the basis of a 24th payroll for the year just ended, they would be approximately \$10,747 and \$5,797 respectively.

Despite this unusual situation, tables are presented for your analysis as follows:

### I. Comparative Expenditures

Description	54-55 (24 payrolls)	55-56 Est.* (23 payrolls)	56-57 Est. (24 payrolls)
Instruction	\$58,163	\$65,709	\$77,956
Fuel	2,839	3,419	3,500
Janitors and Supplies	6,632	6,749	7,025
Conveyance	3,936	3,841	4,045
Textbooks	2,773	2,860	2,935
Supplies	1,522	2,008	2,208
Utilities	2,000	2,516	2,575
Ind. Ed. Supplies	950	740	800
Driver Ed. Supplies	none	261	70

Supt. and Office	2,857	2,948	3,415
Repairs	2,500	2,541	3,030
Equipment	2,444	2,668	2,760
Insurance	1,239	1,314	1,274
Fluorine Program	135	150	150
Total Expenses	\$87,990	\$97,724	\$111,743

\*Note: These estimated figures are due to the fact that the budget was made up before the books closed. Actual figures do not vary from these to any great extent.

## II. Comparative Appropriations

Description	Actual 54-55	Actual 55-56	Proposed 56-57
Maintenance	\$61,905	\$76,500*	\$79,700
Repairs	1,773	3,125	2,350
Equipment	2,900	1,900	2,450
Insurance	1,950	1,250	800
Fluorine Program	150	150	150
Totals	\$68,678	\$82,925	\$85,450

\*Includes \$2,000 from Driver Education appropriation.

**Conclusion:** Despite occasional differences of opinion which arise, there seems to be considerable evidence that, in general, Thomaston schools enjoy the Town's wholesome interest and valuable support so necessary for conducting and developing an educational program. It is through mutual objective efforts that the greatest progress results. Therefore, in behalf of all school personnel and officials may I take this opportunity to express thanks and appreciation to all who have favored us with their helpfulness and encouragement.

Most sincerely,

LEWIS E. WEBBER  
Superintendent of Schools

## **PROGRESS REPORT ON MOUTH HEALTH PROJECT**

For the fourth year, during January 1955, Thomaston elementary school children have participated in a dental decay prevention program of sodium fluoride applications and mouth health educational procedures, conducted by a dental hygienist from the Division of Dental Health of the State Department of Health and Welfare.

The children seen in 1955 showed an increase of 72 percent in dental decay needs cared for as compared to the children seen in 1952.

A recent study of 750 children three years after their first participation in this type of program, contrasted with an equal number from towns that do not have a similar program, shows that children who received the sodium fluoride applications have fewer decayed teeth and a larger proportion of children have no decay at all.

---

## **REPORT OF THE SCHOOL SURVEY COMMITTEE**

The following report is presented by the school survey committee which was given the responsibility of gathering and presenting information on the following: (1) to obtain location, plans, and estimates for a new high school and gymnasium; (2) to make plans for the necessary renovations of the present high school for the upper elementary grades; (3) to present ways and means of financing this long range school program; and (4) to explore the possibility of an area high school.

1. A high school building and gymnasium should be ready for occupancy by the fall of 1957, if possible, but not later than the fall of 1958.
2. The new high school building should include seven academic classrooms, a library and study hall combined, laboratory, business education rooms, home economics room, general shop, cafeteria and kitchen, administrative space, and gymnasium-auditorium as per recommendations of the 1955 Survey Committee Report.
3. After meeting with several architects to discuss plans and costs of such a program, the committee finds that, at the present time, it would be difficult for Thomaston alone to finance an adequate high school plant with gymnasium-auditorium except through a special act of legislature.
4. A building of this size, without gymnasium, would cost approximately \$210,000, including equipment, architect's fees, contingent fund and obtaining of land.
5. It would be possible to finance such a building through the Maine School Building Authority on a 25 year plan. The first year's payment on a 25 year plan would amount to \$14,700 on \$210,000, figured at 3% interest, each payment decreasing each year at the rate of \$252.00. It is difficult to determine what the interest rate would be, but it has not yet reached 3% under the Maine School Building Authority.
6. The tax increase under such a plan would amount to \$7.65 per \$1,000.
7. The committee recommends that this new high school building be located near the present athletic field.

8. Renovations on the high school building to house grades 5 to 8 should be made as needed. At the present time, the high school building can be occupied by grades 5 to 8 without any major renovations.

9. The committee, with a representative from each of the towns of Warren, Friendship, and Cushing, has explored the possibilities of an area school.

The committee has found that an area school consisting of Thomaston, Warren, Friendship and Cushing, and containing a total of 16 rooms including special room; and a gymnasium-auditorium would cost \$400,000 with the cost shared as follows:

Thomaston—56%	\$224,000
Warren—22%	88,000
Friendship—14%	56,000
Cushing—8%	32,000

The principal and interest for the first year, based on 25 years, would be as follows:

Thomaston	\$8,960 plus	\$6,720	\$15,680
Warren	3,520 plus	2,640	6,160
Friendship	2,240 plus	1,680	3,920
Cushing	1,280 plus	960	2,240

Thomaston's annual commitment would decrease at the rate of \$268.60 less each year.

10. Maine school statistics show that the complete cost of operating an area school is less than the state average.

Respectfully submitted,

ALBERT HARJULA, Chairman  
RALPH HUNT, Secretary  
MRS. HAROLD DANA  
MRS. DAROLD HOCKING  
CARROLL WALLACE

## Report of Budget and Planning Committee

---

The Budget and Planning Committee, made up of the five selectmen, twelve other citizens of the town, and the Town Manager who meets with us but has no vote, has held ten meetings during the past year. The average attendance was nine, not counting Mr. Fitts. We also met once as a board of appeal without the selectmen preceding one of our regular meetings.

Officers elected for the year were Edward T. Dornan, chairman; William I. Vinal, vice-chairman; and Margaret M. Stone, secretary.

One of the first duties of the committee was to appoint a school survey committee to continue the work started the previous year. Appointed to this committee: Albert Harjula, Mrs. Darold Hocking, Ralph Hunt, and Carroll Wallace.

The board of appeal hearing held in May had to do with rezoning the area at the foot of Creek Hill for commercial purposes. This was recommended and went before a subsequent special town meeting.

In May also, a petition carrying 83 names was presented to the committee for the purpose of having the matter of building a central fire station brought before a special town meeting. The committee voted to recommend this also at an estimated cost of \$38,000.

During the year, plans for having an aerial survey made to furnish maps for the assessors' work were still under discussion. A committee to investigate the idea of a revaluation for the town was appointed as

follows; the Town Manager, assessor Byron Hahn, Albert B. Elliot, Carl Swanholm, and Percy Williams.

Work on the annual town budget and warrant began at the January 23 meeting. When informed that an additional \$10,000 was needed to complete the central fire station, the committee voted to recommend taking \$5,000 from the surplus account and raising \$5,000 by serial notes. A special town meeting on this matter was held February 6, 1956.

It is becoming apparent that a new dump location will be needed before too long. The Town Manager, Robert Blake, and Edwin Anderson were appointed as a committee to seek a new location. A committee is also to be appointed to consider the bad traffic condition existing at the corner of Main and Beechwood Streets.

Meetings are open to the citizen of the town. Regular meetings are held on the second Tuesday of each month.

Respectfully submitted,

MARGARET M. STONE

Secretary

EDWARD T. DORAN

Chairman

---

## Report of Revaluation Committee

---

To the Citizens of Thomaston

The committee appointed by the Budget and Planning Board and Selectmen as authorized at the special town meeting of May 16, 1955 wishes to present the estimated cost and the decisions of the committee in

respect to the revaluation or equalization program. The committee wishes to call your attention to the cost of the program from estimates received from James W. Sewal Co., consulting engineers, and Wright and Price, civil engineers, for photographing, mapping, and plotting the Town of Thomaston; the estimated cost to be \$6,000.00.

The estimated cost of appraisal for tax equalization of all taxable real and personal property in the Town of Thomaston is \$10,000.00, as submitted by Cole-Layer Trumble Co., revaluation and appraisal engineers.

The following breakdown of the appraisal is as follows: for all land, buildings of all residential, commercial, and industrial properties—a fee of \$7,500; and the appraisal of all taxable personal property in all commercial and industrial establishments—for a fee of \$2,500.

The Town has previously appropriated \$4,000 for the purpose of a tax map; and if the amount of \$2,000 is appropriated for the year 1956, this should be the amount necessary for this project.

In consideration of the valuable aid of tax maps to the assessing board and the services of the State Tax Assessors which are available to the local communities, this committee feels that a more equitable assessment may be made with a minimum expenditure by taking advantage of such services as the State Department.

ALBERT ELLIOT, Chmn.  
PERCY WILLIAMS, Sec.  
BYRON HAHN  
CARL SWANHOLM  
LEON E. FITTS

Committee

## Auditor's Report

---

### COMMENTS

#### TOWN OF THOMASTON

MARCH 2, 1954 TO MARCH 1, 1955

An audit of the books and records of the Town of Thomaston has been completed for the municipal year ended March 1, 1955. The audit included an examination of those records maintained by the Assessors, Selectmen, Town Clerk, Tax Collector and Treasurer pertaining to the financial transactions of the Town.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The result of the year's operations showed that available funds exceeded expenditures by \$7,712.14. Unexpended balances and overdrafts are summarized as follows:

Unexpended Balances	\$9,118.72
Overdrafts	1,406.58
Net Unexpended Balances	<hr/> \$7,712.14

### ASSETS

The cash balance of \$21,010.88 was reconciled with the bank statement furnished by the depository. Detail is shown in Schedule A-1.

Transactions affecting tax, tax lien, tax acquired property and accounts receivable were reviewed. Unpaid accounts at the year end were checked and reconciled with balances shown on the records of the Town Manager.

### LIABILITIES

Accounts payable consisted of a tax overpayment of \$3.00 (Schedule A-6). Notes payable from the general fund totaled \$1,600.00 at the year end, representing a sum borrowed for the purchase of a new truck for the highway department.

### RESERVES AND SURPLUS

The net unexpended balances carried forward to the ensuing year in the departmental accounts totaled \$13,975.56 (Exhibit D), an increase of \$1,023.49 over the previous year. The major balances were reflected in the education, health and sanitation, and unclassified accounts in the amounts of \$5,170.23, \$1,970.98, and \$5,853.64 respectively.

The equipment operating account (Exhibit D) realized a net gain for the year's operation of \$423.98, which was transferred to the equipment reserve account. Expenditures from the equipment reserve fund totaled \$2,400.00, leaving a balance in the fund at the year end of \$675.05.

The unappropriated surplus totaled \$13,186.33 at the year end, an increase of \$1,428.56. The increase was occasioned principally by the excess of available funds over expenditures

of \$7,712.14, less a transfer from surplus of \$5,000.00 to the Lura Libby school construction account and notes issued for the purchase of a new truck of \$1,600.00. Detail is shown in Exhibit C.

#### AVAILABLE FUNDS AND EXPENDITURES

An analysis of the statement of available funds revealed an increase of \$68,907.76, as compared with the preceding year. This increase is accounted for principally by notes issued for construction of the Lura Libby School of \$39,000.00, which includes \$12,000.00 in temporary notes and \$27,000.00 in long term notes. The remaining \$1,600.00 of note revenues was for the purchase of a highway truck. A transfer of \$5,000.00 from surplus and an increased tax commitment also contributed to the increased available funds.

Expenditures for the period increased by \$68,740.86, which are reflected almost entirely in the construction of the Lura Libby School addition.

#### DEBT FUND

The debt fund, incorporated in the balance sheet as a separate fund, increased during the year to reflect notes issued for the construction of the Lura Libby school addition. Long term notes issued during the year totaled \$27,000.00. Payments on the long term debt totaled \$6,000.00, leaving notes outstanding at the year end of \$31,000.00 and bonds totaling \$55,000.00, or a total of \$86,000.00 to be paid from revenue of future years.

#### TRUST FUNDS

The various investments, demand and time deposits of the funds held in trust by the Town were examined and listed. Income and expenditures in connection with those funds were reviewed with no exceptions being noted. Bequests and new cemetery perpetual care funds in the amounts of \$10,001.02 and \$2,035.00 respectively were accepted during the year.

#### SCOPE OF AUDIT

Count of cash was made and records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Available funds and expenditures were examined by methods and to the extent deemed necessary. Excise tax collections were verified by examination of the copies retained by the Town Manager. Invoices substantiating expenditures for a selected period were examined with no exceptions noted. Insurance and bond coverages were examined and listed.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at March 1, 1955, and the result of its operations for the year then ended.

## Town Warrant

### State of Maine

County of Knox, ss.

To Guy Robbins, a constable of the Town of Thomaston  
in the County of Knox, GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Thomaston in said County, qualified by Law to vote in town affairs to meet and assemble at Watts Hall in said Town on Monday, the Twenty-sixth day of March, A. D. 1956 at 10:00 o'clock in the forenoon, then and there to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose the following municipal officers:

Selectmen for three years (1) *Brock Chaffey*  
Member of School Committee for three years (1)  
Assessor for three years (1) *Lorraine Kallman*  
Town Clerk (1) *Edna Keyes*  
All other necessary town officers and committees.

Article 3. To hear the report of the municipal officers and take such action thereon as may be desirable.

### ADMINISTRATION

Article 4. To see what sum the town will vote to raise and appropriate for salaries of town officers. Town Manager \$4,200.00, Secretary \$1,825.00, Assessors \$700.00, Town Clerk \$75.00, School Physician and Health Officer \$200.00.

\$7,000.00 Recommended  
*accepted*

Article 5. To see if the town will vote to raise and appropriate the sum of \$750.00 to compensate the Selectmen.

Recommended *not pass*

Article 6. To see what sum the town will vote to raise and appropriate for town expense, including printing, election, general office, audit, and contingent expense items.

\$2,900.00 Recommended

Article 7. To see what sum the town will vote to raise and appropriate for surety bonds of the town.

\$252.00 Recommended *pass*

Article 8. To see if the town will vote to authorize and empower the Selectmen to sell and convey property acquired by the town by tax process, on such terms as they may deem advisable, and to execute quit claim deeds for such property.

Recommended

Article 9. To see what sum the town will vote to raise and appropriate for support, maintenance and repairs of Watts Block.

\$1,000.00 Recommended

#### DEBT SERVICE

Article 10. To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the town, such loans to be paid during the current municipal year by taxes.

Recommended

Article 11. To see what sum the town will vote to raise and appropriate for payment of interest on temporary loans.

\$500.00 Recommended *passed*

Article 12. To see if the town will vote to raise and appropriate the sum of \$1,000.00 for payment due on Serial Notes.

Recommended

Article 13. To see what sum the town will vote to raise and appropriate for interest due on Serial Notes.

\$60.00 Recommended

Article 14. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for payment of school bond due October 1, 1956.

Recommended

Article 15. To see what sum the town will vote to raise and appropriate for payment of interest due on school bonds.

\$875.00 Recommended

Article 16. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for payment due on serial notes of the Lura Libby School.

Recommended

Article 17. To see what sum of money the town will vote to raise and appropriate for interest due on the Lura Libby School Serial Notes.

\$567.50 Recommended

Article 18. To see if the town will vote to raise and appropriate the sum of \$3,000.00 for payment due on serial notes of the Central Fire Station.

Recommended

Article 19. To see what sum the town will vote to raise and appropriate for interest due on the Central Fire Station Serial Notes.

Recommended to transfer \$600.00 raised under Article 6 at special Town Meeting, May 16, 1955, for payment of interest of Central Fire Station Serial Notes.

*sessel*

## PROTECTION

Article 20. To see if the town will vote to raise and appropriate the sum of \$4,800.00 for police protection of persons and property.

Recommended

Article 21. To see what action the town will take with reference to raise the necessary money to cover the street lighting service.

\$2,720.00 Recommended

Article 22. To see what sum the town will vote to raise and appropriate for hydrant rental.

\$3,300.00 Recommended

Article 23. To see what sum the town will vote to raise and appropriate for maintenance of the fire department, including alarm system, storage, supplies, equipment, building maintenance and running expenses.

\$1,580.00 Recommended

Article 24. To see if the town will vote to raise and appropriate the sum of \$1,050.00 for support of the volunteer fire companies.

Recommended

Article 25. To see if the town will vote to raise and appropriate the sum of \$500.00 for salary of the Fire Chief.

Recommended

Article 26. To see if the town will vote to raise and appropriate the sum of \$200.00 for the salaries of the Assistant Fire Chiefs.

Recommended

Article 27. To see if the town will vote to appropriate from surplus the sum of \$5,800.00 for the completion of the construction of the Central Fire Station.

Recommended

Article 28. To see if the town will vote to raise and appropriate the sum of \$750.00 for draining, grading and repairing of sidewalk in front of the Central Fire Station.

Recommended

### HEALTH AND SANITATION

Article 29. To see if the town will vote to raise and appropriate the sum of \$1,600.00 for health and sanitation including sewer maintenance, street cleaning and care of dump.

Recommended

Article 30. To see if the town will vote to raise and appropriate the sum of \$2,400.00 for the support of the Thomaston Nurse Association.

Recommended

Article 31. To see if the town will vote to pay all bills contracted or approved on account of contagious diseases, and to authorize the Selectmen to issue temporary loans for payment thereof.

Recommend \$300.00 and authorize loans in excess thereof.

### HIGHWAYS

Article 32. To see what sum the town will vote to raise and appropriate for repair and maintenance of town roads and bridges.

\$3,700.00 Recommended

Article 33. To see what sum the town will vote to raise and appropriate for Winter and Spring Roads, including snow removal.

\$3,500.00 Recommended

Article 34. To see what sum the town will vote to raise and appropriate for application of bituminous surface to town ways.

\$3,500.00 Recommended

Article 35. To see what sum the town will vote to raise and appropriate for State Aid Road Construction (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Sections 25 and 29, Chapter 20, R.S. 1944 as amended.

\$2,388.00 Recommended

Article 36. To see if the town will vote to authorize the Selectmen to enter into an agreement with the State Highway Commission to expend the anticipated 1957 State Aid Construction appropriation or a part necessary to complete the State Aid Highway No. 4 to Warren town line, said amount to be used in conjunction with the 1956 appropriation.

Recommended

Article 37. To see if the town will vote to authorize the Selectmen to borrow by note an amount necessary to complete the construction of State Aid Highway No. 4, said amount not to exceed the State and Town combined appropriation and to be paid from the 1957 appropriation.

Recommended

Article 38. To see what sum of money the town will vote to raise and appropriate to pay interest on the State Aid Construction Note.

\$100.00 Recommended

Article 39. To see what sum the town will vote to raise and appropriate for repair and improvement of town ways, sidewalks and drainage.

\$2,000.00 Recommended

Article 40. To see what sum the town will vote to raise and appropriate for trimming trees within the limits of town ways, care of mall, and school walk.

\$1,000.00 Recommended

## SCHOOLS

Article 41. To see what sum the town will vote to raise and appropriate for school maintenance. (Estimated need, \$79,700.00)

Recommended

Article 42. To see what sum the town will vote to raise and appropriate for school insurance. (Estimated need, \$800.00)

Recommended

Article 43. To see what sum the town will vote to raise and appropriate for repairs on school buildings. (Estimated need \$2,350.00) *pass*

Recommended

Article 44. To see what sum the town will vote to raise and appropriate for the purchase and repair of equipment for the schools. (Estimated need, \$2,450.00) *pass*

Recommended

Article 45. To see if the town will vote to raise and appropriate the sum of \$150.00 for fluorine treatments for elementary school pupils. *pass*

Recommended

Article 46. To see if the town will vote to join with the towns of Cushing, Friendship, and Warren to form a community school district to be known as "Georges Valley Community School District."

Recommended

Article 47. To see if the town will vote that the district be authorized to acquire and hold property of a value not in excess of \$400,000 for the purpose of operating an area high school. *pass*

Recommended

Article 48. To see if the town will vote to authorize said community school district from time to time to borrow money and issue its bonds and notes therefor in an amount not in excess of \$400,000 outstanding at any one time, exclusive of refundings, for the purpose of acquiring land, constructing and equipping a community school building, or buildings and related recreational and athletic facilities and for other purposes of the district. *pass*

Recommended

Article 49. To see what sum of money the town will vote to be transferred from the Lura Libby School Construction Fund for the construction of a road leading from Park Avenue across the Park land to the rear of the school building and to whom shall be authorized to build said road, subject to the approval of the Park Commission.

\$1,000.00 Recommended

*Passed*

#### AID

Article 50. To see what sum the town will vote to raise and appropriate for support and relief of poor.

\$3,500.00 Town Poor Recommended

\$1,000.00 Old Age Assistance and Veterans Aid Recommended

Article 51. To see what sum the town will vote to raise and appropriate for aid to dependent children.

\$1,500.00 Recommended

Article 52. To see if the town will vote to authorize the printing of the names of those persons receiving pauper assistance in its annual report. (Chapter 351 Public Laws of 1951)

Not Recommended

Article 53. To see what sum the town will vote to raise and appropriate for an aerial map and sectional lot plans of the town.

Recommended \$2,000.00 for Reserve Fund

Article 54. To see if the town will vote to authorize the Selectmen to enter into contracts with the proper State and Federal agencies for financial support in Tax mapping and planning for the Town of Thomaston.

Recommended

Article 55. To see what sum the town will vote to raise and appropriate for support and maintenance of the Public Library.

\$700.00 Recommended

Article 56. To see what sum the town will vote to raise and appropriate for maintenance and improvement of the Town Cemetery.

\$1,600.00 Recommended

Article 57. To see what sum the town will vote to raise and appropriate for Memorial Day Exercises and Decorating Service Men's Graves.

\$150.00 Recommended

Article 58. To see if the town will vote to raise and appropriate a sum of money toward the support of the Knox County General Hospital.

Article 59. To see what sum of money the town will vote to raise and appropriate to pay its share of the cost of the Social Security Plan.

\$700.00 Recommended

Article 60. To see if the town will vote to approve the participation by its employees, other than public school teachers eligible for membership in the Maine State Retirement System, in the Group Life Insurance program provided by Chapter 451 of the Public Laws of 1955, to the full extent of any and all benefits provided in said chapter, such participation to be effective April 1, 1956.

Recommended

Article 61. To see what sum of money the town will raise or appropriate to pay the town's share of the cost of the Group Life Insurance program referred to in the preceding Article.

\$650.00 Recommended

Article 62. To see what sum the town will vote to raise and appropriate for workmen's compensation insurance.

\$600.00 Recommended

Article 63. To see if the town will vote to authorize the Board of Assessors to apply the revenue from the Bank Stock Tax, Railroad and Telegraph Tax and Excise Tax to reduce the tax rate.

Recommended

Article 64. To see what sum, if any, the town will vote to raise and appropriate for the support and maintenance of the Knox County Industrial Development Association to promote industrial development in this area.

\$100.00 Recommended

Article 65. To see whether or not the town will vote to raise and appropriate the sum of One Hundred Dollars (\$100.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the Revised Statutes of 1954.

Recommended

Article 66. To see if the town will vote to pay all bills contracted or approved on account of Civilian Defense and to authorize the Selectmen to issue temporary loans for payment thereof.

Recommended

Article 67. To see what sum the town will vote to raise and appropriate for the maintenance and improvement of parks.

\$300.00 Recommended

Article 68. To see if the Town will vote to amend the article under which the Budget Committee was established, so that the twelve members of the committee, other than the Selectmen, shall be chosen by ballot by the Inhabitants of the Town, the voting therefor to be by Australian Ballot in the manner by which other town officers are chosen, and further provide that the first election therefor shall be held at

the 1957 annual town meeting, at which election four members shall be chosen for the term of three years, and thereafter as the terms respectively expire, four members shall be chosen annually for a term of three years, on the petition of:

Beniah C. Harding	E. F. Woodcock
Edwin F. Lynch	Arthur B. Anderson
Guy Robbins	Donald P. George
Ida May Harding	Roy H. Emerson
Walter J. Strong	Mrs. Roy H. Emerson
Bonnie R. Strong	Oliver B. Hahn
Loomis Bean	Richard E. Thornton
Averill L. Robbins	Walter B. Studley
Alfred Starr	N. F. Stone
J. Warren Everett	Erving Condon
Mrs. J. Warren Everett	Lloyd Beckett
Roy R. Bell	James F. Thornton
Jessie P. Bell	Percy Williams
Harold M. Quinn	O. R. Robinson
Harry S. Stewart	M. J. Carney

A. M. Welch

Article 69. To see if the town will vote to authorize the Selectmen to convey the W. O. Masters Hall property on West Main Street in consideration of an even exchange for the parcel of land and building known as the Bushnell property now owned by the American Legion Post No. 37 or act on anything relating thereto.

The Selectmen hereby give notice that they will be in session at the above named hall and place of meeting on Monday, the day of said meeting, for the purpose of correcting the list of voters, from 9:30 o'clock in the forenoon until the polls are closed.

The Selectmen hereby give notice that the polls shall be open for voting purposes for a period of at least four hours on the day of said meeting, and that the polls will be opened at ten o'clock or as soon thereafter as may be possible in the forenoon of the day of said meeting and that the polls will not be closed earlier than six o'clock in the afternoon of said day.

The Business Meeting will be held at seven-thirty o'clock in the evening of said day.

Given under our hands this Sixteenth day of March, A.D. 1956.

ROBERT H. BLAKE  
ROBERT C. MacFARLAND  
HAROLD P. RICHARDSON

## Selectmen's Letter

---

To the Citizens of the Town of Thomaston:

1956 has been a year of accomplishments.

We have completed the New Central Fire Station and all fire equipment is centralized under one roof.

Beechwood Street has been completed to the Warren Town Line. The road has been turned over to the State which means no funds will have to be raised and the repair and upkeep will be State and not town anymore.

The old Bushnell House in back of the Block has been torn down and no longer continues to be a fire hazzard or a chance for the children of the town to be hurt by accidents.

The Old Counce Fire Station has been torn down by a vote of the town, giving a clearer view of traffic wanting to enter Main Street from Pine Street.

Due to the heavy load of Old Age Assistance, Supplemental Aid, and Veteran Aid, we were obliged to ask for \$2,000 more to complete the year for Town Welfare. We have several cases where special care is needed and no one to care for them. These cases have been placed in Rest Homes where the least possible expense is occurred to the town.

A good start was made in regard to roadway and ditches on lower Gleason Street and with next year's appropriation, we are in hopes to continue the project.

The Selectmen meet every Monday night and the citizens of the town are always welcome to offer their suggestions to make Thomaston a bigger and better town to live in.

Respectfully submitted,

HAROLD P. RICHARDSON, Chairman  
THEODORE GUTOSKE, Secretary  
FRED BURNHAM  
ROBERT MacFARLAND  
BOWDOIN GRAFTON

## Town Manager's Report

---

It is a privilege and a pleasure to submit to the citizens of Thomaston the annual report for the various departments which are under the supervision of the selectmen and manager of your town.

The taxpayer will note in the preceding illustration how the tax dollar is expended by the various departments for those services which the town provides by your annual appropriations.

**Administration—6%** Selectmen meetings are each Monday night at seven o'clock p. m. in order that the selectmen inspect and approve the warrant to authorize payment of town obligations through the treasury and to transact any other business to the best interest of the town. Fifty such meetings (two Monday evenings falling on legal holidays) were held in the past year with an average attendance of 83%, as well as thirteen special meetings and budget meetings.

**Protection—8%** Work on the new fire station was completed and the fire equipment was moved into its new quarters April 30. The volunteer members of the fire department should be commended for their work and interest in the new building and equipment.

The vacancy on the police force, following the resignation of Frank Buzynski, night officer, was filled by Robert Welsh. As you read the report of Chief Shaw, you can really realize the amount of work and protection afforded the citizens of Thomaston at an expense of less than three cents of the tax dollar.

**Health and Sanitation—2%** A new location for the town dump is necessary very soon, since the area

now used is practically filled. Several sites for this purpose have been explored but none is yet available.

Considerable expense could be saved in this department if the general public would place waste over the bank as requested. Those citizens who do not, prevent others from doing so and create further expense in caring for the dump.

Several new sewer entrances have been added to the system by new houses being built, as well as entrances to older homes. This is a good sign of a healthier town.

Full co-operation has been given by your health officer and town nurse in every respect to give townspeople the benefit and protection offered them by several clinics and innoculations against various diseases. The doctors should also be commended for their assistance in the health program.

**Highway—9%** Heavy snowfall and ice conditions after February 15 of last year created heavy expense, requiring expenditures of 60% of our full year's appropriation. A like situation faces us this year.

It is the aim of the department to give the utmost service possible, but due to public demand and ever-increasing use of our streets and ways, it is impossible to meet such emergencies without an increase in highway appropriations.

During the summer months, it is only possible to maintain our streets and roads at their present conditions, when in many cases, improvements should be made. No substantial increase in funds has been given the highway department for such improvements for the last ten years, although supplies and equipment have more than tripled in cost, and wages are well below the state average.

The State Aid Highway has been completed and accepted by the State Highway Commission to the East Warren town line. All future matching funds for such roads will be on reconstruction, which entitles us to a 20% bonus from the State. The town should take every opportunity to appropriate the full amount to accelerate a reconstruction program.

The Town Road Improvement Fund which was available from the state was not expended last season, but will be spent jointly with the 1957 allotment. It is expected to complete the Old Thomaston Road from Buttermilk Lane to the Rockland town line.

**Welfare—3%** An extra appropriation for welfare needs was made necessary at a special town meeting, due to an increased number of patients in convalescent homes, and supplemental needs in Old Age Assistance cases. A similar increase is anticipated for the coming year.

All aid to Dependent Children recipients has been increased in their allotments, making necessary an increase in funds for this purpose. The town is obligated to pay 18% of the amount allotted by the State Department of Welfare.

**Finances—10%** All matured notes, bonds, and interest accounts were paid during the year, and the new budget has been prepared to provide for future payments.

At the close of the fiscal year, a cash balance of \$27,565.15 is in the treasury for the coming months. The unpaid tax account of \$5,977.05 would assist financially and would save interest on money to be borrowed to meet operating costs.

I strongly recommend an interest charge of 6% on all unpaid property taxes after Dec. 1, of each year.

This program would improve tax collection procedures, and prevent interest-free use of town money by the individual taxpayer.

Elsewhere in this report you will find a detailed report of all departments and the auditor's report as required by law. Complete reports are on file at the town office and all records are open for your inspection. The town office is open daily and you are invited to make any inspection you desire. The most courteous service is pledged to you in every respect.

The co-operation of all town employees and citizens, the counsel and assistance of the selectmen and budget committee, which it is my pleasure to continue to receive, is greatly appreciated.

Respectfully submitted,

LEON F. FITTS

Town Manager

BYRON G. HAHN, Chairman  
PERLEY HALL  
BERNARD ROBINSON  
Assessors of Thomaston

## Notice to Taxpayers

---

Before making an assessment, the assessors shall give reasonable notice in writing to the inhabitants by posting notifications in some public place in the town, or notify them in such other way as the town at its annual meeting directs, to make and bring into them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first of April of the same year. If any resident owner after such notice does not bring in such list, he is hereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

Section 36, Chapter 92, R.S. 1954

---

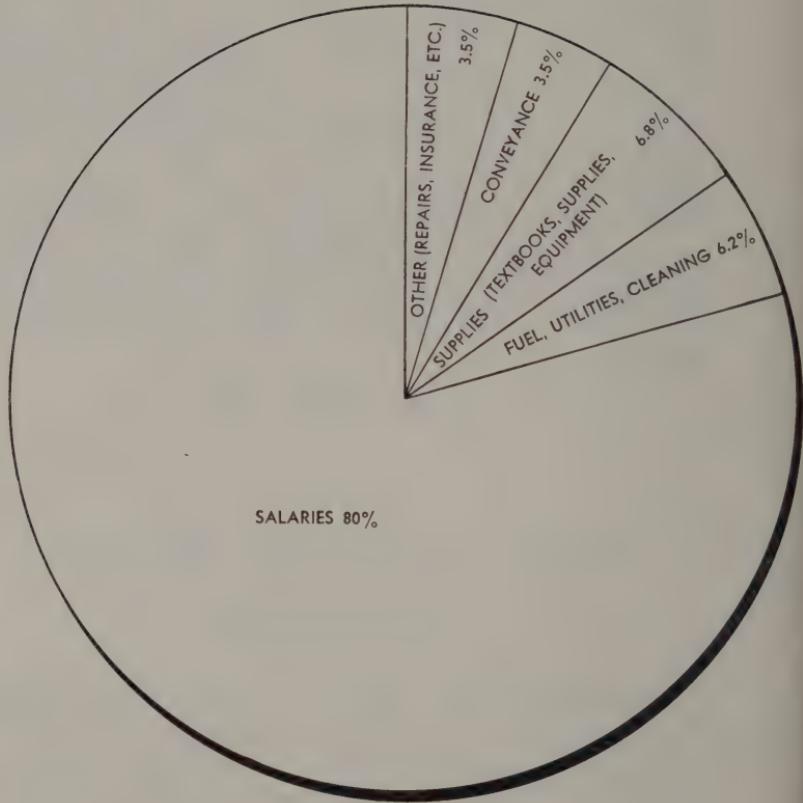

## Notice to Veterans Desiring Exemptions

---

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; and provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement.

Chapter 92, Section 6, Revised Statutes 1954.

All male residents over the age of 70 years desiring exemption from poll tax, shall notify the assessors in writing prior to April 1, 1957.

#### HOW THE EDUCATION DOLLAR IS SPENT

This chart should have been included with the Superintendent of Schools Report. The chart of the Tax Dollar will be found on Page 77.

## Report of Chief of Fire Department

---

To the Town Manager and Board of Selectmen of the Town of Thomaston:

I have the honor to submit herewith the report of the Fire Department for the period ending February 28, 1957.

During the past year the Department responded to a total of 52 calls, one more than the previous year, but, including only one call from out of town. Calls were classified as follows: buildings 10; chimneys 9; grass and brush 13; range and oil burners 5; motor vehicles 6; emergency 6 and miscellaneous 3.

The paramount event the past year was the occupation of the new station, the Department moving in April 30th, the dedication taking place June 25th, with appropriate exercises.

Many additions to the facility have since been made by the men, including a serving counter, additional cupboards and a polished steel backboard around sink.

A Ladies Auxiliary was organized and should prove of much value to the Department and the town in general. Dinner was served by them to the Maritime Academy Band on July 4th, a buffet lunch to the Knox County Firemens Association at their July meeting held with us, and refreshments served at the open house and dedication. A Christmas party to the men and their wives was also given.

From the earnings of their activities they have purchased four dozen each of dinner plates, pie plates

and soup bowls. Other gifts received have been a piano several chairs, 4 dozen coffee mugs, a coffee urn, tableware in addition to some purchased by the Department, kitchen towels and many small items. Other purchases by the Department include 48 folding chairs, an electric stove and refrigerator.

The air compressor for the alarm system was moved from the upper floor of Watts Block into the station and the building piped for tire inflation and bench work at less than cost of an additional compressor which otherwise would have been necessary. Considerable maintenance work has been done on the equipment with no expense other than for materials.

Included in our budget for the coming year is a request for \$513.00 for the purchase of two oxygen masks. Other amounts are routine and merely cover anticipated expenses.

This pretty well covers the activities of the past year, and, in conclusion may I take this opportunity to thank all who have been of assistance to us in any way.

Respectfully submitted

EDWARD A. ANDERSON  
Fire Chief

## Report of Chief of Police

---

To the Town Manager and Board of Selectmen:

Dear Sirs:

During the past year we have had a very sharp increase in all phases of police activities. Realizing the duties of the Police Departments are many and varied, this past year we have had a little of almost every phase of police work.

As you will see by the arrest record a great many arrests have been made. This increase has been due mostly to the fact we have been fortunate enough to have police officers willing to use their own private automobiles for police work without any expense to the tax-payer. The amount of work accomplished however proves it would add to the efficiency of the Police Department if a cruiser car was furnished. It does not seem just right for the officer to have to use his own car chasing speeders and it is necessary to allege the speed and the only way this can be done is to follow in direct pursuit of the violator. Of the 33 arrests made for speeding, many of the cases alleged speeds of 80 and 85 miles per hour. So once again may I say the tax-payer has been very fortunate.

The 3 arrests for Malicious Mischief was the result of vandalism at the cemetery Halloween night. It is difficult to understand why juveniles feel that they should be allowed to commit all types of destruction to property and acts of vandalism on Halloween night. As stated in a previous report it isn't so much Juvenile Delinquency as it is parental delinquency, not only on Halloween but every day and night of the year. This past year we have had reported more broken windows from the so-called B. B. guns than ever before. Parents should not allow their children to have the use of these guns unless there is some adult with them to properly

supervise the use of the B. B. guns. Parents should know by now that if you give a child a gun they most certainly are going to use it, and too many children do not have the proper respect and regard for other peoples property. Therefore it is the duty of each and every parent that buys a gun for the child to see to it that the use of the gun is supervised. Street lights make another good target and every year during the past few years well over 100 street lights have been broken. This created a large expense to the tax-payer.

The following table of arrests is presented for your consideration.

Attempted Larceny of Motor Vehicle	1
Aiding to Truancy	3
Defective Equipment	3
Disregarded Stop Sign	6
Drinking in a Public Place	10
Driving to Endanger	1
Hitch Hiking	1
Illegal Possession of Malt Beverage by a Minor	4
Improper Registration	2
Intoxication	5
Keeping a Vicious Dog	1
Leading an Idle or Vicious Life	1
Making Unnecessary Noise (Automobile Muffler)	3
Malicious Mischief (Cemetery Vandalism)	3
Misuse of Operators Instruction Permit	1
No Inspection Sticker	2
Operating after License Suspended	1
Operating under the Influence of Intoxicating Liquor	2
Operating without a License	14
Passing where view was Obstructed	6
Speeding	33
Truancy	3
Total Arrests	106

We also show an increase in the number of warning tags issued with the majority of these tags being issued for Parking all night on a public street during the winter months. I feel it is no more than fair to explain to our motorists that if a car is left on any Public Street and it is necessary to get the snow plows out in the middle of the night the cars will be towed off the streets at the expense of the owner. We will definitely tow off any car that interferes with snow removal. An ordinance is still awaiting approval of the Budget Committee to be presented to regular Town Meeting to allow the Town to charge a fee of 50c for each parking violation. This would definately reduce to a great extent many of our parking violations. I hope after studying the following breakdown of the parking violations consideration will be given to this ordinance.

Parked all night on Public Street during Winter Months	32
Parked in Restricted Zone	11
Parked on Sidewalk	1
Parked on Wrong Side of Street	8
Parked over 2 hour limit	8
Parked to interfere with Snow Removal	1
Parked with Rear End Backed to Curb	2
 Total Parking Violations	 63

---

Under other activities of the Police Department the Complaints and Investigations have showed an increase which would indicate one of two things, either people are getting more police conscious and requesting more service or there has been a lot more things happen that had to be called to the attention of the Police Department. We hope it is because the people are becoming more police concious and are using this service. The time is fast approaching when the Police Department will have to be enlarged to give the

service requested and I would most certainly like to see a department large enough to give 24 hour service 7 days a week instead of the present 16 hours a day 6 days a week. There was a time when the State Police and Sheriffs Departments could be called upon anytime when our officers were not available and service furnished. This has been a great help to both this Department and the people and we want to express our appreciation to these other Departments. These Departments are always willing to co-operate but this past year we have had 17 calls to assist other departments which we are more than willing to reciprocate but this will show the great demand upon manpower of all the Law Enforcement organizations within the county. All of these other Departments have had large increases in their work as well as we have. Other activities of the Police Department include,

Complaints and Investigations	79
Accidents Investigated	11
Doors found Unlocked	13
Insane Commitments	1
Stray Dogs picked up and disposed of	3
Street Lights reported out	150
Truant Notice Served	8
Vagrants	2
Calls to Assist other Departments	17

#### Conclusion:

I don't believe very many people realize the tremendous increase in local traffic. Ownership of automobiles has increased many times over during the past few years and as usual our traffic situation is our biggest problem. Then add to the already heavy local traffic, our tourist traffic during the summer months, there are times when our streets are not adequate to cope with the conditions. We are commencing to get hard pressed for parking areas. For some reason our motorists do not want to use the park-

ing area at the rear of the block on the north side of Main street. There is plenty of space available out back and suitable for parking. Maybe if proper signs were put up indicating the parking area it might be used more. One thing is certain though and that is we have got to have more room. This problem should be given careful consideration at the earliest possible convenience.

Respectfully submitted,

GEORGE I. SHAW  
Chief of Police

---

## Report of Park Commission

---

The following is a report of the Park Commission for the fiscal year, February 15, 1956 through February 15, 1957. Further improvements have been made in the park area. Last year you appropriated the sum of \$300.00 for improvements and maintenance in the Park area.

Further progress was made in filling the old quarry. Over 800 cubic yards of dirt was hauled in and was leveled off, making additional parking area and further improving the appearance of the Park. Another year should complete the filling. The members of the Commission are hopeful that the town will appropriate further funds so that the work may be carried on and that eventually the Park will be a place where all of our citizens may enjoy some phase of recreation.

The skating pond continues to be a source of enjoyment when the weather makes skating possible.

This year through the courtesy of Fred Black, who loaned us his burner, we were able to have the grass burned before the area was flooded. Thanks are due to Arthur Henry for hauling the burner. Our thanks also to Adriel Fales for spraying the ice on several occasions and to Richard Feyler for keeping the area clear of snow. It is because of this voluntary help that our youngsters and older people have had this enjoyment. Two flood lights were loaned by Central Maine Power Co., making night skating more enjoyable.

We are hopeful the town will appropriate further funds this year in order that the Commission may make improvements in the Park.

## Thomaston Public Library

---

The affairs of the Thomaston Public Library have progressed in a satisfactory manner during this fiscal year. Quarterly meetings of the Trustees have been held, at which library matters have been discussed freely with a view to improving service to the townspeople.

During the period February 16, 1956 to February 15, 1957, income and expenditures for General Library Operation have been as follows:

### Receipts

Dividends, etc.	\$2,464.97
Fines	64.38
Town appropriation	700.00
	<hr/>
	\$3,229.35
Cash Balance Feb. 15, 1956	510.44
Total available for Library Operation	<hr/> \$3,739.79

### Expenditures

Salaries:	\$2,066.66
Librarian	1,166.66
Assistant	600.00
Janitor	300.00
	<hr/>
Rent	504.00
Lighting	90.75
Post Office Box Rent	6.00
Insurance	39.78
Dues—Maine Library Assoc.	2.00
Card File	131.00
Table and Chairs for Children	90.01
Miscellaneous	20.02
	<hr/> 2,950.22
Cash Balance February 15, 1957	<hr/> \$ 789.57

Estimated expenses for the fiscal year ending February 15, 1958 are as follows:

Salaries	\$2,100.00
Librarian	\$1,200.00
Assistant	600.00
Janitor	300.00
Rent	504.00
Lighting	100.00
Post Office Box Rental	6.00
Dues Maine Library Assoc.	2.00
Safe Deposit Box Rental	11.00
Miscellaneous	50.00
New Book Stack	250.00
	<hr/>
	\$3,062.78

Considering the cash balance on hand, and assuming the income from investments will be no less than the past year, it will not be necessary to ask for an appropriation from the town at this town meeting, but it will be necessary to do so next year.

The estate of Caroline J. Tobey has not yet been settled. The only change in the Book Fund Account during this fiscal year has been the addition of \$488.50 received from the sale of jewelry and \$155.30 received from the sale of rights in the Maine Bonding and Casualty Co. These amounts have been added to the principal of the fund.

Income and expenditures from the Book Fund have been as follows:

Fiscal Year	Income	Expenditures
1953-54	\$ 154.62	\$ 144.24
1954-55	2,111.50	1,614.44
1955-56	3,146.10	1,618.07
1956-57	2,695.00	1,684.32
	<hr/>	
	\$8,107.22	\$5,061.07
Cash Balance February 15, 1957		\$3,046.15

An analysis of the expenditures from the Book Fund this year follows:

Books—Fiction and non-fiction purchased	\$ 852.76
Magazines	149.45
Newspapers	59.50
Encyclopedia and Reference Books	227.94
Dictionaries for use in the schools	394.67
	<hr/>
	\$1,684.32

These dictionaries, 150 in number, have been loaned to the schools on the same basis as other reference books. They are invaluable in furthering vocabulary work in the grades. There has also been purchased a fine selection of children's books which may be taken out by the teachers for class room work. A new card file and a low oblong table and six matching chairs for use of the children have been installed at the rear of the room. Purchase of a new book stack is pending.

The Book Committee has had frequent meetings and has endeavored to purchase books which will suit all tastes. It helps the Committee a great deal to have lists of wanted books furnished. Requests for books may be given to the Librarian at any time. The Committee has also purchased books from list furnished by the various teachers. It is a pleasure to be able to meet their requests.

The Trustees and the Library Staff are anxious to serve the townspeople. May our library grow in service to you all.

Respectfully submitted,

RICHARD O. ELLIOT  
FRANK D. ELLIOT  
ALFRED M. STROUT

**SUPERINTENDENT'S REPORT**

To the Superintending School Committee and Citizens of the Town of Thomaston:

The annual report of the Superintendent of Schools is hereby respectfully submitted.

**State Aid for Education:** During the past two years the Maine Legislative Research Committee has been working on a study on the needs of education and how education should be supported in the State of Maine. J. L. Jacobs and Company of Chicago, Illinois has been the consultant and technical advisor. As the

result of this two-year study a report to the 98th Legislature known as the Jacobs Report has been made.

Mr. Jacobs found:

(1) That Maine could afford a better education program than was being supported.

(2) In some instances re-organizations would be necessary to eliminate wasting the State assistance in the operation of unnecessary small schools.

(3) Teachers' colleges need to be strengthened to provide better quality of training for its graduates.

(4) Teachers' salaries are too low to be consistent with a good program of education.

The Jacobs Report recommends:

(1) The expenditure of approximately \$3,000,000 of additional money by the State Legislature in assisting schools.

(2) Communities be encouraged to re-organize into school districts large enough to support a secondary school whose minimum enrollment shall be not less than 300 pupils.

(3) That a minimum salary schedule be adopted by the Legislature consistent with salaries paid in other states in New England of equal wealth.

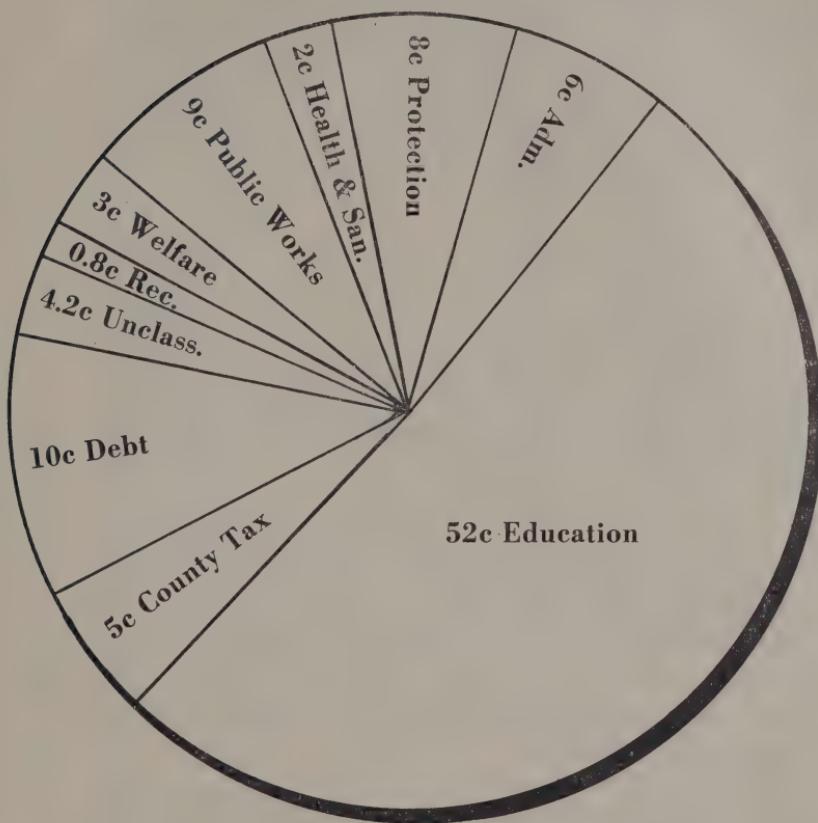

(4) That extra subsidy be paid to towns that re-organize to form efficient school districts and assistance be given them to construct school buildings as they may need them.

(5) That a division of planning and research be added to the State Department of Education.

(6) Additional aid be given to teachers' colleges to help them meet national accreditation standards.

This is the first survey that has been made of education in the State of Maine since 1934. At that time

a similar survey was made by Dr. Mort of Columbia University. The report was made, filed with the Legislature and nothing further was done. This can easily happen to the Jacobs Report. It needs the study and action of every citizen in the State. The weaknesses and strengths of the program should be studied and recommendations for the good of all the boys and girls accepted. Will you help?

This graph illustrates how the money raised for education purposes by the town of Thomaston is spent. As you see, salaries, school conveyance, fuel, utilities and insurance represent at least 90 percent of the cost. These charges are fixed commitments from one year carry over into the next. The amount of change in a given year represents a very small share of the total.

Only 10 percent of the expenditures—textbooks, supplies and schoolhouse repairs—are not committed in its entirety when appropriated at the annual town meeting. Expenditures for these items have been estimated to provide a reasonable amount of working tools for our teachers and to continue our buildings in their present state of repair.

Anticipating continued enrollment increases, two new teachers will be needed in the fall of 1957, if we are to maintain a reasonable class size found in good schools.

Salaries estimated allow for increments equal to the increase in the basic minimum salary required to employ beginning teachers to fill anticipated vacancies. It will be impossible to grant increments to place our experienced teachers at the top of the salary schedule established in 1954. We owe it to them to reach this level as soon as possible.

**I. Comparative Expenditures**

## READING IN THE PRIMARY GRADES

### SUBPRIMARY - GRADE 3

In order that Johnny may be a good reader, our program, like all building projects, required a sturdy foundation and good tools with which to work.

Every child should enjoy the experience of learning to read, and success is essential for enjoyment. The child who is successful in his initial attempts is eager to do more reading and tends to meet the whole learning process with pleasant anticipation.

**Pre-Reading Program:** Readiness is the preparation of the child for associating spoken and printed language. The teacher can achieve this goal only on the basis of intimate knowledge of each child's physical, social, emotional and mental maturity.

Usually the classes are divided into three groups according to ability and maturity. The sub-primary of Thomaston is provided with three reading readiness workbooks. The first is designed especially for the immature child providing oral language development. The second is to give extra growth, and the third is a comprehensive book that provides the main core of the basic Pre-Reading Program and is used by all children immediately preceding the first pre-primer reader. Reading tests are available at this period, providing a basic and effective measure of pupil's readiness for printed language.

At pre-primer level the child begins to associate oral and printed language, and prepares to establish a sight vocabulary. Introduction to phonetic analysis is provided beginning with rhyming words and the beginning consonants. Children who have acquired the necessary reading-readiness skills are now introduced to the printed symbol, and reading experience in which

they can succeed, and which will, in turn foster feeling of security and satisfaction.

**Grade I:** Grade one takes the child at his varied degree of readiness. The sequential order of the basic system is followed, supplemented by related pre-primers, primers and first books for promotion of enrichment and greater development of phonetic skills.

Daily progress of the child is observed as an index of weaknesses and areas of needed help so skills and abilities may be extended and good habits formed. Through the use of suitable devices and materials available for meeting the individual needs within each group, the child is enabled to reach the goal of grade one: to experience the satisfaction that comes from being able to read "on his own."

**Grade II:** At Book Two level, as a part of the total reading process, the child applies the skills he has acquired at previous levels to analyze independently:

- (1) Compounds made up of two known root words.
- (2) Inflectional variants formed by adding 's, **d**, **ed** and **ing** to known words. He also learns to use structural analysis of attack words.

Phonetic analysis enables the child at this level to derive the pronunciation of many printed words the first time he encounters them. To use phonetic analysis at any level, the child must be able to identify the sounds that we use in spoken language and associate them with letter symbols in printed words.

Great emphasis is now placed upon the long and short sounds of the vowels.

There are more characters in the Book Two stories and the characters exhibit increasing social responsi-

bility. The story situations, which involve group and neighborhood relationships, are themselves more complex.

**Grade III:** In Grade Three the children complete two basic readers and two or three supplementary readers including workbooks. The children are encouraged to read voluntarily from the room books also.

Flexible grouping takes care of individual differences because it allows the children to read in the groups where they can do their best work. By the end of the third grade a knowledge of phonics and phonograms is such that a child can discover for himself any word on his grade level. He should understand and be able to use all words on his grade level.

**Promotion:** It is unfortunate to promote the child who is not mature socially, mentally, emotionally, and physically according to the accomplishments of the majority. So, the major portion of those retained falls in the primary grades.

**Conclusion:** The teaching of these skills in each grade allows the pupil to progress at his own rate, building a foundation of skills and abilities that will enable him to read independently at early levels.

### High School Program

Thomaston High School offers a program compared favorably in quality with other secondary schools in Maine of equal size. Our college preparatory course includes all of those subjects necessary for admission into all of the colleges in the New England states. Further provision is made for children to take correspondence courses under the direction of our high school principal when needed for admission to certain specialized schools.

For the non-college student there is available an Industrial Arts program providing work experience in four fundamental fields: woodworking, metal working, tin knocking, and electricity. Commercial subjects are offered for those boys not interested in Industrial Arts and is our only offering for non-college preparatory girls. Our program lacks Home Economics offered by 70 per cent of the public high schools of similar size in Maine and Physical Education, a legal requirement of all secondary schools, but at the present time not enforced by our State Department of Education.

In planning for the next two or three years special attention should be given our science laboratory to improve the practical phases of our Science courses.

#### **Physical Education**

Some thought should be given to providing Physical Education for all of our pupils in the elementary and secondary schools. It can be made available only as facilities for showers, adequate locker rooms and covered play areas for inclement weather become available.

In setting up a well coordinated program there are six primary factors included in it:

- (1) Include a large variety of activities.
- (2) Activities carefully selected.
- (3) Stressed equally for boys and girls.
- (4) Adapted to the needs of individuals.
- (5) Competent leadership.
- (6) Have and keep the full support of the public.

One of the cardinal principles of public education is worthy use of leisure time. It is through the Physical Education program that we can hope to change our

boys and girls, young men and young women from observers of physical activities to participants. Participation is far more important than observation.

### Conclusion

The public schools of Thomaston are a reflection of the interest of an active P.T.A., other interested citizens and a competent staff of teachers. Those of us on the professional staff hope that we may continue to enjoy your confidence in the future as we have in the past.

Most sincerely,

PRISCILLA CROCKETT, Principal  
Lura Libby School

ERNEST J. GUIMOND, JR., Principal  
Green Street School

CARROLL N. WALLACE, Principal  
Thomaston High School

O. J. GUPTILL, JR.,  
Superintendent of Schools.

## Report of the Budget and Planning Committee

---

The Budget and Planning Committee held nine regular and seven special meetings during the past year, with an average attendance of eleven. This committee is made up of the five selectmen, twelve other citizens of the town, and the Town Manager.

Edward T. Dornan was re-elected chairman, and Mrs. Forest W. Stone, secretary. Norman Connon was elected vice-chairman.

The major portion of our time this year was spent in the study of the facts on revaluation. In connection with this, we have heard the following speakers: Two representatives of Wright and Pierce, tax mapping service of Topsham; Elden Shute, Waldoboro Town Manager; Lloyd Allen, Rockland City Manager; and Thomas Meunier of Coley, Layer and Trumbell.

Advantages appear to be equalization of taxes and benefit to the assessors of having facts to work with, rather than opinions. Opponents of the plan feel it is a great deal of money to spend without expecting much in the way of a monetary return. Figures show that most places find about 25% of taxes are raised, 25% are lowered, and 50% remain the same. A hearing is always held before estimates become final. When the vote was taken by members of the committee, Edward Dornan, Byron Hahn, Norman Connon, Theodore Gutoske, Leon Fitts, and Margaret Stone were in favor of the plan. Percy Williams, Bowdoin Grafton, Frank Elliot, and Orrin Benner were opposed. Fred Burnham did not vote and other members of the committee were not present.

The town has already voted \$6,000.00 for tax mapping, leaving an estimated \$10,000.00 needed for revaluation. \$3,000.00 of this amount is recommended to be raised this year should the vote be favorable.

Negotiations have been going on throughout the year for a new dump location but none has been definitely decided upon to date. The town manager recommends that the present dump be closed as soon as another location can be found. Discussions of all matters brought before the committee are thorough and recommendations are reached after much study. For example, 13½ hours were spent on the school budget alone.

Regular meetings are held on the second Tuesday of each month with the exception of July and August when we recess. Special meetings are called by the chairman or town manager. Citizens are welcome to attend, or to present ideas and suggestions.

Respectfully submitted,

EDWARD T. DORNAN  
Chairman

MARGARET M. STONE,  
Secretary.

## Auditor's Report

---

### COMMENTS

#### TOWN OF THOMASTON

MARCH 2, 1955 TO FEBRUARY 15, 1956

An audit of the books and records of the Town of Thomaston has been completed for the municipal year ended February 15, 1956. The audit included an examination of the records maintained by the Assessors, Selectmen, Tax Collector, Treasurer, and Town Manager, and the town meeting records of the Town Clerk.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The result of the year's operations showed that unexpended balances exceeded overdrafts by \$6,676.32 (Exhibit D). Unexpended balances and overdrafts are summarized as follows:

Unexpended Balances	\$8,534.13
Overdrafts	1,857.81
<hr/>	
Net Unexpended Balances	\$6,676.32

Overdrafts were noted in various operating accounts in a total amount of \$1,857.81 (Exhibit D). In this connection, it would appear that the Town Officers in general lack authority to expend greater amounts than those approved by the town-people at town meetings.

### RECOMMENDATIONS

Interest should be recorded on trust fund savings deposit books at the end of each year.

The monthly bank statement should be reconciled with the Treasurer's cash book at least monthly, including the compilation of a list of outstanding checks. This should include separate reconciliations of the various trust fund accounts, as well as the general fund account.

Consideration should be given to the consolidation of insurance coverage into two or three schedules, rather than to continue to purchase sixty to sixty-five separate policies as is being done at the present time.

The cash balance of \$31,069.36 was reconciled with the bank statement furnished by the depository (Schedule A-1).

Transactions affecting taxes receivable, tax liens, tax acquired property, and accounts receivable were reviewed and reconciled with balances shown on the records of the Town Manager.

### LIABILITIES

Accounts payable totaled \$3.00 carried forward from the previous year (Schedule A-6). All notes payable were deter-

mined to be valid charges against future years revenues and are reflected under the debt fund.

#### RESERVES AND SURPLUS

The net unexpended balances carried forward to the ensuing year in the departmental accounts totaled \$27,300.31 (Exhibit D), and consisted principally of Fire Station, education, and unclassified balances carried forward to the ensuing year.

The highway equipment reserve account at the year end totaled \$75.05, a decrease of \$600.00 as compared with the previous year. This decrease was caused by the expenditure of \$600.00 from this account for the purchase of a pickup truck, as authorized by vote of the Town.

As a result of the audit, a Treasurer's suspense account was established in the amount of \$108.00, representing an overage in the Treasurer's cash in that amount. It is felt that the source of these funds may be determined during the next year's operation, in which event they may be credited to the proper account.

The unappropriated surplus at the year end totaled \$16,032.18, an increase of \$2,845.85 over the previous year (Exhibit C). This increase was occasioned principally by the excess of available funds over expenditures less approved transfers to several operating accounts.

#### AVAILABLE FUNDS AND EXPENDITURES

An increase in available funds in the amount of \$12,128.17 was largely accounted for by an increased tax commitment (Exhibit B). Expenditures increased by \$13,163.99 which were reflected principally in the protection account for the construction of a new Fire Station.

#### DEBT FUND

The debt fund, incorporated in the balance sheet as a separate fund, increased during the year to reflect notes issued during the year for the construction of a new Fire Station in the amount of \$43,000.00. Long term notes and bonds paid during the year totaled \$11,000.00. Notes and bonds outstanding at the year end totaled \$118,000.00 (Schedules A-10, A-11).

#### TRUST FUNDS

The various investments, demand and time deposits of the funds held in trust by the Town were examined and listed. Income and expenditures made in connection with these funds were reviewed with no exceptions being noted. Detail of trust fund operations is shown in Schedules A-12, A-13, A-14, and A-15.

#### SCOPE OF AUDIT

Count of cash was made and records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Available funds and expenditures were examined by methods and to the extent deemed necessary.

Letters of verification were used to determine the correctness of recorded assets and liabilities, including notes and bonds payable. Trust fund investments were verified by physical examination, while demand and time deposits were verified with the depository. Excise tax receipts were verified by examination of the copies retained by the Collector.

Receipts and deposits were examined in detail for the entire period. Vouchers, warrants, and cancelled checks were examined for a selected period.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at February 15, 1956, and the result of its operations for the year then ended.

## Town Warrant

---

### State of Maine

To Guy Robbins, a constable of the Town of Thomaston  
in the County of Knox, GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Thomaston in said County, qualified by Law to vote in town affairs to meet and assemble at Watts Hall in said Town on Monday, the Twenty-fifth day of March A. D. 1957 at 10:00 o'clock in the forenoon, then and there to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose the following municipal officers:

Selectmen for three years (2)

Member of School Committee for three years (1)

Assessor for three years (1)

Town Clerk (1)

Member of the Budget Committee for three years. (4)

All other necessary town officers and committees.

Article 3. To hear the report of the municipal officers and take such action thereon as may be desirable.

Article 4. To see if the town will vote to carry forward the unexpended balances as shown below in their respective accounts.

A—Fire Station Construction	\$ 308.62
B—Fire Station Equipment	159.29
C—Fire Station Grading	46.10
D—Social Security	54.41
E—Withholding Tax	511.01
F—Kossuth Street Sewer	1,280.98
G—Lura Libby School Road	1,000.00

## ADMINISTRATION

Article 5. To see what sum the town will vote to raise and appropriate for salaries of town officers. Town Manager \$4,200.00, Secretary \$1,825.00, Assessors \$700.00, Town Clerk \$75.00, School Physician and Health Officer \$200.00.

\$7,000.00 Recommended

Article 6. To see what sum the town will vote to raise and appropriate for town expense, including printing, election, general office, audit, and contingent expense items.

\$2,800.00 Recommended

Article 7. To see what sum the town will vote to raise and appropriate for surety bonds of the town.

\$252.00 Recommended

Article 8. To see if the town will vote to authorize and empower the Selectmen to sell and convey property acquired by the town by tax process on such terms as they may deem advisable, and to execute quit claim deeds for such property.

Recommended

Article 9. To see if the town will vote to fix a date when taxes shall be due and payable and to see if the town will fix rate of interest to be charged on taxes unpaid after said date.

Recommended - That taxes will become due and payable on December 31 next after commitment and all taxes unpaid after said date shall bear interest at the rate of 6% per annum.

Article 10. To see what sum the town will vote to raise and appropriate for support, maintenance and repairs of Watts Block.

Recommended - To raise and appropriate the sum of \$1,500.00 and to transfer \$2,000.00 from surplus.

## DEBT SERVICE

Article 11. To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the town, such loans to be paid during the current municipal year by taxes.

Recommended

Article 12. To see what sum the town will vote to raise and appropriate for payment of interest on temporary loans.

\$500.00 Recommended

Article 13. To see if the town will vote to raise and appropriate the following sums to reduce the Town indebtedness and to pay interest charges on same.

A—Serial Notes (Parking Lot and School)	\$1,000.00
B—Serial Notes Interest	30.00
C—School Bonds	5,000.00
D—School Bond Interest	787.50
E—Fire Station Serial Notes	3,000.00
F—Fire Station Note Interest	961.00
G—Lura Libby School Serial Notes	5,000.00
H—Lura Libby School Note Interest	338.72

Recommended

Article 14. To see if the town will vote to raise and appropriate the following amounts for payment of notes authorized by special Town meeting.

A—Welfare Note	\$2,000.00
B—Counce Building Note	500.00

Recommended

Article 15. To see if the town will vote to raise and appropriate the following amounts for interest on short term notes.

A—State Aid Highway Note \$4,776.00 @ 3%	
Six Months	71.64

B—Welfare Note	2,000.00 @ 3%
	Six Months 30.00
C—Counce Building Note	500.00 @ 3%
	Six Months 7.50

Recommended - To reappropriate \$100.00 from 1956 State Aid Note Interest and raise and appropriate \$9.14.

### PROTECTION

Article 16. To see if the town will vote to raise and appropriate the sum of \$5,225.00 for police protection of persons and property.

Recommended

Article 17. To see if the Town will vote (a) to enter into a street lighting contract with Central Maine Power Company for a term or not less than ten (10) years covering the Town's existing street lighting system and such additional installations as may be installed in accordance with the provisions of the contract; the Town to pay to Central Maine Power Company for the street lighting service furnished and delivered to it under the provisions of the contract the sums prescribed by the Company's applicable rate schedule, which in no event shall be less than 90% of the maximum amount of the Company's monthly billing to the Town for the street lighting service contracted for under the Company's applicable rate schedule during any previous twelve months' period expiring on the anniversary date of the contract, and (b) to authorize the Selectmen or the Town Manager to execute and deliver to Central Maine Power Company said street lighting contract.

Recommended

Article 18. To see if the Town will vote to raise and appropriate the sum of \$2,790.00 necessary to cover the street lighting service furnished to the Town for the current fiscal year under the contract with Central Maine Power Company.

Recommended

Article 19. To see what sum the town will vote to raise and appropriate for hydrant rental.

\$3,300.00 Recommended

Article 20. To see what sum the Town will vote to raise and appropriate for maintenance of the fire department, including alarm system, storage, supplies, equipment, building maintenance and running expenses.

\$1,900.00 Recommended

Article 21. To see if the town will vote to raise and appropriate the following amounts for support of volunteer firemen and fire chiefs.

A—Volunteer Firemen	\$1,050.00
B—Fire Chief	500.00
C—Assistant Fire Chiefs	200.00

\$1,750.00 Recommended

Article 22. To see if the town will vote to raise and appropriate the sum of \$513.00 to purchase two Air Pacts and two extra oxygen cylinders for the Fire Department

Recommended

Article 23. To see if the town will vote to raise and appropriate a sum of money for installation of an additional street light on School Street near Main. (necessary amount \$19.80)

On Petition of:

Christine Moore	Nellie Starrett

## Town Manager's Report

To the Selectmen and Citizens of the Town of Thomaston:

I am pleased to submit to the Selectmen and Citizens of the Town of Thomaston the annual report of the various departments for the fiscal year ending February 15, 1958.

This book presents the financial conditions of the town, with departmental statements of receipts and disbursements in a condensed form. A more detailed record is on file at the Town Office, which you are welcome to inspect.

A graph, showing the percentage of the tax dollar provided for the needs of each department, has been inserted for study by the taxpayers.

**Administration-5%.** Regular meetings are held each Monday night at 7 p. m. by the selectmen and manager to attend to their duties and to serve the citizens of Thomaston. Other phases of administration includes the services of Town Clerk, Assessors, Health Officers, Secretary and Auditor, Election Officials, and general contingent expense items.

**Protection-6%.** Protection to people and property are furnished by the services of the Fire Department, Police Department, and by our street lights.

In the past year the new fire station has been a place of activity and service to the public as shown by the report submitted by the Fire Chief.

Through the efforts of the volunteer firemen, many improvements have been made to the station and equipment. A two-way radio and base station has been installed on a Knox County Fire Department frequency, assuring direct contact with other fire departments. By mutual agreement greater fire protection is available to the property owners.

A new rescue mobile unit has been furnished by the Knox County Civil Defense and made available to the Citizens of Thomaston at no additional expense. Although this is not primarily fire-fighting equipment, it can assist the department in many of its public services in emergency calls or conflagration.

Two oxygen Air Packs have been added to the equipment. These will prove to be of great value in any building fire.

There has been a complete change in the personnel of the police department. The resignation of Chief George Shaw became effective December 14. His office was filled by appointment of the regular officer Alfred Teel; with Richard Hocking being appointed as regular officer in February. The report of the Chief shows the growing demand of the services of this department and the kind of services provided by your appropriation.

**Health and Sanitation-2%.** Due to the extra dry season and the reduced flow of water in our sewer system, much time and money was spent to flush the sewer lines and to prepare them for winter. Several new sewer entrances were installed during the past year.

It may be well to remind the citizens of Thomaston of the new water pollution law and its classification of the Georges River which would affect us. The waters of the river have been put in class A, the classification of drinking water. This would mean that as the law now reads, Thomaston will be required to install a sewage treatment plant, at an expected cost of \$150 thousand to \$200 thousand, with an annual maintenance cost. Federal and State Agencies will contribute up to 50% of the cost of construction of such a treatment system.

A preliminary survey of the sewer system and the estimated cost of a treatment plant is being made by the State and Federal Government at no cost or obligation to the town. A detailed engineering report will be made sometime in 1958.

Arrangements are now being made for a new location of the town dump, which has been a most perplexing problem for the last year.

The continued services of our health officers and the Nursing Association has provided many health measures to combat communicable disease and to assure improved health in our schools and community.

**Highways-10%** The operating cost of the highway department has shown an increase of 1% of the tax dollar. This is due to continued increase in cost of materials and a slight increase in wages. Several small improvements have been made for the regular maintenance accounts.

Special appropriations should be made to repair some of our streets. This year, I recommend a sum of money to improve Fluker Street with plans to extend it through to Roxbury Street; and a sum to surface a section of Gleason Street from Knox Street to Gilchrist Street and for drainage work. By means of a yearly appropriation, many other streets could qualify for reconstruction.

This year the State Aid money will be used for reconstruction under the State laws, a municipality is entitled to double their units, with the state matching each tax dollar raised plus a 20% reconstruction bonus.

If the town will provide an appropriation of \$4776, the State will match it with an equal amount. I feel it advisable to take advantage of this program before such State Aid Roads could be later re-classified.

About 1200 feet of road was constructed on the Old Thomaston Road under the Town Road Improvement Program with funds received from the State.

The road tarring program was carried out with town and locally hired equipment. 13,350 gallons of asphalt were applied to the streets.

It is becoming more and more difficult to maintain our more poorly constructed streets on our present budget, with increased use of heavier vehicles and higher

rates of speed. I recommend an increased appropriation for highway purposes.

**Welfare-5%.** The greatest increase in welfare was in supplementary aid to Old Age Assistance Recipients and to Aid to Dependent Children. The new Nursing Home Care Program passed by the last Legislature and under the direction of the State Department of Health and Welfare will aid the town in most of our nursing home cases.

**Education-52%.** The educational program which requires over half of the tax commitment is fully covered in the Report of the Superintendent of Schools.

**Debt-10%.** All matured notes, bonds, and interest accounts were paid during the year from available funds, and the new budget has been prepared to provide for future payments.

At the close of the fiscal year, a cash balance of \$28,178.67 was in the treasury. The unpaid tax account of \$7,597.45 would assist in the financial support of the town.

This amount is a portion of last year's budget, and if not paid, will necessitate borrowing money from the bank, with interest paid at the taxpayer's expense.

**Capital Improvements.** Extensive repairs have been made to Watts Block during this last year. The roof flashings were replaced and all brick work painted and several sections were re-laid. The windows were reglazed and painted.

This coming season the exterior woodwork should be painted to make the building in good condition.

Several improvements were made at the Cemetery other than the general care. A small parcel of land was purchased from the Upham property and the line fence straightened and a new street constructed.

The new equipment building has been completed and is an added asset to the cemetery.

Elsewhere in this report you will find a detailed report of the Auditor for the current year. Only an abstract of the audit is printed as provided by law. A complete report is on file at the Town Office where it may be inspected if desired.

I wish to thank the Board of Selectmen and Budget Committee for their counsel and assistance during the past year; all town employees for their whole-hearted co-operation; and citizens in general for their welcome suggestion so that we can make Thomaston a better community in the future development of Knox County.

Sincerely submitted,

LEON E. FITTS

Town Manager

BERNARD ROBINSON  
RICHARD MONROE  
Assessors of Thomaston

## Notice to Taxpayers

---

Before making an assessment, the assessors shall give reasonable notice in writing to the inhabitants by posting notifications in some public place in the town, or notify them in such other way as the town at its annual meeting directs, to make and bring into them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first of April of the same year. If any resident owner after such notice does not bring in such list, he is hereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

Section 36, Chapter 92, R.S. 1954

---

## Notice to Veterans Desiring Exemptions

---

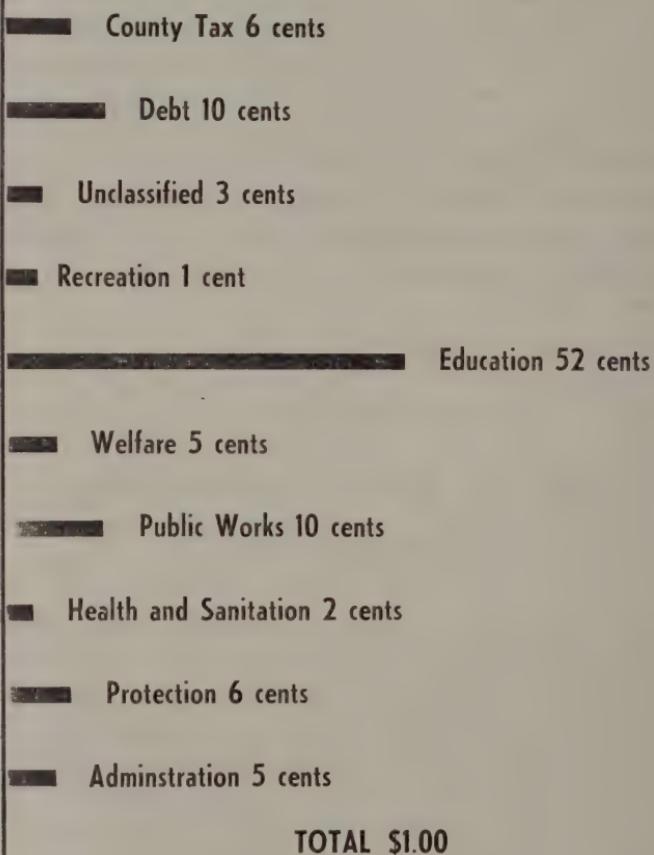

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; and provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement.

Chapter 92, Section 6, Revised Statutes 1954.

All male residents over the age of 70 years desiring exemption from poll tax, shall notify the assessors in writing prior to April 1, 1958.

## Report of Chief of Fire Department

To the Town Manager and Board of Selectmen of the Town of Thomaston:

I have the honor to submit herewith the report of the Fire Department for the year ending February 28, 1958.

During the twelve month period the Department responded to a record breaking total of 91 calls, including 16 from out of town, classified as follows: Buildings, 11; chimneys, 9; grass, 24; forest, 6; automotive, 3; range and oil burners, 4; electrical, 2; water, 10; emergency, 15; and miscellaneous, 7. Damage was confined to a minimum except in two instances where it was moderate.

The two air packs for which appropriation was made at the annual meeting were placed in service and several of the men have received special training in their use.

Our Department was chosen by Knox County Civil Defense for the loan of a fully equipped rescue truck and a diesel generator capable of maintaining the full load of the station in event of power failure.

We were hosts in April to the Maine State Fire Chiefs Association with an appropriate program and a bountiful turkey dinner served by the Auxiliary. We co-sponsored the 4th of July celebration with Williams-Brasier Post, and later in the month the World of Mirth Shows with the Lions. We were local sponsors of the Jimmy Fund with the aid of the Auxiliary and Boy and Girl Scouts, giving a Halloween party following the collection. Together with the Ladies Auxiliary and the Lions we gave two Christmas parties for the school children, and, the Department were in turn entertained by the Auxiliary.

We express our appreciation for a number of gifts during the year including a typewriter, stand, television and several other items.

The most important and progressive event of the year, however, was the joining of the radio hookup with the departments of Rockland, Rockport, Camden and Lincolnville and this is better described by the following letter from one of our good citizens, and, I quote:

#### **Thomaston Fire Department Deserves Commendation**

"Becoming increasingly more important every day for the citizenry of Thomaston and surrounding communities are the Call Letters 'KCF 582'. Although these call letters have been authorized only since November 1957, we shall hear more and more of them and their benefits as time goes on; and, here is why.

"First, KCF 582 pertains to Transmitter-Receiver Radio Units operating on a so-called 'closed circuit' of 33.70 megacycles with its base unit being housed and operated from Thomaston's new fire house on Knox Street as evidenced by the stately 70 foot mast extending skyward on the north side of the fire station. Other functional parts of this system consist of three 'Mobile Radio-Phone Units', one of each of which is operating from the fire department's tank truck, main pumper truck, and the car operated by the Assistant Fire Chief. Each of these vehicles may be in contact with one another, or with the fire station as conditions warrant. In addition, this town is now able to converse with such neighboring communities as Camden, Lincolnville, Rockland, Rockport, Blue Hill, Augusta and Kennebunk via the same means in cases of extreme emergency since each of these towns work like units on the same frequency circuit as does Thomaston. During an emergency call of any type, there is no danger of outside interference, for Thomaston's call letter, KCF 582 operate on a "closed circuit" that is apart

from telephone and telegraph lines. Such a hook-up for communications of this sort certainly has its benefits for speed, efficiency and privacy of operation.

"The residents of Thomaston and its environs should reap the good of the fire department's new communication equipment not only in time of any fire; but, also in cases of any holocaust in any part of Knox County, in finding lost persons, in time of a plane crash, flood, war, etc. No major catastrophe even to our normal means of communication as we know them (radio, TV, phone, electrical power, telegraph) can stop the operations of KCF 582, for, with fore-thought, the Thomaston Fire Department had installed an auxiliary power unit which will allow KCF 582 'to remain on the air' no matter what the conditions may be otherwise. (Proof of this was shown the writer, for while these notes were being taken, an electrical power failure throughout Thomaston took place; but, this auxiliary unit continued to receive calls without any trouble.) To properly man this communications outlet, our fire department has 15 members who have been issued license by the Federal Communications Commission making them authorized Radio-Phone Operators.

"Certainly not to be overlooked nor ignored, in addition, is the purchase made in 1954 or 1955 or one of the well known 'RESUSCITATORS' used for reviving a person overcome by smoke or water inhalation. It is noteworthy, in this respect, that the inmates of the Thomaston, Maine State Prison—through the co-operation and cognizance of the prison warden, Mr. Alan L. Robbins—contributed, through their voluntary efforts in selling inmate-made novelties, one-half of the cost of this 'Resuscitator'. The Volunteer Firemen of Thomaston made available the remaining one-half of its cost through voluntary efforts of their own.

"Without the initiative, co-operation and prevision of our volunteer firemen, it is doubted that Thomaston would be enriched at this date with such modern communications and life-retaining equipment. Much recognition and praise should go to these volunteers and state prisoners for making these items available to our town WITHOUT a penny's cost to the taxpayers through their tax bill! All of the costs for all of the equipment named above have been paid for through activities sponsored by our fire department. Such activities included the 'Fourth of July' and 'World of Mirth' festivities of 1957—the profits from these went to defray the expense of buying and installing all of this apparatus, including the 70 foot mast on the fire station. Through timely contacts with other fire departments, much of the equipment was bought at substantially big savings—as much as one-half, in some instances. It is by the same process that our volunteer firemen hope to procure additional communications units in the near future, which is scheduled to include 'hand communications sets' that should prove especially valuable when fighters are battling forest fires and it is essential to maintain verbal contacts with the central firehouse and/or a piece of its vehicular equipment.

"Let's, therefore, not overlook the value gained by Thomaston through the timely and enterprising efforts of our Firemen who may be all too frequently criticized; and, too infrequently praised. Their contributions are those which can not be wholly measured in terms of money alone."

In concluding my report may I express our appreciation to all who have been assistance to us.

Respectfully submitted,

EDWIN A. ANDERSON  
Chief of the Department

## Report of Chief of Police

To the Town Manager and Board of Selectmen:

Dear Sirs:

This year that has just passed shows a marked increase in Police activities. This department has had an increase over last year in it's contacts with the public and is proven by our arrest reports. One of the reasons that we have made these contacts is because your Police Officers have been using their own cars for transportation with no cost to the taxpayers. The arrests that have been made would indicate that better police protection would be maintained and more area covered if your Police Department had a police car. I do not think it should be a new model but one that is clean and safe to operate and necessary equipment installed. At the present time your Police Officers are using their own cars to chase speeders which has to done to get a clock on the vehicle. If the officer has an accident while following these speeders he has to pay for his car at his own expense. We are having too many speeders on Main Street. Their speeds range from fifty miles to eighty miles per hour. That is much too fast for the condition of our streets and the fact that our children have to cross these streets to and from school. It is our hope that you will take this under consideration.

The complaints caused by minors carrying firearms in the Town Limits have set a new high. Their ages are from twelve to sixteen years. When these children are allowed to carry these guns with out anyone to guide them it is very easy for them to shoot at street lights and insulators which has been done in the past. Power service has been out several times this past year due to this shooting. It would be advisable for the person or persons responsible for these

minors to read our State Laws in regards to who can carry firearms. Also there is a law that reads as follows:

**Selling or Giving Air Rifles to Children  
Under Fourteen Years Old**

Whoever sells or gives an air rifle to any child under the age of fourteen years shall be punished by a fine of not less than five dollars nor more than twenty dollars.

Four arrests were made for malicious mischief which involved breaking windows at a house on North Street. This type of crime might be discouraged if the children had some place to go besides roaming the streets. I believe that if the children had a little better supervision that this vandalism could be decreased to a minimum.

The following is a break down of the arrests for the year taken from our arrest reports. Our main problem is from speed. We had a total of 128 arrests, which is too many.

Speeding	38
Stop Sign	3
Passing on a curve	8
Passing on a hill	13
Driving without a license	14
Imprudent driving	4
Unregistered vehicle	4
Illegal attachment of plates	1
Assault and battery	4
No registration in vehicle	3
Defective motor vehicle	1
Intoxication on the streets	7
Driving without lights	1
Intoxication in motor vehicle	2
Driving after revocation	3

Reckless driving	2
Drunken driving	8
Improperly registered motorcycle	1
Inadequate brakes	2
Driving to endanger	1
Hit and run	1
Crime against nature	2
Malicious mischief	4
<hr/>	
Total Arrests	128

A system was set up to held the public to remember that their vehicles were left on the streets in violation to the Town Ordinance for Over Night Parking. On the back of each ticket was printed, this is a warning, please keep vehicle off the street. It was pleasing to note how it helped the ones who forgot. Of course it is realized that is was forgetfulness and negligence on the part of the violators.

We issued a total of 74 parking for the year which includes warning tickets.

Parking all night on streets during Winter Months	42
Parking in restricted zones	7
Parking on the sidewalk	2
Parking on the wrong side of street	2
Parking over the two hour limit	9
Parking in the bus stop	12

Our complaints and investigations have decreased in the past year and it is hoped that this is due to less crimes being committed. I hope in the near future that this department will have a force large enough so that we will be able to give Police Protection seven days a week twenty-four hours a day. The past year we have had very good co-operation from the State Police and the Sheriff's Department. These departments are working at top speed to fulfill their own assignments

and we wish to express our appreciation for their assistance. Other activities of the Police Department include the following:

Complaints and Investigations	44
Accidents investigated	13
Doors found unlocked	14
Stray dogs disposed of	2
Street lights reported out	97
Truant notices served	3
Calls to assist other departments	27

### In Conclusion

Our traffic problem is increasing during the Summer Months. As you all know more automobiles are being purchased each year and at the present time parking space is inadequate to accommodate them. I think it would help this problem if signs were put up to show that there is a parking area in back of the block on the North side of Main Street. Also signs could be painted on the street.

There will be new ordinances submitted for your approval and it is for the good of the Public that they are introduced and your approval solicited.

Respectfully submitted,

ALFRED H. TEEL  
Chief of Police

## Report of Park Commission

Herewith is submitted the report of the Thomaston Park Commission for the fiscal year ending February 15, 1958.

At the last annual town meeting you appropriated the sum of \$300.00 for further improvement of the Park area. This was used to further improve the skating pond area. \$200.00 was spent for dirt to fill the low places where water was below the level of the drain. The balance was used to bull-doze the dirt where needed and to even the skating area.

The skating pond has been maintained mostly through voluntary aid from some of our public spirited citizens. To these the Commission extends its grateful thanks. This aid includes scraping snow from the ice, also the maintenance of two flood lights loaned to us by Central Maine Power Company. Cost of electricity was cared for with money earned by parents who are interested in providing recreation for our children.

Three hundred dollars doesn't go far in improving the Park area, but each year shows some thing accomplished and eventually it is hoped our Park may become a real receration area.

The Park Commission solicits your continued support in its effort to make further improvements in the Park area.

Respectfully submitted,

RALPH N. CUSHING, Chairman

## Thomaston Public Library

The Thomaston Public Library has operated smoothly and efficiently the past year. The Trustees have held quarterly meetings and have given their attention to its needs.

Income from invested funds for General Library operation has amounted to \$2,318.14; fines were \$75.69; \$600 of the Town Appropriation has been drawn, making total receipts of \$3,084.16. Expenditures have been as follows:

Salaries	\$2,100.00
Librarian	\$1,200.00
Assistant	600.00
Janitor	300.00
Rent	504.00
Lights	91.73
Post Office Box Rental	6.00
Dues Maine Library Association	4.00
Draperys	56.15
Safe Deposit Box Rental—2 years	22.00
Record Book	7.50
Miscellaneous	54.25
	<hr/>
	\$2,845.63

The balance in the General Fund checking account as of February 15, 1958, is \$238.53. There is an unpaid bill of \$110 for a new bookcase which will reduce the balance to \$128.53. This bookcase was made by Edward Gordon and fills a long felt need.

Expenses for the coming fiscal year ought not to exceed those listed above.

The Estate of Caroline J. Tobey has been settled. Two additional checks, one for \$67.57 and one for \$104.02, have brought the total amount received to

\$95,592.52. Income from the fund for the year was \$3,016.22, and \$1,081.97 was spent. There is a balance of \$4,964.78 in the Book Fund checking account. There are unpaid invoices for approximately \$550 for books purchased and loaned to the schools on the same terms and conditions as previous loans. These invoices were received too late for payment before the books closed on February 15.

In November, 1957, the Corporate Stock of the City of New York in the General Library Fund became due and \$1,000 was received. In January, 1958, the First Portland National Bank acquired the National Bank of Commerce of Portland, necessitating the liquidation of the stock of the latter bank at \$100 per share. The General Library Fund owned 110 shares, for which \$11,000 was received. This stock cost \$4,500.. With the proceeds of these transactions the Trustees purchased 100 shares of the capital stock of the First Portland National Bank at \$52. 50 a share, and 100 shares of the capital stock of the 2nd Bank-State Street Trust Company of the capital stock of the 2nd Bank-State Street Trust Company of Boston at \$68.50.

In the Caroline J. Tobey Book Fund, \$10,000 U. S. Treasury 2½% Bonds of 56/58 have been sold and \$10,000 3-¾% Bonds due November 15, 1962 have been purchased with the proceeds. In February \$20,000 U. S. Treasury 2½% Bonds of 1958 (cost \$19,800) have been exchanged for \$20,000 3% Bonds maturing February 15, 1964. These transactions will produce \$225 additional income for the Book Fund.

The Book Committee has had frequent meetings and has endeavored to purchase books which will suit all tastes. It helps the Committee a great deal to have lists of wanted books furnished. The Librarian is glad to accept such lists. We have an excellent selection of children's books. Thanks to the Caroline J. Tobey Book

Fund there is on our reading table a good selection of the leading periodicals. Our selection of books, especially class books, is unsurpassed in a library of its size.

The library is open Monday, Wednesday, and Saturday from 2:00 to 9:00 p. m., and on Thursday from 6:30 to 9:00 p. m. The staff is anxious to serve you at all times.

The Trustees have the welfare of the library at heart and will welcome your suggestions for bettering the service.

Respectfully submitted,

## SUPERINTENDENT'S REPORT

To the Superintending School Committee and Citizens of the Town of Thomaston:

The annual report of the Superintendent of Schools is hereby respectfully submitted.

**Legislation:** As a result of the Jacobs Educational Study, the 94th Legislature of the State of Maine has made such a significant contribution to education in Maine that the school people of the State and others believe it to be the pattern which our State will follow for years to come.

Recognizing that the most difficult problem in the field of education is the needed finances, the towns are urged to pool their resources by the formation of "Administrative Districts" composed of two or more towns, the minimum being measured by a minimum secondary school population of 300 pupils in grades 9 to 12.

As an incentive to the organization of these districts, the State will pay a premium of ten per cent on the subsidy which the individual towns would receive.

More important than the aid to the operational program is assistance in the support of schoolhouse construction, the State agreeing to assist the administrative district in the same proportion as they would in the operational program.

What this will mean to the individual community can be measured only after individual studies have been made with individual towns. Many of you will be asked to assist first in making such a study, evaluating the findings, and recommending to your community what is best for it to follow. We solicit your help.

**Accreditation:** In 1960 the State Department of Education will publish the first list of **Accredited** secondary schools in Maine. This will mark the beginning of the new **dual** system of evaluation of our secondary schools. All secondary schools shall be listed as **approved** or **accredited** as soon as they meet the requirements. Approval has less stringent requirements and is compulsory for attendance, tuition, and subsidy purposes. An approved school is one that meets the bare minimum requirements for a secondary school program.

An accredited school, as stated in the State Department of Education publication **Accreditation and Approval of Maine Secondary Schools**, is one that "will have a philosophy based on the educational needs of the students it is serving, an adequate staff of understanding teachers and able administrators, a building adapted to a carefully planned comprehensive program, and an effective guidance service."

An accredited school is one that in addition to meeting the requirements of an approved school, meets certain other recognized standards of a good secondary school.

After careful study of the minimum requirements for accreditation, it appears impossible for Thomaston High School to become fully accredited as long as the school is housed in the present plant.

Although every school will meet some of the accreditation standards, it would appear that, with our present school enrollment, the cost of achieving full accreditation by the Town of Thomaston working alone would be beyond our reach. However, through the co-operative effort provided in the Sinclair Bill, it would be possible by joining with our surrounding communities to form an Administrative District. We could have the broad base we need to support a very fine school.

### A Philosophy of Primary Education

The program is an integrated continuous process that begins at the sub-primary level, and extends through the grades. As the major instructional purposes and problems are the same throughout the primary grades, a unified program is both desirable and possible.

Activities are planned with proper regard for the child's different stages of development, putting emphasis upon various phases of the program according to the pupil's developing habits, attitudes and skills.

In the sub-primary the child is introduced naturally to a complex environment of persons, materials and activities. It brings the home and school together, and helps the child develop from a self-centered individual, into a well-adjusted member of a social group. As the child progresses through the grades, he becomes increasingly aware of, and interested in, the responsibilities of the individual to the group, and the contributions that he can make to group needs.

Upon entering school, readiness develops for systematic instruction in the essential tools of thought and communication: A child should leave the primary grades familiar enough with these subjects to enable their effective use whenever necessary.

A friendly co-operative relationship between the home and school should begin upon entering school, continued and strengthened throughout the school years, in order to provide for the all-round development of the child.

### STATISTICS

**Faculty Changes:** Each year some teachers leave us for other positions and are replaced by new personnel. Listed below are the faculty changes for 1957-58.

### Thomaston High School

Henry Carey	Science and Social Studies
Vere B. Crockett	Instrumental Music
John Fletcher	English

1956 1957	47 (8)	29 (5)	34 (5)	26 (3)	136(21)
1955-1956	33 (4)	36 (6)	30 (2)	21 (3)	120(15)

### The School Budget:

School costs continue to rise. Since over seventy-five per cent of our school dollar is spent for salaries of

personnel and another eleven per cent for building operation, there is very little flexibility to the budget.

Increases are due primarily to the maintenance of two additional teaching positions, created a year ago, for this fall. One teacher was added in September 1957; the second began work in January 1958. Both of these positions must be maintained for twelve (12) months this year. Increments have been allowed which are consistent with the state minimum salary schedule and the local schedule adopted in 1954.

Insurance premiums are more this year than last. Every three to five years it is good business practice to review the amount of insurance coverage, and to have the buildings assessed as to their insurable value. During the past year, we have discovered the need for more insurance on our buildings, if we do not wish to pay a proportion of each loss by fire. We are recommending that the face of our policies be raised to eighty (80) per cent of the insurable value of the buildings, and at adequate coverage be placed upon the school equipment.

The appropriation for equipment allows sufficient funds, if raised annually, to replace our school equipment once in twenty (20) years.

A table of comparative appropriation follows:

#### THOMASTON SCHOOL BUDGET Comparative Appropriations

Account	1955	1956	1957	1958
Maintenance	\$76,500	\$79,700	\$90,900	\$96,737
Repairs	3,125	2,350	1,525	4,500
Equipment	1,900	2,450	950	2,200
Insurance	1,250	800	850	2,263
Fluorine	150	150	130	
TOTALS	\$82,925	\$85,450	\$94,355	\$105,700

### CONCLUSION

It has been a pleasure to be associated with the schools in Thomaston for another year. We are looking forward to better years ahead, with the hope of working with you for the best interests of our children.

Most Sincerely,

PRISCILLA CROCKETT, Principal  
Lura Libby School

ERNEST GUIMOND, JR., Principal  
Green Street School

CARROLL N. WALLACE, Principal  
Thomaston High School

O. J. GUPTILL, JR.  
Superintendent of Schools

## Report of the Budget and Planning Committee

The Budget and Planning Committee held nine regular and four special meetings during the past year, with an average attendance of ten members present per meeting. This committee consists of the five selectmen, twelve other citizens of the town, a member of the school board, and the Town Manager. Due to the election of one of the members of this committee to another elective town office at the last town meeting, and before expiration of his term, the committee has not had a normal complement of members.

At the meeting of this committee held on April 9, 1957, the following officers were elected by those present: John N. Morrison, Chairman; Norman Connon, Vice-chairman; and Mrs. Forest W. Stone, Secretary.

Again the re-location of the town dump was among the important problems discussed this year, and several proposals were submitted for consideration. The Town Manager and Selectmen have been active in trying to achieve a solution, and have been successful as indicated in the warrant for the 1958 Annual Town Meeting appearing in this Town Report.

A special meeting was held in July, at the request of the Superintending School Committee, to consider the installation of an oil burner and storage tank at the Green Street School. The conclusion was reached by this committee to recommend same as outlined by the School Committee.

Completion of the repair work on the Watts Block, requiring a transfer of a sum in the amount of \$1,500 from the town's Surplus account, was recommended by this committee and carried at a special town meeting.

At the request of the Chief of Police, Mr. George Shaw, (now retired) proposed revisions in, and additions to, our present By-laws relative to the use of town streets have been studied, discussed, and recommended by this committee for consideration at the Annual

Town Meeting. Mr. Shaw met with the committee on one occasion to explain the proposed changes and to answer questions.

Proposed changes in By-laws concerning the Fire Department were presented for study and discussion by Fire Chief Anderson and Assistant Chief Benner. The decisions reached by this committee with reference to those proposed changes are embodied in its recommendations for consideration at the Annual Town Meeting to be held on March 31.

As in past years, much time was spent in study and discussion of the school budget. Two entire meetings and a part of a third were devoted to this. Also considerable time has been given to the consideration of routine items and special articles which appear in the warrant as presented in this town report.

Regular meetings of this committee are held on the second Tuesday of each month, with the exception of the summer months, and special meetings are held whenever necessary. Meetings are open to all citizens who desire to attend, and suggestions and ideas are always welcome.

Respectfully submitted,

MARGARET M. STONE, Secretary  
JOHN N. MORRISON, Chairman

## Auditor's Report

March 7, 1958

Board of Selectmen  
Thomaston, Maine

Gentlemen,

In accordance with the provisions of Chapter 405, Public Laws of 1957, and at your request, the financial records of the Town of Thomaston have been audited for the year ended February 15, 1958.

As required by Statute, one copy of this report, together with the audit procedural form prescribed by Chapter 311, Public Laws of 1957, has been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit as prescribed by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. WOODMAN  
Public Accountant

## COMMENTS

### Town of Thomaston

February 16, 1957 To February 15, 1958

An audit of the books and records of the Town of Thomaston has been completed for the municipal year ended February 15, 1958. The audit included an examination of the records maintained by the Assessors, Selectmen, Tax Collector, Town Treasurer, and Town Manager, and the town meeting records of the Town Clerk.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The result of the years operations revealed that available funds exceeded expenditures by \$12,433.60, per the following summary:

Operating Accounts	
Unexpended Balances	\$13,335.77
Overdrafts	902.17
	<hr/>
Net Unexpended Balances	\$12,433.60

## ASSETS

The cash balance of \$28,178.67 was reconciled with a statement furnished by the Thomaston National Bank, Thomaston, Maine (Schedule A-1). Cash was counted at the audit date and reconciled with the closing balance.

Transactions affecting taxes receivable, accounts receivable, and tax liens were reviewed and reconciled with balances shown on the records of the Town Manager. Letters of verification were utilized on a sample basis to verify assets listed at the closing date, with no exceptions noted.

## LIABILITIES

Total general fund liabilities at the closing date consisted of withholding tax deductions in the amount of \$607.74 being held for eventual payment to the Director of Internal Revenue. (See Debt Fund).

## AVAILABLE FUNDS AND EXPENDITURES

An analysis of the comparative statement of available funds revealed that available funds increased by \$17,651.27 during the year under review, which appeared to be due principally to an increase in the tax commitment.

The analysis also revealed that expenditures increased by \$11,211.23 during the same period. Increased expenditures were noted in education accounts in the amount of \$14,457.03 (Exhibit B).

## DEBT FUND

The Town's long term debt was reduced by \$14,000.00 during the year under review, leaving outstanding notes and bonds in a total amount of \$90,000.00 at the year end. Debt service requirements are detailed in Schedule A-11.

## TRUST FUNDS

The various investments, demand, and time deposits of funds held in trust by the Town were examined and listed. Income was verified and expenditures made in connection with the operation of the various trusts were verified with no exceptions noted. Detail of trust fund operations are included in Schedule A-12 while trust fund investments are listed in Schedule A-13.

## SCOPE OF AUDIT

Count of cash was made and records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern.

Vouchers and cancelled checks were reviewed for a selected period. Major fluctuations in available funds and expenditures as compared with the two previous years were analyzed and reviewed. Bond coverage was verified. Letters of verification were utilized on a sample basis to verify recorded assets. Excise tax collections were verified by examination of the copies of the receipts retained by the Collector. Time deposits and investments representing the investment of trust funds were verified by physical examination.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at February 15, 1958, and the result of its operations for the year then ended.

## Town Warrant

### State of Maine

To GUY ROBBINS, a constable of the Town of Thomaston in the County of Knox, GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Thomaston in said County, qualified by law to vote in town affairs to meet and assemble at Watts Hall in said town on Monday, the thirty-first day of March A. D. 1958 at 10:00 o'clock in the forenoon, then and there to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose the following municipal officers:

Selectmen for three years (2)

Member of School Committee for three years (1)

Assessor for three years (1)

Town Clerk (1)

Member of Budget Committee for three years (4)

Member of Park Commission for three years (3)

Trustees of Public Library for three years (3)

All other necessary town officers and committees.

Article 3. To hear the report of the municipal officers and take such action thereon as may be desirable.

Article 4. To see if the town will vote to carry forward the unexpended balances and overdrafts as shown below in their respective accounts:

A. Social Security	\$ 61.12
B. Withholding Tax	607.74
C. Group Life Insurance	299.53
D. Workmen's Compensation	165.54
E. School Building Repair	509.95 (O.D.)
F. School Equipment and Repairs	92.77 (O.D.)
G. Fluorine Treatment	180.00

Article 5. To see if the town will vote to change the closing date of the Town books from February 15 to January 31 of each year.

Recommended

### ADMINISTRATION

Article 6. To see what sum the town will vote to raise and appropriate for salaries of town officers. Town Manager \$4,200.00, Secretary \$2,080.00, Assessors \$700.00, Town Clerk, \$75.00, School Physician and Health Officer \$200.00

\$7,200 Recommended

Article 7. To see what sum the town will vote to raise and appropriate for town expense, including printing, elections, general office, audit, and contingent expense items.

\$3,000.00 Recommended

Article 8. To see what sum the town will vote to raise and appropriate for surety bonds of the town.

\$252.00 Recommended

Article 9. To see if the town will vote to authorize and empower the Selectmen to sell and convey property acquired by the town by tax process on such terms as they may deem advisable, and to execute quit claim deeds for such property.

Recommended

Article 10. To see what sum the town will vote to raise and appropriate for support, maintenance and repairs of Watts Block.

\$2,500 Recommended to be reappropriated from Surplus.

### DEBT SERVICE

Article 11. To see if the town will vote to authorize the Selectmen to procure a temporary loan or loans within the 1958 taxable year in anticipation of taxes for the purpose of paying obligations of the town; such loan or loans to be paid during said taxable year.

Recommended

Article 12. To see what sum the town will vote to raise and appropriate for payment of interest on temporary loans.

\$500.00 Recommended

Article 13. To see if the town will vote to raise and appropriate the following sums to reduce the town indebtedness and to pay interest charges on same:

A.	Serial Notes (Parking Lot and School)	\$1000.00
B.	Serial Notes Interest	10.00
C.	School Bonds	5,000.00
D.	School Bonds Interest	700.00
E.	Fire Station Serial Notes	3,000.00
F.	Fire Station Note Interest	845.50
G.	Lura Libby School Serial Note	5,000.00
H.	Lura Libby School Notes Interest	285.00

Recommended

### PROTECTION

Article 14. To see what sum of money the town will vote to raise and appropriate for police protection of persons and property.

\$6,000.00 Recommended

Article 15. To see if the town will vote to raise and appropriate the sum of \$2,922.36 necessary to cover the street lighting service furnished to the town for the current fiscal year under the contract with Central Maine Power Company.

Recommended

Article 16. To see if the town will vote to raise and appropriate a sum of money for installation of a street light on Booker Street.

\$20.00 Recommended

Article 17. To see if the town will vote to raise and appropriate a sum of money for installation of a street light on the Marsh Road near the residence of Ralph Ludwig.

\$20.00 Recommended

Article 18. To see if the town will vote to raise and appropriate a sum of money for installation of an additional street light on Wadsworth Street near the residence of Philip G. Fernald.

\$20.00 Recommended

Article 19. To see what sum the town will vote to raise and appropriate for hydrant rental.

\$3,300.00 Recommended

Article 20. To see what sum the town will vote to raise and appropriate for maintenance of the fire department, including alarm system, storage, supplies, equipment, building maintenance and running expenses.

\$2,300.00 Recommended

Article 21. To see if the town will vote to raise and appropriate the following amounts for support of volunteer firemen and fire chiefs.

A. Volunteer Firemen	\$1,350.00
B. Fire Chief	500.00
C. Assistance Fire Chiefs	200.00
	\$2,050.00 Recommended

Article 22. To see if the town will vote to accept from the Fire Department and maintain the radio equipment and resuscitator currently owned by the department, with the proviso that upon failure of the town to maintain same, ownership of said radio equipment and resuscitator shall revert to the department.

Recommended

Article 23. To see if the town will vote to purchase from the Knox County Civil Defense, the Diesel generator for use of the Fire Department, and raise and appropriate a sum of money for same.

Recommendation: To raise \$200.00 and purchase Diesel generator.

Article 24. To see if the town will vote to enter into a mutual aid pact with other qualified municipalities in accordance with the agreement set up by the

Knox County Firemens Association and authorize the Selectmen to sign said pact.

Recommended

Article 25. To see what sum of money the town vote to raise and appropriate for the purchase of fire hose.

\$1,184.00 Recommended

### HEALTH AND SANITATION

Article 26. To see what sum of money the town will vote to raise and appropriate for health and sanitation including sewer maintenance, street cleaning and care of dump.

\$2,200.00 Recommended

Article 27. To see if the town will vote to instruct and authorize the Selectmen to take appropriate action so that the town will be vested with a good title of the quarry properties and lands formerly owned by Bird, Tibbetts, Creighton, Snow and others, respectively, now claimed under tax process.

Recommended

Article 28. To see if the town will vote to authorize and empower the Selectmen to sell and convey to American Marietta Company, successor of Dragon Cement Company, quarry properties and lands formerly owned by Bird, Tibbetts, Creighton, Snow and others, which may be adjacent or otherwise connected with the property now owned by said company, for such price and upon such terms as the Selectmen may determine.

Recommended

Article 29. To see if the town will vote to authorize and empower the Selectmen to purchase of American Marietta Company, formerly Dragon Cement Company, a quarry lot situated on the west side of Dexter Street upon such terms as said Selectmen may determine, and to locate the town dump thereon.

Recommended

Article 30. To see what sum of money the town will vote to raise and appropriate to fence and prepare the new dump location for public use.

\$500.00 Recommended

Article 31. To see if the town will vote to close the present town dump for public use as soon as the new location is made available.

Recommended

Article 32. To see if the town will vote to raise and appropriate the sum of \$2,700.00 for the support of the Thomaston Nurse Association.

Recommended

Article 33. To see if the town will vote to pay all bills contracted or approved on account of contagious diseases, and to authorize the Selectmen to issue temporary loans for payment thereof.

\$200.00 Recommended

And authorize loans in excess thereof.

#### HIGHWAYS

Article 34. To see if the town will vote to raise and appropriate the following amounts for highway purposes:

- |  |            |
|--|------------|
| A. General highway maintenance                         | \$6,000.00 |
| B. Winter and spring roads and snow removal.           | 5,000.00   |
| C. For application of bituminous surface to town ways. | 4,500.00   |

Recommended

Article 35. To see what sum of money the town will vote to raise and appropriate for reconstruction of a section of Gleason Street from Knox Street to Gilchrest Street.

\$1,000.00 Recommended to be re-appropriated from Surplus.

Article 36. To see what sum of money the town will vote to raise and appropriate for improving Fluker Street from Knox Street to Lawrence Avenue.

\$2,000.00 Recommended to be re-appropriated from Surplus.

Article 37. To see what sum the town will vote to raise and appropriate for State Aid Road Construc-

tion (in addition to the amount regularly raised for the care of ways, highways and bridges) under the provisions of Section 25 and 29, Chapter 20, R. S. 1954 as amended.

\$4,776.00 Recommended to be re-appropriated from Surplus.

Article 38. To see what sum the town will vote to raise and appropriate for trimming trees within the limits of town ways, care of mall, and school walk.

\$1,125.00 Recommended

### SCHOOLS

Article 39. To see what sums of money the town will vote to raise and appropriate for Public School purposes.

A.	School maintenance (estimated needs)	\$94,787.00
B.	School building and equipment insurance (estimated needs)	2,263.00
C.	Repairs on School Building (estimated needs)	4,500.00
D.	Purchase and repairs of school equipment (estimated needs)	2,200.00
	Recommended	

Article 40. To see if the town will vote to authorize the superintending School Committee to establish a School Bus Purchase Reserve Fund and to transfer the sum of \$1,000.00 from the school maintenance balance for this purpose.

Recommended

Article 41. To see if the town will vote to authorize the construction of a one-way road in front of the Lura Libby School and re-appropriate from surplus the sum of \$1,000.00 for this purpose. The said authorization not to include a parking area.

Recommended

Article 42. To see if the town will vote to remodel the auditorium at the High School Building for the purpose of providing three permanent classrooms

in this building and to see what sum of money will be made available for this purpose.

Recommended: To remodel the Auditorium into three classrooms and appropriate a sum of money not to exceed \$18,000.00.

Article 43. To see what sum of money the town will vote to raise and appropriate for the remodeling of the High School Auditorium and the method in which funds will be obtained and how paid.

Recommended: That the Selectmen be authorized to issue Serial Notes or Bonds not to exceed \$18,000.00 to be paid at the rate of \$2,000.00 plus interest annually, and authorize a temporary loan and raise and appropriate \$250.00 for interest on same.

Article 44. To see if the town will vote to authorize the school committee and Selectmen with the assistance of any citizens they find necessary to study the advantages of the formation of an administrative school district, and report their findings to a future town meeting for acceptance or rejection.

Recommended

## WELFARE

Article 45. To see what sums of money the town will vote to raise and appropriate for Public Welfare purposes.

- |  |            |
|--|------------|
| A. Support of Town Poor (Estimate of Needs)                                    | \$4,500.00 |
| B. Veterans Aid, Blind and Supplemental Old Age Assistance (Estimate of needs) | 2,000.00   |

\$50.00 Recommended

Article 55. To see whether or not the town will vote to raise and appropriate the sum of One Hun-

dred Dollars (\$100.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages, and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the Revised Statutes of 1954.

Not Recommended

Article 56. To see if the town will vote to appropriate the sum of \$400.00 to co-operate with the Maine Forest Service and Federal Government in control of white pine blister rust, in accordance with Revised Statutes, Chapter 36, Section 69.

Recommend Indefinite Postponement

Article 57. To see what sum, if any, the town will vote to raise and appropriate for the needs of promoting Civil Defense.

\$100.00 Recommended and authorize the Selectmen and Treasurer to issue temporary loans to pay any bills contracted by Civil Defense in a state of emergency.

Article 58. To see if the town will vote to authorize the use of \$6,000.00 Map Reserve Fund for reduction of taxes for 1958.

Recommended

Article 59. To see if the town will vote to amend and accept the By-Laws of the Town so the same may read as follows:

**REVISED ORDINANCES  
TOWN OF THOMASTON**

1958

**CHAPTER 2  
Use of Streets**

SECTION 7. Amended to read as follows:

No person shall pass with wheelbarrow, hand sled, hand cart, automobile, motor vehicle, cart wagon, or other vehicle, except baby carriages or invalid carriages, along or across any sidewalk prepared for travelers on foot, or suffer them to stand thereon so as to incommod any traveler thereon; or along or across any curb or turf edge placed on outside thereof to protect same, nor cause

the same to be done, except at such points or places where good and sufficient crossings are provided. Any person who shall violate any of the provisions of this section shall be liable to a fine not exceeding twenty-five dollars for each offense.

**Parking:** No person shall park a bicycle on any street except in a standing position against the curb or edge of a roadway or sidewalk, or such other places as provided.

**Sidewalk:** No person shall ride or propel a bicycle on any sidewalk or within any sidewalk area except at a permanent or temporary driveway anywhere within the town.

**Traffic Laws Apply:** Every person riding or propelling a bicycle upon any public street in this town shall be subject to the provisions of this ordinance and the revised Statutes of the State of Maine.

**Obedience to Traffic Control Devices:** Any person operating a bicycle shall obey the instructions of Official Traffic-Control Signs, Signals, and other control devices, including signs indicating that no left, right or U turn is permitted, applicable to vehicles, unless otherwise directed by a Police Officer.

#### SECTION 10. Amended to read as follows:

No person shall play at the game of bat and ball, nor strike any ball with a bat, nor throw any stones, bricks, clubs, snow balls or other missiles in, into, over, along or across any public street or enclosure of any public building, nor fire any squibs, crackers, serpents or other fireworks, made of gunpowder in whole or in part, or of any other explosive ingredients, nor discharge any firearms loaded with powder or other dangerous compositions, nor discharge any gun, air-rifle, or so called B. B. gun nor any other weapon discharged by compressed air, save and except in self-defense, in execution of the laws, or for the destruction of some dangerous animal, in, upon or across any of the streets, lanes, public squares, wharves or on board any vessel lying at any wharf within the town.

Use of Streets amended to add Section 51.

#### SECTION 51. Minors, Regulation of.

No child under age 16 shall be or remain upon any street or other Public Place in the Town of Thomaston, Maine, after 9 o'clock P. M. Standard Time unless a reasonable necessity or good reason exists therefor, nor shall any parent, guardian or other person having legal custody or any minor under age 16 so allow

or permit. Any child under age 16 not accompanied by an adult found on a public street or other public place after said 9 o'clock and with no apparent necessity or good reason therefor, shall be accosted by any police officer to ascertain whether there is any necessity or good reason therefor. If, in the judgment of the police officer, no necessity or good reason exists, he shall take the name and address of said child and his parents or guardian, and if deemed necessary, order said minor to leave public place or public street, and shall cause notice of violation of this section to be given to said parent or guardian. Any such parent, guardian or custodian of said minor who shall violate the provisions of this section after having received from the Police Officer the notice provided for herein as to a previous violation of the provisions of this section shall be liable to a penalty not exceeding \$5.00 for each such offense after the first offense, to be recovered to the use of the Town on complaint or by other appropriate action before the Rockland Municipal Court. Any person liable to a fine hereunder may if he so elects pay \$5.00 to the Police Chief in lieu of being summoned to and appearing in court; in such event the Police Chief shall furnish a receipt for such payment to the violator and a copy of such receipt promptly to the Town Treasurer. As an aid in the enforcement of this ordinance it is hereby made the duty of the Fire Chief to cause three successive blasts of the fire alarm at 8.45, Eastern Standard Time, each night..

**CHAPTER 3, ARTICLE 4**  
**Stopping, Standing and Parking**  
**(Amended)**

**SECTION 1.**

No person shall stop, stand, or park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with law or the directions of a Police Officer or traffic-control device in any of the following places:

1. On a sidewalk.
2. In front of a public or private driveway or alleyway.
3. Within an intersection.
4. Within 10 feet of a fire hydrant.
5. On a crosswalk.
6. Within 5 feet of the near corner of the curb at an intersection.
7. Within 15 feet upon the approach to any stop sign located at the side of a roadway.
8. Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance

to any fire station within 75 feet of said entrance (when properly signposted).

9. Alongside or opposite any street excavation or obstruction when stopping, standing or parking would obstruct traffic.
10. On the roadway side of any vehicle stopped or parked at the edge or curb of a street.
11. Upon any bridge.
12. At any place where official signs or curb painting so prohibit.

No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such distance as is unlawful.

## SECTION 2.

When signs are erected giving notice thereof between Green and Gilchrest Streets no person shall park a vehicle for longer than 2 hours between the hours of 9:00 a. m. and 5:00 p. m. except on Sundays and Public Holidays.

## SECTION 3.

No person shall park a vehicle on any street between the hours of 12:00 p. m. and 6:00 a. m. of any day, except physicians or other persons on bona fide emergency calls, during the period between November first of any year and May first of the following year.

## SECTION 4.

The driver of a bus shall not stand or park upon any street in any business district at any place other than at a bus stop, except that this provision shall not prevent the driver from temporarily stopping in accordance with other stopping or parking regulations at any place for the purpose of and while actually engaged in loading or unloading passengers. No person shall stop, stand, or park a vehicle other than a bus in a bus stop when any such stop has been officially designated and appropriately signed, except that the driver of a passenger vehicle may temporarily stop therein for the purpose of and while actually engaged in loading or unloading passengers when such stopping does not interfere with any bus waiting to enter or about to enter such zone.

## SECTION 5.

No vehicle shall be parked at any time on any public street or way so as to interfere with or hinder the removal of snow from

said street or way by the Town by plowing or loading and hauling. The Police Department or Road Commissioner may cause any vehicle so parked on any street or way so as to interfere or hinder the removal of snow by the Town by plowing or loading, or hauling, to be removed from the street, at the expense of the owner of such vehicle, and without the Town being liable for any damage that may be caused by such removal.

#### SECTION 6.

Where parking stands are marked, no person shall park a vehicle except in conformity therewith.

#### SECTION 7.

No person shall park or leave standing any vehicle upon the main traveled portion of any way when it is practicable to park such vehicle on the side of such way; and in any event a clear width of at least 10 feet upon the main traveled portion of said way shall be left for free passage of other vehicles.

#### SECTION 8.

From 7:00 a. m. to 6:00 p. m. on any day except Sundays and Public Holidays, trucks and drays are prohibited from loading or unloading freight, goods and merchandise at all places, stores and buildings upon Main Street between Green and Gilchrest Streets where it is possible to perform such work at the rear of the building.

#### SECTION 9.

The Selectmen of Thomaston after public notice and hearing, shall have the authority to designate bus stops and taxi stands, and the same shall be clearly marked; and to make such changes in other traffic or parking regulations as are deemed necessary.

#### SECTION 10.

Any person violating any of the provisions of this ordinance shall be subject to the general penalty imposed for violation of this ordinance; however, such person may elect, in lieu of such penalty, to pay the sum of 50 cents for each violation of any one section of this ordinance. Such payment shall in no event be construed as an enforced imposition of a fine or penalty, but on the other hand shall be construed to be an amount which an offender may voluntarily contribute toward the cost and expense of furnishing to the public a less expensive alternative method of regulating and administrating traffic law violations. Any violators making such payment shall be given a receipt for every such payment and a copy of such receipt shall be delivered forthwith to the

Town Treasurer. If however, such payment is not made at the Town Office within 48 hours after notice of such violation is served, by traffic ticket or otherwise, this alternative method is not available or applicable, and the penalty provided by this ordinance shall be imposed.

### CHAPTER 5, AMENDED POLICE DEPARTMENT AND CONSTABLES

#### SECTION 1. Establishment

There shall be a Police Department, the head of which shall be the Police Chief who shall be appointed by the Selectmen on the last Monday in the month of March annually or as soon thereafter as may be, who shall hold his office until another shall be appointed and qualified in his stead. He shall give bond, with sureties to the satisfaction of the Selectmen for the faithful discharge of his duties in the sum of Five Hundred Dollars (\$500.00).

#### SECTION 2. Number of Policemen.

The number of regular and special Policemen, including special fire Policemen and Constables shall be determined by, and each such Policeman or Constable shall be appointed by the Selectmen. Special Policemen shall have all the powers vested in the regular Policemen; said special Policemen shall, however, serve only when and as specifically required by the Town Manager or the Police Chief and shall function only under the direction of the Town Manager or the Police Chief. They shall assist the Town Manager or Police Chief whenever called upon and whenever called shall be compensated for services rendered as the Town Manager and Selectmen may determine. No Special Policeman shall be on duty as a Special Policeman at anytime or place and no Special Policeman shall be paid for Police services directly by any person other than the appropriate Town Officials.

During the absence or disability of the Police Chief, the Selectmen shall appoint one of the regular Policemen or Constables to have and exercise all power and authority, and perform all duties pertaining to the office of Police Chief.

#### SECTION 3. Duties of Police Chief.

The Police Chief shall be the Commanding Officer of the Police Department. He shall:

- a. Be responsible for the enforcement of law and order.
- b. Direct the Police work of the Town.
- c. Arrange for the attendance of one or more Police Officers at every fire, to preserve order and to prevent theft and destruction of property.

- d. Cause the Streets, Wharves and Lanes of the town to be inspected regularly, and cause to be removed all Nuisances, Obstructions or impediments therein, causing offenders to be prosecuted when necessary to abate such nuisance.
- e. Cause to be observed and reported immediately to the Town Manager all defects and want of repair in streets and sidewalks.
- f. Be responsible for the maintenance and care of all property used by the Police Department.
- g. Give an annual report on or before the first day of March to the Town Manager and Selectmen, reporting the number of arrests, a statement of the condition of the Police Service and such recommendations as he may see fit.

#### SECTION 4. Constables.

Constables shall observe all defects and want of repairs in the highways and streets of the town and give immediate notice thereof to the Town Manager. They shall to the utmost of their powers preserve the public peace and prevent all riots, disorders and unlawful practices within the town. They shall carry into execution, within the town, the laws of the State, and all ordinances of the town and be vigilant thereof. They shall obey and execute all rules and orders made and given them by the Town Manager or Police Chief. They shall when called upon by the Town Manager or Police Chief, to perform Police duties, be under the direction of the Police Chief.

### CHAPTER 3, ARTICLE 1

#### Vehicles In Motion

Amended to add the following section:

#### SECTION 9. Entering Traffic From Curb.

The driver of a vehicle starting from a curb or roadway edge shall yield the right-of-way to all moving traffic on the roadway; he shall not enter or attempt to enter such moving traffic until he can do so safely.

### ADDITIONAL ORDINANCES

#### PERTAINING TO CONTROL OF MANMADE OUTDOOR FIRES

#### Chapter 12

#### SECTION 1. Bonfires.

No person shall burn or cause to be burned any trash, lumber, hay, leaves or other combustible material in any street, public way, vacant lot, field or farm land without a permit from the Chief of

the Fire Department, such burning to be done only under proper safeguards as directed by the Chief of the Fire Department under penalty of \$10.00 for each such offense.

#### SECTION 2. Smoke Nuisance.

No person shall create or produce smoke of a density which causes substantial injury to the property of another or produces material annoyances or inconvenience to the occupants of adjacent or neighboring dwellings, or, which defiles carpets, curtains, linens or other household furnishings in adjacent or neighboring dwellings under penalty of the sum of \$10.00 for each offense.

#### SECTION 3. Incinerators.

No waste paper, cardboard boxes, trash, rags or other combustible material shall be burned other than in an incinerator of approved type except when the ground is wet or covered with snow, the type and location of said incinerator to meet the approval of the Chief of the Fire Department under penalty of \$10.00 for each offense.

#### SECTION 4. Combustible Decorations.

No celluloid, cotton batting, trees, leaves, vines or other highly inflammable material shall be used for decorative purposes in show windows or stores without a permit from the Chief of the Fire Department, nor shall any paper or other readily flammable material be used for decorative purposes in any place of public assembly unless such materials have first been treated to render them flameproof to the satisfaction of the Chief of the Fire Department under penalty of \$10.00 for each offense.

### FIRE DEPARTMENT BY-LAWS

#### SECTION 1.

The organization shall be known as the Thomaston Fire Department.

#### SECTION 2.

The department shall consist of a Chief, Deputy Chief, and an Assistant Chief to be appointed by the Board of Selectmen following the annual town meeting to serve for a term of one year or until their successors have been appointed and sworn in; and a company of not less than twenty-four or more than thirty men not including Juniors, those men to be assigned by the Chief to man the various pieces of equipment.

#### SECTION 3.

The chief and his assistants shall within a reasonable time after their appointment meet and organize themselves into a board

of engineers and shall be empowered to make such rules and regulations for their government as they may deem expedient. They shall have control of the engine house and all apparatus, and shall make such rules for the government, discipline and good order of the department and for the extenguishment of fires as they may deem expedient, the same being subject to the approval of the Board of Selectmen.

#### SECTION 4.

The chief shall have the sole and absolute control and command of all personnel and shall direct all proper measures for the extinguishment of fire, protection of property and preservation or order and the observance of all fire laws, ordinances and regulations. In the absence of the chief the senior officer present shall have all the authority of the chief and shall perform all of the duties required of the chief.

#### SECTION 5.

It shall be the duty of the Board of Engineers to appoint four captains and four lieutenants, consideration being given to qualification and other prerequisites, the appointees to serve at the pleasure of the board. A captain and lieutenant shall be assigned to each major piece of equipment. They shall have general oversight of the men assigned to their particular piece of equipment and shall be responsible for serviceability and cleanliness of same at all times.

#### SECTION 6.

It shall be the duty fo all members of the department upon an alarm for fire to immediately report for duty at their assignment and to so remain and carry out the orders of their superior officers and no man shall leave that assignment until orders to that effect have been given. Upon their return to the station all equipment shall be properly cleaned and cared for and put in readiness for subsequent calls, to the satisfaction of the senior officer present and no roll call shall be held until so ordered by said senior officer.

#### SECTION 7.

In case of fire or any alarm therefor, the fire department, its members and their equipment shall have the right of way in the streets, lanes, courts, alleys and places of the town as against all other persons, vehicles and animals, and, no person shall in any manner hinder or obstruct the free passage of said men or equipment. On the approach of fire equipment, men or apparatus,

all other vehicles shall be driven to the curb on the right side of the highway and so remain until such fire apparatus have passed. No person in any vehicle shall precede any fire equipment, apparatus or vehicle containing men responding to an alarm of fire. No person shall cause any vehicle to be driven over any hose of the department, or, remove, injure, or in any manner disturb any of the equipment except under the direction of the officer in command. No person not a member of the fire department or any legally constituted law enforcement organization shall during the course of a fire enter upon the premises or the building involved except by direction of the chief or one of his assistants. Whoever violates any of the provisions of this section shall be punished by a fine as provided in Chapter 3, Article 4, Section 10, Revised By-Laws, 1958, Town of Thomaston, Maine, for each such offense.

#### SECTION 8.

Parking on the northerly side of the Fire Station shall be diagonal to the curb and shall be confined to pleasure cars only and for a period not to exceed that designated in Chapter 3, Article 4, Section 2, Revised By-Laws, 1958, Town of Thomaston, Maine. Whoever violates any of the provisions of this section shall be punished by a fine as provided in Chapter 3, Article 4, Section 10, Revised By-Laws, 1958, Town of Thomaston, Maine, for each such offense.

Article 60. To see if the town will vote to authorize the Board of Assessors to apply the revenue from the Bank Stock Tax, Railroad and Telegraph Tax and Excise Tax to reduce the tax rate..

#### Recommended

Article 61. To see if the Town will vote to authorize and empower the Selectmen to lease the quarry lot situated on the Thomaston side of upper Pleasant Street from the Rockland Rockport Lime Company upon such terms as said Selectmen may determine, and to locate the town dump there.

The Selectmen hereby give notice that they will be in session at the above named hall and place of the meeting on Monday, the day of said meeting, for the purpose of correcting the list of voters, from 9.30 o'clock in the forenoon until the polls are closed.

The Selectmen hereby give notice that the polls shall be open for voting purposes for a period of at

least four hours on the day of said meeting, and that the polls will be opened at ten o'clock or as soon thereafter as may be possible in the forenoon of the day of said meeting and that the polls will not be closed earlier than six o'clock in the afternoon of said day.

The Business Meeting will be held at seven-thirty o'clock in the evening of said day.

Given under our hands this twelfth day of March  
A. D. 1958.

## Letter of Transmittal

To the Citizens of the Town of Thomaston:

On behalf of the Board of Selectmen, I have the privilege and duty of presenting herewith the reports of all departments of your municipal government for the period beginning February 15, 1958 and ending January 31, 1959.

Financial transactions of all municipal departments, abstracts from the auditor's report, and reports of all activities of the various departments and committees are included in this annual report.

A complete Audit report made by the State Auditing Department is on file, as well as the records of the town, which are available at all times for inspection by the citizens of Thomaston.

The Selectmen have generously served the town in their official capacity. Through their counsel and co-operation, the requirements voted at the regular town meeting have been fulfilled well within the total budget provided by the Taxpayers for the fiscal year.

Respectfully submitted,

LEON E. FITTS  
Town Manager

## Report of Selectmen and Town Manager

A brief summary of the 1958 functions and activities of the town departments which are under the supervision of the Board of Selectmen and Manager are as follows:

**Protection**—The fire department activities are well outlined in the report of the Fire Chief. The financial account is also reported in brief form. One of the major problems of the coming year is the installation of a new method of operation of the fire alarm system, due to the installation of the dial telephone service.

This problem was brought before the voters at a special town meeting, and it was voted to use the Red Network Telephone Service, which is now being used in several of the communities in this area. Since that vote was taken, many of the citizens feel that better service can be provided for with very little additional expense. Therefore, an article requested by petition, will bring the question before the voters for reconsideration of the action taken at the previous meeting.

The police department has been handicapped by not being able to hire a qualified person for the second officer. Advertisements have been placed in several newspapers with very little interest shown for this position. In most instances, the applicant with ability has requested more salary than can be offered.

We feel that on a temporary measure, the town has had adequate protection through the co-operation of our Police Chief, who has broadened his working hours and equipped his car with radio and been in reach by telephone at all hours.

**Health and Sanitation**—A detailed report of the Health Nurse and the Nurse Association will be found on other pages in this report. The town has financially assisted the health officer in offering required services to the town.

Nearly all the main sewers were cleaned during the year. A new manhole was constructed on West Main Street, and sewer extensions and manhole constructed on High Street making connection to the Montpelier property.

**Highway Department**—In addition to regular summer maintenance, snow removal and sanding, the department worked on the following projects during 1958:

A traffic circle was constructed at the Lura Libby school. The walk, voted at town meeting, was not completed, due to lack of time.

A section of Knox Street was constructed with joint funds from the State Aid Highway. This project consisted of excavating and refilling of 1050 feet of gravel base and surface with underground drainage of corrugated pipe ranging from 15 to 24 inches in diameter being connected to ten catchbasins. The repaving of the street surface to the width of 20 feet was done at the expense of the state, while the eight foot strip on each side was paved from the matching fund.

Fluker Street was constructed from Knox Street to Lawrence Avenue, a distance of 1400 feet. The job was completed at much less expense than anticipated due to salvage of fill removed from the Knox Street project.

A section of Gleason Street from Gilchrest Street to Knox Street was constructed. The deep ditches were filled and drainage improved.

Asphalt applications were made on all the previously treated streets and roads in the town. In past years, ap-

proximately two-thirds of these streets were treated each year, but due to being able to contract for such work, all streets were surfaced with available funds.

**Welfare**—Relief costs for the past year were less from previous years. The appropriations and balances are found within this report.

**Finances**—Outstanding obligations as of January 31, 1959 were as follows:

Lura Libby School Serial Notes	
\$5,000.00 due 1959	
\$2,000.00 due 1960	\$7,000.00
School Bonds	
\$5,000.00 @ 1 3/4% due annually	\$35,000.00
Fire Station Serial Notes	
\$3000.00 due annually	\$36,000.00

**Tax Collections**—.943% of the 1958 tax commitment was collected, leaving \$9,585.86 unpaid at the close of the fiscal year, January 31, 1959. Only four accounts totaling \$53.44 remain uncollected for the previous year commitment.

Respectfully submitted,

BOWDOIN L. GRAFTON  
Chairman, Board of Selectmen

LEON E. FITTS  
Town Manager

## Notice to Taxpayers

Before making an assessment, the assessors shall give reasonable notice in writing to the inhabitants by posting notifications in some public place in the town, or notify them in such other way as the town at its annual meeting directs, to make and bring into them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first of April of the same year. If any resident owner after such notice does not bring in such lists, he is hereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

Section 36, Chapter 92, R. S. 1954

---

## Notice to Veterans Desiring Exemptions

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; and provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement. Such notification once made need not be repeated in subsequent years.

Chapter 92, Section 6, Revised Statutes 1954.

All male residents over the age of 70 years desiring exemption from poll tax, shall notify the assessors in writing prior to April 1, 1959.

## Report of Chief of Fire Department

To the Town Manager and Board of Selectmen of the Town of Thomaston:

I have the honor to submit herewith the report of the Department for the year ending January 31, 1959.

During this 11 month period the Department responded to a total of 60 calls including 6 from out of town, classified as follows: Buildings 17; chimneys 8; range and power burners 4; automotive 2; grass 10; forest 1; emergency 15 and miscellaneous 3. Our property loss for the period was unusually heavy due entirely to the character of the property involved and delayed reporting. One fatality occurred, the first in many years.

**ADDITIONS AND IMPROVEMENTS:** A portable radio has been added to our equipment giving us communication from any point to the station, the other trucks and to adjacent departments on the radio hookup. A large fuel tank has been installed for the Diesel generator which will permit operation for an extended period in event of commercial power failure. Four of the old dry cell lanterns have been replaced with modern Wheat lights with half-mile beams and facilities for recharging. Hose was purchased as authorized by the last town meeting.

**DRILLS:** More than usual attention was devoted during the past year to drills with emphasis largely on rescue work and use of fog.

**BUFFALO:** Our main piece of equipment has seen more than 21 years of service and is beginning to show

signs of its age. Consideration must soon be given toward replacement and with that thought in mind we advocate the setting up of a Capital Reserve Fund with an initial appropriation of at least \$2,000. We are also asking for an appropriation for replacement of the original tires no longer considered safe.

**STATION ACTIVITY:** A substantial increase has been noted the past year in both Department and outside of the department activity at the station resulting in some additional operational expense. The Department is not averse to the use of the facilities for proper municipal, school or charitable use. We will co-operate to the fullest and feel that the benefit accruing to the public more than justifies the slight additional expense. Among other activities a Christmas party sponsored jointly by the Department, Ladies Auxiliary and Lions was given for children. The Department and Lions co-sponsored the World of Mirth Shows and plan to use a part of the proceeds the coming year in sponsorship of a Babe Ruth baseball team.

**RED NETWORK:** We of the Fire Department frankly feel that those citizens who induced the voters to accept the red network in lieu of a constantly manned station did the town a great dis-service. The slight additional cost to the average taxpayer or perhaps a dollar or so for the Department's plan would be more than compensated for by lower losses through the time element involved. How much insurance can be purchased for this amount, bearing in mind also that insurance can not restore lost lives or replace many of the things we value. We surely would not approve of this type of economy in the operation of our schools, the constructing of our roads or any other town function, yet, we vote to have our Fire Department operate under a system where the stakes are human lives and valuable property. We wonder what the reaction of any citizen would be should any of their

family become trapped on the upper floor of their home with the prospect of a possible five minute delay in the arrival of the Department.

**TRAFFIC REGULATIONS:** Many motorists still fail to give right of way to equipment or men responding to an alarm. The penalty for failure to yield the right of way, following within a distance of 500 feet or running over fire hose is quite severe. We hope we will not be forced to seek court action. As an example of what could happen we cite the recent happening in New Haven, Conn., of a car running into the rear of a truck responding to an alarm with the result that 2 firemen were killed, 5 persons injured and a \$22,000 piece of equipment totally destroyed.

We conclude our report by thanking all those who have co-operated with us and by reminding the public to secure permits as required. A careless act may mean someone's life or property.

Respectfully submitted,

EDWIN A. ANDERSON  
Chief of the Department

## Report of Chief of Police

To the Town Manager and Board of Selectmen:

Dear Sirs:

The report of the police department for the fiscal year is hereby submitted. The Department is proud of it's record for the past year. The number of arrests have decreased from the previous year and the cost of keeping the arrests down have again fallen on your officers, as in the past, the officers have had to use their own vehicle to answer all calls. The time and trend has changed from the day of the "On Foot Officer". Nearly all of our calls today have to be answered by car, the distance being to great to walk. If this were done by foot it would not be of any help to the person making the complaint. It is the hope of this department that in the near future some kind of transportation will be provided. Four months ago I put a transmitter and receiver into my own vehicle at no expense to the Town and at the present time we are in contact with the State Police at all times. Any calls that are not received at the office are directed to the State Police and they in turn contact us by radio.

This department has been one of the departments in the State that has received praise from the Highway Safety Committee. We have received a citation from that committee on no pedestrian accidents for 1957 and 1958.

The school boy patrol was organized this past year and it is doing a remarkable job. The patrol has it's own officers under the direction of it's teachers at the schools. Much praise goes to these children, teachers and the parents. The patrol does not operate in the Winter months but when the weather is warmer will be in effect

again. The patrol has received rain coats and hats from the Lions Club, also donations for uniform patrol caps for the coming year. The purpose being to avoid question that they are patrol members. This department has a lot of praise for this patrol.

The safety committee at the High School under the direction of Jean Melgard has done an outstanding job. The committee has found a place for the school children to park their cars so that there is no on-the-street parking at the present time. The next project was to keep the children from walking in the street to and from school. This was headed by the committee with the assistance of Trooper Boadreau of the State Police Force. The problem of getting the children to walk on the sidewalk was difficult, due to the fact that they have been walking in the Street for many years. This problem has now been taken care of and at present they use the sidewalks unless it has not been cleared of snow. This shows what can be done if they try. Much praise goes to the children and the committee for a job well done.

Our complaints on fire arms have decreased. There has been less insulators and lightbulbs destroyed this year than in the past. The law on B. B. Guns has been strictly enforced. A total of sixteen guns were picked up by this department and the parents requested to visit my office to claim them and also to receive an explanation of the law regarding the use of B. B. Guns.

The department had a total of sixty-two complaints that were answered. Four dogs were disposed of. Eighty-five parking tickets were issued. Break down as follows: 27 paid tickets. 15 warnings for snow removal. 22 warnings for overnight parking and 21 courtesy tickets.

Arrests for the year 28. Break down as follows: Illegal possession of liquor 2. Drunken driving 3. Park-

ing to close to fire equipment 1. Imprudent driving 3. Intoxication on the street 3. Mis-statement of facts on hunting license 1. Speeding 8. Reckless driving 1. Failure to stop for officer at school crossing 1. Indecent exposure 1. Malicious mischief 2. Passing on hill 2.

The curfew law has been a great help, as soon as it was in effect there has not been the children on the streets that there has been in the past.

In conclusion I would like to express my appreciation and thanks to the people of Thomaston for their co-operation. Without this support we could not have the fine record that we have today. This department also would like to take this opportunity to thank the officers and men of the State Police for the help that they have given this department.

Respectfully submitted,

ALFRED H. TEEL  
Chief of Police

## Report of Park Commission

The Thomaston Park Commission wishes to make the following report for the year.

Improvements were made on the Little League Baseball Field. These were made under the supervision of Russell Kelley, a member of the Board who was able to accomplish this without cost to the town. This was made possible through the generous co-operation of the Dragon Cement Company.

The Thomaston Lion's Club was granted permission to build a basketball court adjourning the Lura Libby School ground. This has been completed and presented for acceptance of the town at its annual meeting.

Additional improvements were made on the skating pond. Several hundred yards of fill were added, taken from Knox Street when it was rebuilt. This has added to the skating area and reduced the depth of the water. Lights for skating were installed and the skating pond has been a great source of recreation for the town's people. Thanks and much credit should be given to Adriel Fales for his generous time given to keeping the ice scraped and sprayed with water to keep it smooth.

Respectfully submitted,

THOMASTON PARK COMMISSION

## Thomaston Public Library

The aim of the Trustees of the Thomaston Public Library is to serve the public. With this in mind, they voted at their meeting in July 1958 to have the library open on four afternoons and evenings a week from two to eight o'clock. In addition to the librarian and assistant librarian, a high school student, recommended by the faculty is working part time as a trainee.

Income from invested funds for general library operation has amounted to \$2,770.98; fines were \$42.54; \$400 of the town's appropriation has been drawn, making total receipts \$4,213.52, which with the cash balance of \$238.53 as of February 15, 1958, made \$3,420.05 available for operating the library. Expenditures have been as follows:

Salaries	\$2,173.00
Rent	504.00
Electricity	88.81
P. O. Box Rent	9.00
Maine Library Assn.	4.00
New Book Case	115.00
Miscellaneous	34.74
	<hr/>
	\$2,928.55

The balance in checking account January 31, 1959 was \$523.50. Expenses for the coming fiscal year have been estimated at \$3,250.

Income from the Book Fund for the period February 15, 1958 to January 31, 1959, has been \$2,889.69. Expenditures have been \$2,228.04 as follows:

Books (fiction and non-fiction)	\$1,235.09
Magazines	179.51
Newspaper	74.25
Encyclopedia Britannica, Reference	
Books and Dictionaries for school	724.88
Miscellaneous	14.31
	<hr/>
	\$2,228.04

The cash balance in the Book Fund checking account as of January 31, 1959, is \$5,626.43.

For the third consecutive year part of the income from the Book Fund has been used for the purchase of reference books needed by the town's children in their school work. This is much appreciated by both teachers and pupils. With our financial ability to purchase books, our great problem is the lack of space.

Through the kindness of Mr. Leonard Packard, a former principal at Green Street School, the library has received 50 copies of "The Town That Went to Sea," written by his wife, Aubigne Lermond Packard. This gift is much appreciated and is hereby publicly acknowledged.

The Trustees hold quarterly meetings, when library affairs are thoroughly discussed. The Book Committee meets frequently, and endeavors to purchase books to suit all tastes. It helps the Committee a great deal to have lists of wanted books furnished. The Librarian is glad to accept such lists. Our selection of children's books, many of which are selected from lists furnished by the teachers, is large.

Visitors to the library speak of the excellent selection of books, both fiction and non-fiction, and periodicals, and the pleasant atmosphere of our library.

The Trustees are thoroughly interested in the welfare of the library, and will welcome your suggestions for bettering the service.

R. O. ELLIOT

F. D. ELLIOT

A. M. STROUT

Trustees

**THOMASTON PUBLIC LIBRARY**

To the Trustees of the Thomaston Public Library

Gentlemen:

I herewith submit the report of the Thomaston Public Library for the year ending March 1, 1959.

Number of Books in the Library, March 1, 1958      13,900

Added by Purchase	415
Added by Gift	25
<hr/>	
	440
Total number of books in the library	14,340
Volumes Circulated March 1, 1958 to	
March 1, 1959	11,371
Largest circulation March 22, 1958	130
Smallest circulation, July 17, 1958	14
Average Daily Circulation	55
Cards issued up to March 1, 1959	5,639
New Cards Issued	126

Mary B. Gay, R. N., School Nurse

\* Part time.

To the members of the Superintending School Committee and citizens of Thomaston:

It has been a pleasure to be connected with the schools in Thomaston. There is always an eager interest among the parents, teachers, as well as the town officers, in what is best for the children.

**High School:** The crowded conditions existing at the high school building during the past year were somewhat alleviated by building a partition in the largest classrooms on the second floor. While this still left us

with conditions far from adequate, it was possible to have rooms for all of the children to meet with their teachers.

Our music program suffers the most since it is not possible to hold a class in the present auditorium without having a study hall going on there at the same time.

Beginning with the Fall of 1959, our problem will be much greater since it will be necessary to care for at least forty (40) new pupils who will be coming into this building. We have a graduating class of twenty (20) and a beginning class of sixty (60) pupils coming from the Green Street School. This does not take into consideration the number of pupils coming from other towns.

It is proposed that this situation be met first by adding another teaching position to the high school faculty. The stage will be torn out of the present auditorium and a new classroom substituted on the south side of the building. This will be suitable for use at a later date if other uses for the building are contemplated. It will provide a room 17 ft. by 39 ft.

At the present time, teachers are being hired to teach in grades seven through twelve. This permits us versatility in our faculty, not possible if only four years of the school are considered as secondary education.

Teachers may teach in their major field only. A more varied program can be offered in grades 7 and 8. Equipment and teaching materials may be used to better advantage. For example Freshman Latin is being offered again this year. It is urged that all of the pupils continue the course for a second year if real value is to be gained by the individual.

Under the able leadership of Mrs. Tower, we are moving toward a stronger course in higher mathematics in our senior year. Elements of Analytical Geometry and Calculus are being introduced into the course this year.

Those pupils in grade eight who have reached the level of achievement in arithmetic to profit from the course will be given an introduction in elementary algebra during the second semester.

**Faculty Changes:** Each year some teachers leave us for other positions and are replaced by new personnel. Listed below are the faculty changes for 1958-59.

#### Thomaston High School

Clarence E. Woodbury, Jr.	Principal and U. S. History
Lorraine Niemi (Mrs.)	English, Latin, Dramatics
Nathan C. King	Grades 7 and 8 Departmental

#### Lura Libby School

Gwendolyn M. Thornton (Miss)	Grade 3
Virginia Frankowski (Miss)	Grade 1

#### Elementary Schools

David R. Sullivan	Art
-------------------	-----

During the past year, the following people have left our employment:

Carroll N. Wallace	Teaching in Florida
John M. Fletcher	Unknown
Ruby Harris (Mrs.)	Unknown
Nellie Starrett (Mrs.)	Retired
Marie B. Singer (Mrs.)	Retired
Gary L. Beckwith	Teaching in Portland

#### I. Comparative Elementary Enrollments

Year	SP	1	2	3	4	5	6	7	8	Totals
1958-1959	56	53	34	43	48	45	65	48	49	441

1956-1957	39	43	48	51	65	48	44	33	47	418
1955-1956	40	51	55	68	51	49	35	48	42	439

## II. Comparative High School Enrollments

Town-Year	9	10	11	12	Totals
Thomaston	39	37	31	14	121
Cushing	6	4	6	2	18
Friendship	0	0	1	0	1
North Haven	0	0	0	1	1
South Thomaston	1	2	1	2	6
Warren	0	1	0	1	2
1958-1959	46(7)	44( 7)	39(8)	20(6)	149(28)
1957-1958	41(2)	50(10)	24(7)	26(5)	141(24)
1956-1957	47(8)	29( 5)	34(5)	26(3)	136(21)
1955-1956	33(4)	36( 6)	30(2)	21(3)	120(15)

### SCHOOL LUNCH

For the first time, the Town has been asked to contribute to the School Lunch. In the past, government surpluses, and the children's contribution have taken care of all operating expenses of the lunch program.

The past few years has seen the contribution made by the Federal Government shrink to half of what used to be received in subsidy and more than half in food distributed by the United States Department of Agriculture. The accompanying inflation has resulted in an inability to make both ends meet in spite of an increase in the amount charged for lunches.

In the year ending in June, 1958, we served 19,117 meals to children. 2,039 of these were served at no charge. At the same time, the children drank 38,424 bottles of milk.

From September to January, of this year 8,015 meals were served. Since the services at the high school did not start until cold weather, it appears that a higher percentage of our pupils are eating the lunch.

We are limited in the number of pupils which may be served. Lunches are served at three locations and children must eat in their classrooms. A cafeteria would greatly assist the efficient operation of the program.

As the program grows, consideration should be given to providing more hot water, more cold storage, additional cooking surfaces, and a dishwasher.

### AREA SCHOOLS

The Superintending School Committee, Board of Selectmen, and many interested citizens have been carrying on studies with adjoining towns to determine the advisability of joining them to organize an Administrative District under the terms of the Sinclair Law passed by the last Legislature.

One of the difficulties encountered has been securing the interest of a sufficient number of towns to provide the minimum number of pupils to permit the union.

A study involving the towns of Thomaston, Cushing, St. George, Warren and Union gathered full information leading to the formation of a District. This group discontinued their study when early in the summer the Superintending School Committee indicated they would like to look further before making a decision to join this district.

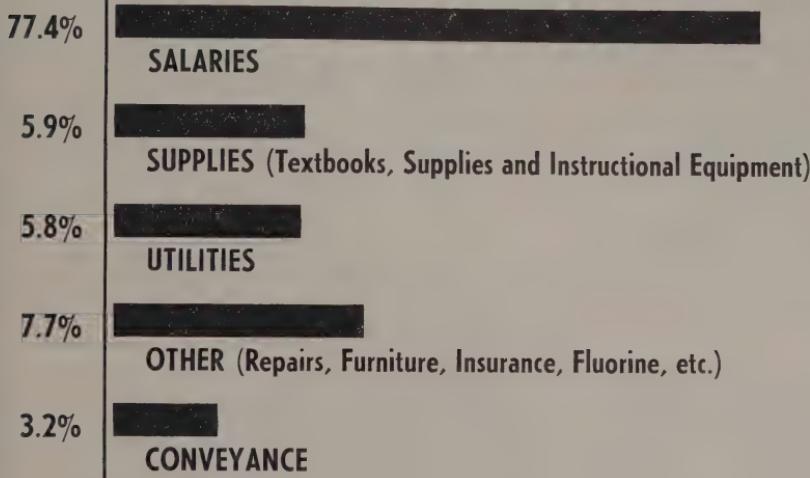

In October, 1958, the Superintending School Committee petitioned the School District Commission to join Administrative District 5. Late in January the Commission approved the application and introduced legislation to permit the town to vote to join District 5 along with the towns of Cushing, Rockport, St. George and Warren.

When the Bill is adopted by the Legislature, it must be approved by the communities mentioned in the Bill and then by the Administrative District before admission to the District is possible.

Failing to be admitted to District 5, we shall still be faced with our over-crowded conditions and must look elsewhere for their solution.

**CONCLUSION**

In closing, on behalf of the Thomaston School Personnel, may I express thanks to all of those who in any way possible have helped with the various phases of the school program. Your many kindnesses and considerations are earnestly appreciated. It is our pledge to continue to work toward the improvement of our schools.

Respectfully submitted,

O. J. GUPTILL, JR.  
Superintendent of Schools

## Report of Budget and Planning Committee

The Budget and Planning Committee held nine regular and three special meetings during the past year with an average attendance of twelve members present per meeting. This committee consists of the five selectmen, twelve other citizens of the town, a member of the school board, and the Town Manager.

At the meeting of this committee held on April 8, 1958, the first following the Annual Town Meeting, officers were elected as follows by those present: John N. Morrison, Chairman; J. Warren Everett, Vice-chairman; and Mrs. Forest W. Stone, Secretary.

Many problems relative to municipal affairs have come to the attention of this committee during the year, and much discussion and consideration have been devoted to them. Among these have been:

(1) By-laws relative to licensing and control of Trailers and Trailer Parks, with this committee going on record as favoring such legislation.

(2) Adoption of a Building Code suitable to the needs of our town for which the committee has gone on record as favoring.

(3) Admission of the town of Thomaston into the then proposed School Administrative District comprised of the city of Rockland and the towns of Owls Head and South Thomaston. The committee went on record as favoring such action by voting to ask the School Committee to request admission to said district.

(4) Consideration of the Red Network Fire Alarm System. This was explained to the committee by a representative of the New England Telephone and Telegraph Company. An alternate warning plan was presented and proposed for adoption by the Fire Department.

(5) A request by the Superintendent of Schools and the Superintending School Committee for a subsidy to make up an impending deficit in the School Hot Lunch program. It was voted to recommend that such subsidy as is needed be made available in order that the Hot Lunch program would be continued.

(6) School and regular budget items as well as special articles which appear in the warrant as presented in this Town Report. Action taken by this committee with respect to these is noted.

(7) This committee, with the exception of the Selectmen, has also acted as an appeal board in six instances on requests brought before it for deviation from existing laws or ordinances.

Regular meetings of this committee are held on the second Tuesday of each month, with the exception of the summer months, and special meetings are held whenever necessary. Meetings are open to all citizens who desire to attend, and suggestions and ideas are always welcome.

Respectfully submitted,

JOHN N. MORRISON, Chairman  
MARGARET M. STONE, Secretary

## Auditor's Report

STATE OF MAINE

State Department of Audit

AUGUSTA

March 3, 1959

Board of Selectmen  
Thomaston, Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of Thomaston for the fiscal year ended January 31, 1959.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditors R. M. Parsons and P. H. Allen of the State Department of Audit.

The audit analysis included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO

State Auditor

## COMMENTS

### Town of Thomaston

**February 16, 1958 to January 31, 1959**

An audit of the financial records maintained by the various officers of the Town of Thomaston has been completed for the fiscal year ended January 31, 1959.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules.

The fiscal year's operations showed that the amount lapsed to surplus was \$12,382.00, per the following summary:

#### Departmental Operations:

Unexpended Balances	\$12,689.31
Overdrafts	2,648.82
Net Unexpended Balances	\$10,040.49
Actual Revenue Over Estimate	2,341.51
Lapsed to Unappropriated Surplus	<u><u>\$12,382.00</u></u>

The overlay, unexpended balances in the charity and protection accounts and the excess of actual revenue over estimate were the principal factors contributing to the amount carried to surplus.

## ASSETS

The general fund cash balance of \$22,287.24 was reconciled with a statement furnished by the Thomaston National Bank, Thomaston, Maine, and by count of petty cash.

Accounts receivable amounted to \$698.48 and were comprised principally of amounts due from other municipalities and the state for charity cases.

Taxes receivable totaled \$9,639.30 which consisted for the most part of current year accounts.

Other general fund assets totaling \$4,111.41 included tax liens and tax acquired property.

### **RESERVES AND SURPLUS**

The appropriation accounts showed unexpended balances of \$7,437.31 representing various operating account balances carried forward to the ensuing year in accordance with legal requirements and/or authority of the municipal officers.

Other reserves include uninvested capital reserve funds totaling \$1,560.00 which were created during the year for future school bus and sewer expenses.

The unappropriated surplus amounted to \$25,567.19, an increase of \$564.27 for the year. The change was occasioned principally by net unexpended balances lapsed, less authorized appropriations for various purposes.

### **DEBT FUND**

The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding Libby School addition notes of \$7,000.00, fire station notes of \$34,000.00 and school construction bonds of \$35,000.00, which mature during the ensuing twelve years.

### **TRUST AND RESERVE FUNDS**

Trust funds totaled \$263,355.81 at January 31, 1959. This amount represented principal accounts of \$236,564.85 and unexpended income of \$26,790.96. These funds are invested in various type securities and/or on deposit in the Thomaston National Bank, Thomaston, Maine.

Securities of the Library and Library Book Funds are contained in a safe deposit box in the Thomaston National Bank, Thomaston, Maine. The library trustees,

who are not bonded, and the town treasurer have access to the securities.

### DEPARTMENTAL ACCOUNTS

The departmental operating accounts showed a decrease of \$8,250.36 in funds raised by taxation, as compared with the preceding year. An increase in the amount of estimated revenue applied to reduce the tax levy was the principal factor contributing to the decrease.

Departmental balances carried forward to the ensuing year decreased \$7,293.68, as compared with balances at the start of the year. This change appeared principally in the education and unclassified accounts.

### GENERAL

The townspeople authorized the use of revenue received from excise taxes, bank stock tax and railroad and telegraph tax together with the prior years unexpended balance in the aerial maps account to reduce the 1958 tax levy. Appropriations from surplus for various departmental operations also was authorized.

Recommendations concerning accounting procedures and control were submitted to the municipal officers and town manager for their attention.

### SCOPE OF AUDIT

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recording cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the depository and by direct bank confirmation. External verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls

and canceled checks were examined for a selected period. Canceled bonds, notes and bond coupons also were examined.

Excise tax collections were verified with the copies of receipts retained by the collector. Education account balances were checked with the Superintendent of Schools. Trust fund transactions and investments were examined. Surety bond coverage was reviewed.

In our opinion, subject to the foregoing comments, the accompanying balance sheet, and supporting information present fairly the financial position of the town at January 31, 1959, and the results of its operations for the year then ended.

## Town Warrant

### State of Maine

To LEON E. FITTS, a constable of the Town of Thomaston in the County of Knox, GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Thomaston in said County, qualified by law to vote in town affairs to meet and assemble at Watts Hall in said town on Monday, the thirtieth day of March A. D. 1959 at 10:00 o'clock in the forenoon, then and there to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose the following municipal officers:

Selectmen for three years (1)

Member of School Committee for three years (1)

Assessor for three years (1)

Town Clerk for one year (1)

Member of Budget Committee for three years (4)

Member of Budget Committee for two years (2)

Member of Park Commission for three years (3)

Member of Park Commission for one year (1)

All other necessary Town Officers and Committees.

Article 3. To hear the report of the municipal officers and take such action thereon as may be desirable.

Article 4. To see if the town will vote to carry forward the unexpended balances and overdrafts as shown below in their respective accounts:

A. Social Security	\$ 245.56
B. Withholding Tax	1,340.20
C. School Equipment and Repairs	277.91
D. Fluorine Treatment	180.00

This Town Report is dedicated to the memory of  
**LEON EARLE FITTS**

who served as Town Manager from 1953 to August 12, 1959, the date of his death. He was born in the town of Stetson April 26, 1907.

Leon E. Fitts was an honest, sincere, unassuming man, a courteous and painstaking official, who took time and care in forming a policy which he held to with firmness.

To his widow, the former Thelma Downes, and his children the Town extends its sympathy.

## Town Manager's Report

The decease of your former town manager, Mr. Fitts, was a severe loss to the community and I am pleased to have your Selectmen dedicate this annual report in his honor, in memory of the faithful, dependable manner he served your town.

Serving as your manager since October 5, 1959 has meant I entered your employ during the last half of the fiscal year, when most of the planned projects of the year had been completed. The town experienced a very successful year in tax collections, with a total of 96.07% of the 1959 tax committment having been collected.

Your town had the largest appropriation last year, it had ever had, owing to its educational costs increase. This necessitated borrowing more money than ever before to conduct town business. With your tax paying method not having had any penalty charge for paying taxes before a given date, there was no incentive for people to pay taxes before the last minute when the books would be closing for the year's end. With this problem in mind I have, with the consent of your Selectmen, established a tax coupon payment plan and to date there are over 30 taxpayers contributing monthly to this plan. It is felt that this number will increase substantially by another year, especially if the town votes to adopt the article in the town warrant pertaining to interest on late payment of taxes.

Your Selectmen and town manager have met at 53 meetings, this past year, and all matters on the agenda have been thoroughly discussed and your tax dollars spent to the best possible advantage, to give you the program you voted at town meeting.

Respectfully submitted,

ARCHER J. SCRIBNER  
Town Manager

## Selectmen's Report

This has been a rather busy year, in town business, and while our problems have been many and varied it is a pleasure to report that it has been another successful year in regard to keeping within our appropriations, on most of the accounts.

The reports of the fire and police departments indicate that both of these departments are functioning within their respective budgets and the activity reports outline the protection they have given you the past year.

The highway department has reconstructed 1,050 feet of State-Aid Road on Knox Street, installed 1,150 feet of 18-inch - 24-inch under drain, built eight catch basins, graveled and tarred at a total cost of \$10,325.30. Hyler Street was widened, all driveway culverts eliminated, graveled and tarred from Knox Street to the Harold Richardson tenement house, and 160 feet of hot top sidewalk built. Fluker Street was extended to Roxbury Street and base graveled, for a distance of approximately 800 feet. This will be surfaced and tarred this summer.

We have experienced a very costly year in snow removal, as you will note by the snow removal account. This was caused mainly by having had expenses in excess of \$5,000 last spring before we started the current winter's work. We also purchased a new sander and new plow wing this winter; both of these items were necessary. We are now able to sand our roads with only the truck operator, as all controls are cab controlled. We are also getting a much further coverage on each load of sand.

We have obtained a three-quarter ton pickup truck from the Civilian Defense Agency at a cost of \$60.

The truck replaces the older pickup truck which is no longer usable. We need more equipment for our highway department and are in hopes, through Civil Defense, to supplement our present equipment with a power grader and possibly a heavier snow plow truck. We are plowing and sanding 22 miles of road and at times this is most trying especially on early morning storms when everyone must be able to go to work.

Our welfare costs have continued on comparatively the same basis as last year and you will note by the account statement we have made it possible for the indigent to have surplus foods issued them monthly.

The coping was removed from Watts Block this year and the exterior brick work is now in good condition. All exterior woodwork was painted. The bad fire hazard which existed on the auditorium stage has been eliminated, all drop curtains and side panels have been removed, the plastered walls and ceiling have been painted, the floor refinished and a new fireproof curtain added. These have been long needed improvements to our building.

A complete audit of our records has been completed by the State Department of Audit and is on file in the town office, also you will note the required audit statement is printed in this report. We have endeavored to give you a clear report of all town departments, receipts and expenditures.

The Board of Selectmen meet each Monday evening at 6:30 to discuss the town's business and approve all expenditures. We would welcome any suggestions you, the taxpayers, might have to make Thomaston a better community in which to live.

Respectfully submitted,

BOWDOIN L. GRAFTON  
Chairman, Board of Selectmen

## Report of Assessors

## Notice To Veterans Desiring Exemptions

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; and provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement. Such notification once made need not be repeated in subsequent years.

Chapter 92, Section 6, Revised Statutes 1954.

All male residents over the age of 70 years desiring exemption from poll tax, shall notify the assessors in writing prior to April 1, 1960.

VIRGINIA H. PUTNAM  
Town Clerk

## Report of Chief of Fire Department

To the Town Manager and Board of Selectmen of the Town of Thomaston:

I have the honor to submit herewith the report of the Department for the year ending January 31, 1960.

During this period the Department responded to a total of 103 calls including 10 for assistance to other towns; classified as follows: buildings 16; chimneys 8; grass and forest 19; range and power burners 9; automotive 7; rubbish and leaves 12; electrical 2; emergency 23 and miscellaneous 7. We were plagued by a rash of incendiary fires in June which involved one house and three barns in the investigation of which we were assisted by the State Insurance Department. Losses for the year were moderate.

**ADDITIONS AND IMPROVEMENTS:** A new desk for the dispatcher was built and the old one moved to the small vacant room which now serves as quarters for the Board of Engineers and provides sleeping facilities for another man. Three metal lockers were donated by the Ladies' Auxiliary. The last of the dry cell operated lanterns were replaced by two more Wheat lights.

**BUFFALO:** The tires were replaced at a considerable saving from the estimated cost and certain other repairs were made keeping it in an operable condition. However, this truck is now in its 23rd year of service, and, as last year, we recommend a further appropriation to the Capital Reserve fund for its eventual replacement.

**DRILLS:** Several drills were held during the year, including a demonstration to the Parent-Teacher As-

sociation at their October meeting. We are grateful to the Dragon Cement Company for the privilege of burning the buildings on the Harold Butler farm which enabled us to carry out a very practical drill on rescue operations and use of fog under actual conditions. We were joined in this drill by the Rockland Department.

**STATION ACTIVITY:** The usual Christmas party for school children co-sponsored by the Lions, our Department and the Auxiliary, was held at the station and the facilities were made available to the Chamber of Commerce and the Senior Parents Club for their meetings, also for a food sale for the benefit of the Girl Scouts. The Department the past year sponsored the local team of the Babe Ruth Base Ball League.

**DIAL SYSTEM:** On May 3rd, the telephone system was cut over to the dial and a manned station went into effect. Some confusion has resulted in that many calls are received for the Town Office and the red network phone often used for other than emergency calls. Printed cards are available with alarm numbers and instructions clearly outlined.

**APPROPRIATIONS:** We recommended an appropriation of \$1,350 for the purchase of the C. D. Rescue truck which contains much valuable equipment. This figure is less than a quarter of the original cost. We also recommended a small increase in the salary of the officers to bring it more in line with the earnings of the men.

We conclude our report by expressing our appreciation to all who have cooperated with us the past year and with the hope of a continuation of same and pledge ourselves to render the best service possible.

Respectfully submitted,  
EDWIN A. ANDERSON  
Chief of the Department

## Report of Chief of Police

To The Town Manager and Board of Selectmen:

I herewith submit a report of the Police Department for the year ending January 31, 1960.

Police activities are increasing, and during this past year we have been faced with some very serious parking problems. Signs have been erected at these trouble areas, and it is hoped that it will not inconvenience you, the public. It is the only way that safety for all can be accomplished.

We are still faced with the problem of not having transportation, other than our own vehicles. The expense of operating our own cars is a burden, and I wish to mention as an example the month of January 1960, a typical month. During this month the officers' cars were used only for routine patrol, however, a total of 354 miles of patrol was covered. We try to cover the area where it is most needed. We hope that some action will be taken to provide needed transportation. At the present time each officer is paid \$3.00 a week for gas. This is the only remuneration we receive for the use of our cars. You are being asked to provide us with a cruiser car, and most certainly you can realize our need for this.

We wish to extend thanks to the School-Boy Patrol who have been doing an outstanding job. We hope to be able to make some arrangements whereby this patrol will be able to attend a free movie in Rockland once a week. Much praise goes to the High School students for their co-operation in using the sidewalk instead of the streets this past year.

One of our major complaints this past year has been dogs, that have been running loose and making

a disturbance. I believe that, for a town the size of Thomaston, there are more dogs running loose than in any other town of its size, possible we will be forced to use the dog law whereby all dogs will either be on a leash or be muzzled when outside their enclosure.

The department had a total of 85 complaints that were answered. Six dogs were disposed of. We issued 162 parking tickets as follows:

48 Warning Tickets Snow Removal  
50 Courtesy Tickets  
25 Unpaid Tickets  
39 Paid Tickets

There were 32 arrests for the year as follows:

No registration on vehicle	1
Failure to report accident	1
Selling clams without a license	1
Driving to endanger	1
Failure to stop at stop sign	1
Non-support	1
Dumping rubbish on highway	2
Illegal possession of Liquor	1
Assault and battery	1
Malicious mischief	3
Petty larceny	1
Intoxication	3
Failure to comply with the Fire Inspector	1
Drunken driver	1
Driving without a license	2
Breaking, entering and larceny	1
Breaking and entering	1
Speeding	2
Imprudent driving	4
Failure to yield right of way	1
Leaving the scene	1
Bad check	1

There were 12 doors found unlocked and 25 lights were reported out. Thirty-two accidents were investigated by the department, with an estimated damage of \$6,165.00.

We have been given the privilege of moving upstairs over the town office, where we have an office of our own.

I would like to express our appreciation to the other law enforcement bodies who have given us assistance. The State Police have been our only means of communication while we are on patrol in the car.

I wish to express my appreciation and thanks to the people of Thomaston. Their co-operation has been outstanding, and with this kind of support it is a pleasure and a privilege to be an officer for your town. We will continue to serve you to the best of our ability.

Respectfully submitted,

ALFRED H. TEEL  
Chief of Police

## Report of Overseer of the Poor

	<b>Appropriations and Credits</b>
Town Poor	\$ 4,812.70
Aid to Veterans and Old Age	
Assistance	2,000.00
State Poor	595.18

Edna A. Hahn, Treasurer

February 29, 1960

## Thomaston Public Library

The income from investments in the Public Library Fund amounted to \$2,910.96; fines to \$89.20, making the total income \$3,001.16 for the fiscal year 1959. January bills of \$318.14 were paid from the town's appropriation of \$550. Expenditures from investment income and town appropriation were as follows:

Salaries:	
Librarian	\$1,200.00
Assistant	650.00
Other	178.40
Janitor	300.00
	<hr/>
	\$2,328.40
Rent 11 mos.	462.00
Electricity	97.76
Post Office Box Rent	9.00
Safe Deposit Box Rent (2 years)	22.00
Stamped Envelopes	28.20
Dues Maine Library Association	4.00
Insurance	20.85
Supplies	33.25
	<hr/>
	\$3,005.46

Expenses for the fiscal year commencing February 1, 1960, are estimated at least \$3,750.

Income from the Library Book fund for the period February 1, 1959 to January 31, 1960, was \$3,229.72. During this period \$1,577.92 was spent as follows:

Books	\$1,306.52
Magazines	205.40
Newspapers	66.00

A new Encyclopedia Britannica was included in the purchases, and the old one given to the school department.

Due to the crowded condition of the shelves, the Trustees have taken an additional room, where books which should not be destroyed may be stored, but still be readily available when called for. This will leave shelf room available for books which may be purchased.

In December Miss Ella Gillchrest, who has served the library faithfully for going on 40 years, fell and broke her hip. Mrs. Gardiner is carrying on with the capable assistance of Miss Lena Shorey and Miss Maureen Carroll.

After the books closed on January 31, the Depositors Trust Company, Trustee under the will of Mrs. Caroline Counce Watts, turned over the President of the Trustees, cash and securities amounting to \$20,942.55, of which \$136.44 is accrued interest. This bequest is to be known as the "Emma E. Counce Fund," and may be used for general library expenses and maintenance.

The Trustees have held quarterly meetings and kept their fingers on library operations. Any suggestions which will lead to more efficient operation of the library will be appreciated.

The Book Committee will welcome requests for wanted books. Leave your lists with the librarian.

RICHARD O. ELLIOT  
President

**THOMASTON PUBLIC LIBRARY**

To the Trustees of the Thomaston Public Library,

Sirs:

I herewith submit the report of the Thomaston Public Library for the year ending March 1, 1960.

Number of books in Library, March 1, 1959	14,340
Added by purchase	482
Added by gift	28
<hr/>	
Total	510
Total number of books in the Library	14,850
Volumes circulated March 1, 1959 to March 1, 1960	11,809
Largest circulation on April 18, 1959	119
Smallest circulation on December 24, 1959	8
Average Daily circulation	58.5
Cards issued up to March 1, 1959	5765
New cards issued	105
Total number of cards issued to March 1, 1960	5870

Respectfully submitted,

FLORENCE H. GARDINER

## Report of Superintendent of Schools

### SCHOOL COMMITTEE

Dr. Eivind R. Moss	Term Expires 1960
Beniah C. Harding (Chairman)	Term Expires 1961
Albert B. Elliot	Term Expires 1962
Orville J. Guptill, Jr., Superintendent	

### TEACHERS

#### High School

Clarence E. Woodbury, Jr., Principal, U. S. History  
Lona A. Tower, Vice Principal, Mathematics  
Roger Bickford, French, English, Driver Education  
Henry R. Carey, Grades 7 and 8 Departmental, Science  
Francis P. Leary, Social Studies, Athletic Director  
Lorraine Niemi, English, Latin, Dramatics  
Leonard Osier, Science  
Stanley A. Sawyer, Commercial  
Frank J. Vaitones, Industrial Education  
Avis T. Colson, Mathematics, Social Science  
Elizabeth Grafton, Grades 7 and 8 Departmental, Music  
Nathan C. King, Grades 7 and 8 Departmental, Coaching, Mathematics  
Anna L. Wolfe, Grades 7 and 8 Departmental, Art.  
Gene S. Wilbur, English, Social Science

#### Green Street School

Lloyd Soderberg, Principal, Grade 5  
\*\*Joan C. Brown, Grade 5  
Mary Lee King, Grade 5  
Peryl H. Robinson, Grade 6  
Corinne Small, Grade 6

**Lura Libby School**

Priscilla S. Crockett, Principal, Subprimary

Hazel M. Carroll, Grade 4

Margaret E. Melgard, Grade 3 and 4 Combination

\*\*One year leave of absence. Vacancy filled by Mary Lee King.

Gwendolyn M. Thornton, Grade 3

Sara J. Montgomery, Grade 2

Stella W. Robinson, Grade 2

Virginia Frankowski, Grade 1

Charlotte D. Moran, Grade 1

**SPECIAL**

\*Beatrice B. Barrett, Art

\*Esther S. Rogers, Vocal Music

\*John B. Parker, Instrumental Music

**JANITORS**

George Woodward, High School

\*Albert Anderson, High School

\*Bernard Hastings, Green Street School

Frank G. Hallowell, Lura Libby School

**CONVEYANCE**

Albert Anderson

George Hall

**HEALTH DEPARTMENT**

Lucy M. Spear, M. D., School Physician

Mary B. Gay, R. N., School Nurse

\*Part time

To the Superintending School Committee and the Citizens of Thomaston

The new classroom built by removing the stage from the auditorium has worked very well. It is light, airy and well decorated. It is a very pleasant, as well as useful, addition to our school.

While this meets our needs for the present year before much can be done to improve our school program additional space is necessary.

### **Planning Committee**

During the winter, members of the board of selectmen, superintending school committee and the planning committee have been meeting regularly to make recommendation to the voters of what new building construction is needed to provide our pupils with the best possible educational program within our means.

This committee will investigate possible methods of joining with surrounding towns as well as proceeding as an individual town.

It is apparent that one additional classroom will be needed at Lura Libby School by 1961. At that time the enrollment in grades 1 to 4 will be large enough to require two divisions for each grade.

### **Visiting Committee**

The Superintending School Committee has requested a Committee of Educators to meet with a member of the State Department of Education, at Thomaston High School during the month of February, evaluate the present school program and to make recommendations of the necessary changes to provide an accredited school for our pupils. It is realized that in our present crowded conditions it will

be impossible for us to be accredited in 1960. It is hoped that the report will be available to the Citizens of Thomaston before the annual town meeting. This report will be used as a plan of action for future years.

### National Defense Act

With the assistance of federal money Thomaston High School pupils have been taking part in a state wide program in mathematics broadcast from the Maine Television stations, in cooperation with the State Department of Education. The course is adapted to the better students in our school and has proven to be a challenge to them. All the comments of their teacher, and they themselves, have been good.

Additional federal funds were made available to purchase equipment for our science laboratory and makes it possible for us to provide more individual laboratory experiences than has been possible in other years.

### School Personnel

We are very fortunate to have teachers who stay with us for several years. During the past year three persons left our school system and one was given a leave of absence. This is relatively a small number compared to the turnover in nearby communities.

Teachers like to work in our schools because they are given the backing they need to teach school effectively. A reasonable teacher pupil ratio is maintained and finally they are given regular increments consistent with other communities in our state.

### Statistics

**Faculty Changes:** Each year some teachers leave us for other positions and are replaced by new personnel. Listed below are the faculty change for 1959-1960.

**Thomaston High School**

Gene S. Wilbur  
John B. Parker

English, Social Science  
Instrumental Music

**Green Street School**

Lloyd Soderberg,  
Mary Lee King

Principal, Grade 5  
Grade 5

**Elementary Schools**

Beatrice B. Barrett Art

During the past year, the following people have left our employment:

Joan Brown (Mrs.)	One year leave of absence
Ernest J. Guimond, Jr.	Teaching in York
David R. Sullivan	Attending School
Vere B. Crockett	Other Employment

**I. Comparative Elementary Enrollments**

Year	SP	1	2	3	4	5	6	7	8	Total
1959-1960	47	59	49	38	41	52	41	72	36	435

Thomaston	53	32	30	29	144
Cushing	7	4	3	5	19
Warren	0	0	1	0	1
1959-1960	60(7)	36( 4)	34(4)	34(5)	164(20)
1958-1959	46(7)	44( 7)	39(8)	20(6)	149(28)
1957-1958	41(2)	50(10)	24(7)	26(5)	141(24)
1956-1957	47(8)	29( 5)	34(5)	26(3)	136(21)

**The School Lunch**

During the coming year we shall be required to have a license for our lunch program, similar to that found necessary by all establishments serving food on the premises. While we have been able to carry on

our program without help from the town, during the past year, it will be necessary for us to purchase some additional equipment before fall. Much of our surplus will be consumed by this project. The town is asked to continue it's appropriation to cover any deficit which may occur.

### The Budget

Schools continue to cost more money. Your school budget has been prepared to continue the same services, during the coming year, as were maintained last year. Each year the salaries being paid college graduates in industry, and in other walks of life, become higher. In order to compete for the people to teach our children our beginning salaries continue to rise. While it is impossible to buy kindness, integrity and willingness to work it does help to pay a wage which is competitive with our neighboring communities.

## Report of Budget and Planning Committee

The Budget and Planning Committee held 13 meetings during the past year, with an average attendance of 12. The Committee is made up of the 5 selectmen, 12 elected members, a representative from the school board and board of assessors, and the town manager.

Officers elected for the year were J. Warren Everett, Chairman; Robert Allen, Vice Chairman; and Mrs. Forest W. Stone, Secretary.

This committee, with the exception of the selectmen, serves also as a board of appeal and in this capacity acted on requests for a trailer court, four private trailer locations, a zoning change, and a zoning variation.

The work on a town building code, begun last year was completed, and is being presented to the town for action at this annual town meeting. On this special committee were Robert Allen, Chairman; Arthur Anderson, and Bernard Robinson. Many hours of work are represented in this code and it is unanimously recommended to the town for favorable action.

Two meetings were held with the members of the school committee and superintendent, discussing the crowded school conditions and possible solutions. Appointed to a special committee to further consider the problem were Kendrick Dorman and Mrs. Forest W. Stone of this committee, Percy Williams and Bowdoin Grafton of the board of selectmen, Dr. E. R. Moss and Albert B. Elliot of the school committee, and Superintendent Orville J. Guptill, Jr., as secretary for the group.

Five meetings were held on the proposed budget and other articles for the warrant.

Regular meetings of this committee are held the second Tuesday of each month, with the exception of the summer months. Special meetings are called when necessary. All meetings are open to any citizen of the town.

Respectfully submitted,

J. WARREN EVERETT,  
Chairman

MARGARET M. STONE,  
Secretary

#### BUILDING CODE — TOWN OF THOMASTON

51—No person, firm or corporation shall begin or continue the erection or alteration, or repair, as defined in Basic Building Code, Page 2, Sec. 102, through "exit required", of any building or structure within the Town of Thomaston without having first applied for and obtained a permit to do so from the municipal officers. The applications for permits for the erection or alteration of any building or other structure shall specify in detail the location and size of the building to be erected or altered and the materials of which it is to be constructed and the use for which it is intended. Such application must be first approved by the Building Inspector, and a copy of the permit, when obtained, must be sent to the Building Inspector.

52—The removal, extension or essential alteration of a building, or the rebuilding or repairing of any building which has been partially destroyed by fire, shall be subject to the restrictions which are imposed by section fifty-one (51).

53—If the details mentioned in the application for a permit or the plans and specifications or descriptions filed with the same, indicate to the municipal officers that the work to be done is not in all respects in accordance with the provisions of the town By-Laws and the Laws of the State, they shall refuse to issue a permit therefore, until the same has been made so as to comply.

54—If, during the progress of the work upon any structure, it is desired to deviate in a manner essentially affecting the construction or strength of the same, from the plans and description upon which the permit was issued, notice of such proposed change must be filed in the office of the municipal officers and their written permit obtained therefrom before such alterations are made.

55—Every permit issued as hereinbefore provided shall state the purpose for which the building or structure is to be used and if plans and specifications are submitted to the municipal officers at the time of the granting of the permit, said municipal officers shall, if the plans and specifications are by them approved, endorse their approval thereof. All permits issued shall be recorded in detail in the office of the municipal officers and said records shall be preserved.

56—All chimneys in the town shall be built of good hard brick or other fireproof non-combustible material—be provided with burned clay flue lining or shall be lined with brick on edge or shall be pointed smooth inside. If lined with brick on edge, the inner lining and outer course to be tied together as often as courses permit. Chimneys in brick buildings, not starting from the foundation, shall be securely built to the brick work of the walls to which they are hung, but in no case shall flues be built into a party wall so as to leave less than six (6) inches of brick work back of the same.

57—In no case shall chimneys rest upon any wooden floor or wooden beams, but must be supported on a cement or masonry foundation. All chimneys to have a cleanout not less than 8x8 inches and not more than two (2) feet from the bottom of the flue. In no case shall a single flue chimney be built more than four inches out of center of gravity and all chimneys must be built so as to be self-sustaining unless the same be attached to a brick wall.

58—Hearths, grates or fireplaces shall be laid on trimer arches, no less than eight (8) inches thick or upon bars of iron supporting eight (8) inches of brickwork. Jambs of fireplaces and grates shall be not less than eight (8) inches thick and when arched over shall be securely tied to brickwork of chimney. Combustible framing shall be trimmed away from all flues and chimneys and no such combustible material shall be placed within two inches of any chimney nor within six inches of any inlet opening to such chimney. Finished flooring shall have not less than one-half inch clearance from the chimney walls. No timber or woodwork shall rest on any cobble built out of the chimney. At each floor and top of attic ceiling timbers, in the space between floor timbers or headers, there shall be fitted a metal strip close against the brickwork of the chimney. In no case shall nails be driven into the masonry of any flue.

59—No smoke pipe shall enter any flue at a distance less than twelve (12) inches from either the floor or ceiling, or a distance less than six (6) inches from any woodwork whatever,

unless the same is protected; and in all cases where smoke pipes pass between studs or through wooden partitions of any kind, whether the same are plastered or not, they shall be guarded by a metal sleeve not less than four (4) inches between sleeve and thimble which shall extend through partitions. No drain pipe or earthenware pipe of any kind shall be used for horizontal flues. All such flues be made of steel pipe laid in bricks and mortar or steel bars, or two galvanized steel pipes one within the other with not less than two (2) inches air space between them, may be used for this purpose. When chimney thimbles enter flues, the woodwork shall in no case be nearer than four (4) inches all around the same.

60—Furnace and boiler smoke pipes shall not be less than one (1) foot below beams or ceiling joists, and shall be protected by metal or other non-combustible material, suspended at least two (2) inches below said beams or joists, unless smoke pipe is eighteen (18) inches or more below combustible material.

61—The chimney thimbles, commonly called "cast iron" and "sheet iron" chimney thimbles, shall be extended into the inner wall of the flue of the chimney.

62—In no case shall a floor timber, header or trimer of any building be cut into more than two (2) inches in depth for any piping, without permission from the Building Inspector, and no cutting shall be made in any timber at a greater distance than three (3) feet from its support.

63—All buildings shall have fire stops in outside walls at main wall line and plate line and at each floor above; also on heads of all main partitions and at other parts of building where deemed necessary by the Building Inspector. Where pipes of any kind are brought up through sills and partitions, space between the studs shall be filled with some non-inflammable material approved by the Building Inspector, to a depth of at least six (6) inches.

64—All entrance doors to public halls shall be made to open out and arranged so they may be opened at all times from the inside. All public halls having but one (1) entrance shall be equipped with fire escapes placed on opposite side or end of hall from entrance door. The Building Inspector and Fire Chief shall inspect all public buildings at least once a year.

65—Fire-resistant material shall be used in the construction of the roof of any building, in any compact or built-up portion of the Town of Thomaston. A "compact or built-up portion" is defined as any portion of the Town built up with structures devoted to business or where the dwelling houses are situated less than one hundred and fifty (150) feet apart, for a distance of at least one-eighth ( $\frac{1}{8}$ ) mile.

66—All attics shall have at least one entrance from inside the house which shall be not less than two by two (2 x 2) feet.

67—No building or structure shall hereafter be erected or remodeled in the Town of Thomaston, which building or struc-

ture shall be designed (a)—for a public dance hall or place of amusement, (b)—for an overnight cabin, motel, camp or lodging place, (c)—for use as a public garage, without a public hearing on the application therefore, after seven (7) days notice, and obtaining the consent of the municipal officers of said town. The approval of the Building Inspector as to type of material and construction must also be obtained.

68—When an unsafe condition is found in a building or structure the building inspector shall serve a written notice on the owner or his agent specifying the repairs or improvements required to render the building or structure safe and secure, or to demolish the structure or part thereof within a stipulated time.

69—Owners, contractors, or builders shall give at least 24 hours notice in writing to the inspector of buildings, before the interior studs in any building are covered, of the fact that the studs are ready to be covered, and cut-offs and changes for the prevention of the spread of fire shall be made whenever and in such manner as the inspector of buildings may direct.

70—Any person who shall violate any of the provisions of Article XI, Sections 51 through 69, shall, except as herein otherwise specifically provided, be liable to a penalty of not less than ten (\$10) dollars nor more than one hundred (\$100) dollars for each offense.

Addition to Article Eleven of the Town By-Laws—Section on Zoning and Building Lines.

No building or structure shall be erected or altered so that the exterior appearance of said building or structure lowers the valuation of existing surrounding property. If in the opinion of the Building Inspector, any building is detrimental to the surrounding property, a public hearing may be called.

## Auditor's Report

STATE OF MAINE

State Department of Audit

AUGUSTA

March 10, 1960

Board of Selectmen  
Thomaston, Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of Thomaston for the fiscal year ended January 31, 1960.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit.

The audit analysis was on a basis consistent with that of the preceding year, and included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO  
State Auditor

## COMMENTS

### Town of Thomaston February 1, 1959 to January 31, 1960

An audit of the financial records of the Town of Thomaston has been completed for the fiscal year ended January 31, 1960. The audit consisted of an examination of records maintained by the Selectmen, Tax Collector, Treasurer and other municipal officials.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits and schedules.

The operations of the town showed a gain of \$14,566.75 for the year which was accounted for as follows:

Actual Revenue Over Estimate	\$ 6,240.56
Departmental Balances Lapsed	8,326.19
 Gain for Year	 \$14,566.75

The actual revenue amounted to \$16,615.56, as compared with an estimate of \$10,375.00 for the year. The additional revenue was received principally from excise taxes.

The overlay and various unexpended balances, particularly in the charity and Watts Block accounts, were the major factors contributing to the next unexpended departmental balances lapsed. The largest overdraft occurred in the winter and spring roads account.

## ASSETS

The cash balance of \$25,211.31 was verified by reconciliation of statements furnished by the Thomaston National Bank, Thomaston, Maine, and by count

of petty cash. A count of cash also was made at audit date and reconciled with the year end closing balance.

Accounts receivable of \$736.86 included for the most part reimbursable expenditures made for State and other municipalities' welfare recipients.

Taxes receivable amounted to \$8,272.72 consisting principally of current year accounts of \$7,937.68. The balance of \$335.04 represented accounts for 1958 and 1957 in the amounts of \$288.44 and \$46.60 respectively.

Other assets totaling \$3,914.18 consisted of tax liens and tax acquired property.

### LIABILITIES

Accounts payable of \$70.31 represented a tax over-payment and a current year charge outstanding at the year end.

### RESERVES

The appropriation accounts showed a net unexpended balance of \$8,271.12, representing various operating account balances and overdrafts that are carried forward to the ensuing year in accordance with legal requirements and/or by authority of the municipal officers.

Other reserves totaling \$4,875.37 included prepaid taxes, uninvested capital reserve funds, equipment fund, and withholding and social security deductions.

### SURPLUS

The unappropriated surplus amounted to \$24,918.27, a decrease of \$648.92 for the year. The change was occasioned principally by authorized appropriations for various purposes, less the gain for the year derived from departmental balances lapsed and the excess of actual revenue over estimate.

### **DEBT FUND**

The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding fire station and school notes of \$37,037.00 and school construction bonds of \$30,000.00. These obligations mature during the ensuing eleven years at varying rates of interest.

### **TRUST AND RESERVE FUNDS**

Trust funds totaled \$267,739.57 at January 31, 1960. This amount represented principal accounts of \$238,374.85 and unexpended income of \$29,364.72. These funds are invested in various type securities and/or deposits in the Thomaston National Bank, Thomaston, Maine.

Securities of the Library and Library Book Funds are contained in a safe deposit box in the Thomaston National Bank, Thomaston, Maine. The library trustees, who are not bonded, and the town treasurer have access to the securities.

The school bus and fire truck capital reserve funds in the amounts of \$1,000.00 and \$2,000.00 respectively are invested in time deposits in the Thomaston National Bank, Thomaston, Maine. An additional amount of \$1,000.00 for the school bus fund is in the general fund pending investment.

### **DEPARTMENTAL ACCOUNTS**

The departmental operating accounts showed an increase of \$39,871.60 in funds raised by taxation, as compared with the preceding year. Larger appropriations for the highway and education accounts and a decrease in the amount of estimated revenue applied to reduce the tax levy were the principal factors contributing to the increase.

The departmental balances carried forward increased \$833.81, as compared with balances at the start of the year. An increase in the cemetery maintenance account balance and a decrease in the education account were the major items concerned in the change.

### **GENERAL**

The townspeople authorized the use of revenue received from excise taxes, bank stock tax, and railroad and telegraph tax to reduce the 1959 tax levy. Appropriations from surplus for various purposes also were authorized.

A salary overpayment was made to a town employee during the year which was reimbursed after the books closed.

Recommendations concerning accounting procedures and control were submitted to the municipal officers and town manager for their attention.

### **SCOPE OF AUDIT**

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recording cash transactions.

Cash accounts were verified by reconciliation of statements furnished by the depositories or by direct bank confirmation. External verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period. Canceled bonds, notes and bond coupons also were examined.

Excise tax collections were verified with the copies of the receipts retained by the collector. Education account balances were checked with the Superintendent of Schools. Trust and reserve fund transactions and investments were examined. Surety bond coverage was reviewed.

In our opinion, subject to the foregoing comments, the accompanying statements and supporting information present fairly the financial position of the town at January 31, 1960, and the results of its operations for the year then ended.

## Town Warrant

### State of Maine

To GUY ROBBINS, a constable of the Town of Thomaston in the County of Knox, GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Thomaston in said County, qualified by law to vote in town affairs to meet and assemble at Watts Hall in said town on Monday, the twenty-eighth day of March A. D. 1960 at 10:00 o'clock in the forenoon, then and there to act upon the following articles, namely:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To choose the following municipal officers:

Selectmen for three years (2)

Member of School Committee for three years (1)

Assessor for one year (1)

Assessor for three year (1)

Town Clerk for one year (1)

Members of Budget Committee for three years (4)

Members of Park Commission for three years (3)

All other necessary Town Officers and Committees

Article 3. To hear the report of the municipal officers and take such action as may be desirable.

Article 4. To see if the town will vote to carry forward the unexpended balances and overdrafts as shown below in their respective accounts:

a. Social Security	\$ 550.13
b. Withholding Tax	1,405.40

## TOWN MANAGER'S REPORT

To: The Inhabitants of Thomaston, Maine

Another year of municipal government has come to a close and we who are responsible for administering your affairs find it a pleasure to submit the foregoing report for your study.

Your Board of Selectmen has held 56 meetings this year and devoted an estimated 168 hours of study and planning to give you the best possible usage of your tax dollars.

### *"Major Accomplishments 1960:"*

1. "Studley Lane" completed construction and tarred at no cost to the municipality.
2. Beechwood Street sanitary sewer extended 400 feet.
3. 300 feet of under ground drainage installed at the intersection of Hyler and Green Streets.
4. Avenue 10 built in the Village Cemetery, and grading completed for 76 new (6 grave) lots.
5. Heavy duty Army truck obtained from Civil Defense at cost of \$125. The compressor on this truck is very useful for our highway department work.
6. Tax coupon plan completed its first year in operation. This has enabled people to budget their tax payment and reduced our need for borrowing.
7. 1960 taxes 96.25 per cent collected at close of business on January 31.
8. All town trees catalogued, inspected, and tagged. A complete record is in the office regarding type of tree, work done and work needed to be done.

We have been informed by the Water Improvement Commission that we must have a sewer treatment plant in operation by January 1, 1963. This problem has required many meetings and discussions. If we have to undertake this project we will be required to expend an amount of money which will, no doubt, equal or exceed any amount which would be required to meet our proposed school building needs. This is a very serious problem and we are attempting to have the legislature down grade the water classification so we will not be obligated to finance this unexpected and unnecessary project. At the time of this writing our bill has been approved unanimously by the "Natural Resources" Committee of the 100th Legislature, and has passed its first and second readings in the House of Representatives. If we can be relieved of this responsibility we will then be able to better gauge our sights on improved schooling.

An audit of the past year's business has been made of the town books and is on file at the town office. Anyone may see this on request, also you will note that the major portion of this audit will be found in the back of this town report.

In closing this report, on behalf of the Board of Selectmen, I wish to thank the inhabitants of Thomaston for their co-operation this past year, in all municipal functions.

Cordially,

ARCHER SCRIBNER  
Town Manager

Assessors of Thomaston

## Notice To Veterans Desiring Exemptions

No exemptions on polls and estates shall be allowed in favor of any person who is not a legal resident of the State; and provided that any male or female veteran, or blind person, who desires to secure exemption shall, on or before the first day of April, notify in writing the assessors of the cities, towns and plantations in which he or she resides, and furnish proof of entitlement. Such notification once made need not be repeated in subsequent years.

Chapter 92, Section 6, Revised Statutes 1954.

All male residents over the age of 70 years desiring exemption from poll tax, shall notify the assessors in writing prior to April 1, 1961.

Town Clerk

## REPORT OF CHIEF OF FIRE DEPARTMENT

To the Town Manager and Board of Selectmen of Thomaston:

I have the honor to submit herewith the report of the Department for the year ending January 31, 1961.

During this period the Department responded to a total of 89 calls as compared to 103 the previous year. Of this number 15 were for assistance to other towns. Classification of calls as follows: Buildings 16; chimneys 8; grass and brush 15; range and power burners 10; automotive 5; rubbish 8; electrical 3; emergency 16 and miscellaneous 8.

The past year has been a most difficult one in several respects with losses higher than average. However, we hope some of these difficulties have been resolved.

**ADDITIONS AND IMPROVEMENTS:** A new portable pump, one and one half inch fog nozzles and a preconnected one and one half inch line added to the tank truck and two double hose bridges to the Buffalo. The kitchen was improved by the addition of two new electric stoves donated by the Auxiliary, who also presented the Department with a new 50 star American flag.

**DRILLS:** Several outside drills were held the past season and a series of weekly indoor drills are presently being held.

**STATION ACTIVITY:** The Knox County Firemen's Association annual field day was held in September. The usual Christmas party for school children, co-sponsored by the Department, Ladies' Auxiliary and Legion, was held in the station. The facilities have been available also to the Chamber of Commerce, High School Washington Club, and Brownie Scouts. Dinner was served by the Auxiliary to the workers following the

fire of November 19. Greater use of the station may of necessity require an increase in the appropriation for heat.

APPROPRIATIONS: We strongly urge the passage of all articles in the warrant concerning the Fire Department, particularly that of an appropriation for the purchase of a 750-gal. pumper as recommended by the New England Rating Bureau, as well as the appropriation necessary to keep the Buffalo in operating condition. Some work has been done on it the past year and considerable more is necessary. A breakdown of this 24-year old truck, our major piece of equipment, at a critical time could spell disaster. Neither do we see any advantage in deferring the purchase of a new truck as the yearly advance in price is greater than the cost of financing.

We conclude our report by expressing our appreciation to all who have cooperated with us the past year, and especially to the Knox County Commissioners for the interest they have shown.

Respectfully submitted,

EDWIN A. ANDERSON  
Chief of the Department

## Report of Police Chief

To the Town Manager and the Board of Selectmen:

Gentlemen:

The report of the Police Department for the fiscal year is hereby submitted. It is my thought that the Town of Thomaston is increasing either in size or the motor vehicles have increased in the past year. Our activities have increased from the past, as you will notice from the report of activities that is submitted. This past year your police officers have traveled 12,217 miles on investigations and answering complaints. The cost of this transportation amounts to a total of \$650.00 for gas and oil only. This does not include the wear and tear on our vehicles. The amount that we are allowed for transportation does not begin to cover the above. I don't think that the people of Thomaston expect the police officers of this Town to go to this extent to have to pay for the transportation that is furnished by this department. Last year this department requested that the Town furnish some kind of transportation. To the best of my knowledge we are the only Town that has a police department that is not furnished with transportation or allowance.

As in the past we have had excellent cooperation from the State Police. Our thanks go to them.

I wish to take this opportunity to thank the teachers and the school boy patrol for a fine job well done.

We have organized a Civil Defense police force of thirty men and twenty women. At the present time they are in training. This training will be finished in the spring. They will be taught all types of police work as well as first aid and all types of rescue work.

This is our activities report for the year:

Warning Cards Issued	72
Defect Cards Issued	162
Parking Tickets Issued	147

Breakdown on tickets as follows:

17 paid tickets, 59 warning tickets,	
17 courtesy tickets.	
Accidents Investigated	56
1 Fatal Accident at Creek Hill	
Complaints Answered	240
Dogs Disposed of	16
Miles Traveled for the Year, both vehicles	12,217

Arrests for the year, 56, as follows:

Malicious Mischief	2
Bad Check	1
Petty Larceny	1
Intoxication	8
Failing to Comply with Fire Inspector's Report	1
Drunken Driving	3
Breaking, Entering and Larceny	2
Operating Without License	5
Speeding	7
Imprudent Driving	4
Failing To Yield Right of Way	1
Refusing To Show License and Registration	1
Failing To Keep To the Right	2
Driving After Revocation	1
Assault and Battery	3
Attempted Arson	1
Drinking in Public Place	1
Failing To Report an Accident	2
Larceny of Motor Vehicle	1
Starting Fire Without Permit	1
Excessive Noise with Motor Vehicle	1
Illegal Possession of Beer	2
Procuring Beer for Minors	1

---

Truant from School	2
Non-Support	1
Discharging Firearms in Town Limits	1
Illegal Parking	1
Hours Spent on Investigations	126

A comparison report is submitted as follows:

	1959	1960
Tickets Issued	162	147
Arrests	32	56
Complaints	85	240
Accidents Investigated	32	56
Dogs Disposed of	6	16

I wish to take this opportunity to express the appreciation of this department to the officers and the people of Thomaston who have given us their support for the past year. It has been a pleasure.

Respectfully submitted,

ALFRED H. TEEL  
Chief of Police.

## SURPLUS COMMODITIES

Rice	1045 lbs.	Beans	671 lbs.
Corn Meal	2190 lbs.	Dried Egg	608 cans.
Milk	2178 lbs.	Flour	6240 lbs.
Lard	1329 lbs.		

It is noted that the above surplus foods were issued during the year to eligible needy cases. This totals slightly in excess of seven tons of food and no doubt contributed a great deal to the living standards of the recipients.

Respectfully submitted,

ARCHER SCRIBNER

Overseer of the Poor

## Report of Public Health Nurse

(May through December 1960)

Days worked in Thomaston	32
Teacher-nurse conferences held in schools	12
Number of home visits made to 73 patients	212
School Health Examination Clinics	5
131 students received examinations by Dr. Spear	
School Immunization Clinics	5
Child Health Conferences	4
43 infants and pre-school children received examinations by Dr. Hochschild and Dr. Dennison under State program.	
Completed immunizations and boosters given by local physician:	
Smallpox	10
Diphtheria	62
Polio	391
Tetanus	62
Whooping Cough	55

Meetings attended with selectmen, members of the Nursing Board and local volunteers — seven. The Thomaston Health Council was organized with officers elected and committees appointed to assist in the community health program. Mrs. Domenic Cuccinello was elected chairman of the Council. The co-operation in carrying out these activities has been excellent and very much appreciated.

(MRS.) ADA W. AMES  
Public Health Nurse

## THOMASTON PUBLIC LIBRARY

During the year just passed, operation of the library has continued in a satisfactory manner in the capable hands of Mrs. Florence Gardiner, Miss Lena Shorey and Miss Maureen Carroll.

At the annual meeting of the Trustees last April, the resignation of Miss Ella Gillcrest, our librarian for 40 years, was accepted with regret, and Mrs. Gardiner was elected librarian, with Miss Shorey assistant. Due to the fact that the salary structure had been very inadequate and increase in rent, partially due to our taking an additional room, operating expenses were increased over the previous year. They were as follows:

Salaries	\$2,654.15
Rent	720.00
Janitor	407.33
Lights	109.73
Insurance	20.85
Miscellaneous	22.46
	<hr/>
	\$3,978.93

Income from invested funds was \$3,779.71, including \$658.62 from the new Emma E. Counce Fund. It is anticipated that income for 1961 will be adequate to operate the library without asking the town for an appropriation at the 1961 Town Meeting.

Income from the Caroline J. Tobey Book Fund for the period February 1, 1960, to January 31, 1961, was \$3,204.76. Books and magazines to the amount of \$1,956.91 were purchased. The National Geographic magazines have been bound. It is a very nice feeling to know that any book or magazine that the public wants can be purchased.

Additional shelving has been installed both in the library and the additional room to take care of the books we have and make room for additional purchases.

It is not possible at this time to estimate what the operating cost will be for the year 1961, as Mrs. Gardiner and Miss Shorey are leaving during the year, and the salaries which we have been paying are not attractive. Mrs. John Morrison has started training under Mrs. Gardiner for the position of librarian.

The Trustees have held quarterly meetings and have been in close touch with library operations. Any suggestions which will lead to more efficient operation will be appreciated.

The Book Committee will welcome requests for wanted books. Leave your lists with the librarian.

*Thomaston Public Library*

## THOMASTON PUBLIC LIBRARY

To the Trustees of the Thomaston Public Library,

Sirs:

I herewith submit the report of the Thomaston Public Library for the year ending March 1, 1961.

Number of books in Library, March 1, 1960	14,850
Added by purchase	488
Added by gift	34
	—
Total	522
	—
Total number of books in the Library	15,372
Volumes circulated March 1, 1960, to March 1, 1961	13,167
Largest Circulation on November 12, 1960	148
Also on February 25, 1961	148
Smallest Circulation on May 5, 1961	16
Average Daily Circulation	65.8
Cards issued to March 1, 1960	5,870
New Cards Issued	129
Total Number of Cards Issued to March 1, 1961	5,999

Respectfully submitted,

FLORENCE H. GARDINER  
*Librarian*

Grade 8	29 and 34

Grade 9	48
Grade 10	48
Grade 11	30
Grade 12	30
Total Enrollment Elementary	440
Total Enrollment Secondary	156

To the Superintending School Committee and the Citizens of the Town of Thomaston I hereby submit my annual report of the Thomaston Public Schools:

Only one new teacher was hired this year. Mr. Hugh Williams replaced Mrs. Lorraine Niemi, who resigned from the High School Faculty. Mr. Williams received his B. A. degree from Harvard and his Masters degree from Harvard Graduate School of Education. He has had previous teaching experience in New Hampshire and Massachusetts.

Mrs. Joan Brown returned to her regular position after a year's leave of absence.

The enrollment this year is about the same as last year. For the past four years, the entering class in sub-primary has averaged 52 pupils. At present there are no indications that this figure should change much. However at the High School level there is a slightly different picture. In June of '61 we expect to graduate a class of 30, and in the fall of '61 enroll a freshman class of about 60, plus the number who will come from Cushing. The following year we will graduate 30 again and in the fall enroll a class of about 40, plus the tuition students. That should bring our secondary enrollment to over 200 pupils.

At the present time we are using the 12 available classrooms at Lura Libby and Green Street to house children who should be in 13 classrooms.

The only solution to these conditions is the construction of additional facilities. Your School Committee and Superintendent have spent considerable time in investigating the various types of serviceable construction and the most feasible location for same. We offer the following proposals for your consideration:

1. Acquisition of land near present High School, suitable for additional construction.
2. The construction of a steel building to contain a regulation basketball court, seating capacity of 500, stage, locker rooms and showers for home and visiting teams, and toilet facilities.
3. Connected to the gymnasium but with lower roof construction, a combination Industrial and Transportation shop and classroom, and extra classrooms for elementary pupils.
4. Remodeling present gymnasium for classrooms and a Home Economics Department.

This is the type of building referred to above. It was built during the summer of 1960 for the Town of East Corinth.

There has been some discussion in neighboring towns of the feasibility of closing the small high schools which no longer are able to hold the increased enrollment and provide adequate facilities, and contracting with another town for the purpose of secondary education. You will note that there is an article in the Town Warrant asking if you will authorize the School Committee to offer such a contract to any neighboring towns who may wish to take such action, provided Thomaston has adequate facilities.

All or part of the proposed construction may be financed through the Maine School Building Authority, which is "empowered to construct, acquire, alter, or improve public school buildings and to issue revenue bonds which are payable from rentals to finance such building and when paid for by said rentals, to convey them to the lessee towns - - -." (Chap. 41, Sec. 244, Rev. Statutes 1954)

Should you vote to accept the report of the School Committee concerning the school building needs, the next necessary step would be to vote to authorize the School Committee to obtain at no cost, plans and figures for the proposed construction to be presented to the town for approval at a future town meeting.

The budget for 1961 has been presented to the budget committee. The amount requested is about \$12,000 more than was raised last year. This increase is accounted for in the following manner.

Approximately \$2,000 increase in Administration, caused by the formation of a new Union and Thomaston assuming 56 per cent of the operating costs as against 36 per cent last year.

Appropriation of \$9,000 for salary increases for school personnel, and also for a part time Guidance Counselor.

Appropriation of \$1,000 more for fuel, electricity and telephones.

Your teaching staff, janitors, cooks and bus drivers are to be commended for the excellent job they are doing. What few contacts I have had with the students have been pleasant and enjoyable. I hope to get better acquainted as time goes on.

I would like to thank all school personnel, school committee, town officials, and citizens for the help they have given me in getting started in my new position.

Most sincerely,

C. LEROY BARKER

## Report of Budget and Planning Committee

Your Budget and Planning Committee, made up of 12 elected members, the 5 Selectmen and the Town Manager, held 9 regular and 3 special meetings during the past year. The average attendance at these meetings was 11 members.

Officers elected for the year were: Robert M. Allen, Chairman; James Mayo, Vice Chairman; and Margaret M. Stone, Secretary.

Representatives of the Maine Central R. R. appeared before this committee to discuss the closing of the local R. R. Station. Although the Committee did not favor the closing, the station was closed, along with many others throughout the state.

Three members of this committee were appointed to the Knox County Regional Planning Committee: Robert M. Allen, Kendrick Dorman and A. Mason Johnson.

It was called to the attention of this committee, that the river channel, near the beacon and down river from this point, is filling in badly and the committee signified its willingness to assist in requesting the Army Engineers Corps to consider a dredging project here. This assistance to be given at the request of the Maritime Committee of the Chamber of Commerce and/or the Harbormaster.

One meeting was spent helping to bring the Voting Lists up to date, as much as possible. Four meetings were held to discuss proposed items in the Town Warrant.

Regular meetings of this committee are held the second Tuesday of each month, with the exception of the three summer months of June, July and August. The committee recesses for these months and meets only by call of a special meeting. Any special meetings are called when deemed necessary. All meetings are open to the citizens of the town.

Respectfully submitted,

ROBERT M. ALLEN, Chairman

MARGARET M. STONE, Secretary.

## REPORT OF TREE WARDEN

The following is a report of the work done on town shade trees in 1960:

Elms pruned	98
Maples pruned	55
Other species pruned	2
Trees cabled	1

All trees on the Mall were sprayed once. Total expenditures for the above were \$1,715.35. In addition to this, \$73.75 was spent for removal of broken limbs caused by Hurricane Donna.

In the course of pruning elms each tree is checked for symptoms of Dutch Elm disease. So far no symptoms have been found in Thomaston. This is very gratifying because the disease is continuously cropping up in new areas throughout the State.

With a continued program of the shade tree care that Thomaston has carried on in the past, it seems reasonable to assume that if the disease does strike it will be of lesser intensity than would be the case if the trees were neglected.

HARRY A. GOODRIDGE  
Tree Warden

## AUDITOR'S REPORT

STATE OF MAINE

State Department of Audit

AUGUSTA

March 8, 1961

Board of Selectmen  
Thomaston, Maine

Gentlemen:

In accordance with Chapter 90-A, Revised Statutes of 1954, an audit has been conducted of the financial records of the Town of Thomaston for the fiscal year ended January 31, 1961.

The examination was made in accordance with generally accepted auditing standards that pertain to governmental accounting and was conducted by Auditor R. G. Redman of the State Department of Audit.

The audit analysis was on a basis consistent with that of the preceding year, and included such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

The financial and statistical sections, incorporated in this report, present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO  
State Auditor

MAN:lf

## COMMENTS

## TOWN OF THOMASTON

February 1, 1960 to January 31, 1961

An audit of the financial records of the Town of Thomaston has been completed for the fiscal year ended January 31, 1961. The audit consisted of an examination of records maintained under the supervision of the Town Manager, Treasurer, Tax Collector and other municipal officials.

The fiscal year's operations showed a gain of \$14,198.01, which was accounted for as follows:

Actual Revenue Over Estimate	\$ 4,644.39
Departmental Balance Lapsed	9,553.62
Gain for Year	\$14,198.01

The actual revenue amounted to \$17,419.39, as compared with an estimate of \$12,775.00 for the year. The additional revenue was received principally from excise taxes.

The overlay and various unexpended departmental balances particularly in the charity and health accounts were the major factors contributing to the net unexpended departmental balance lapsed. The larger overdrafts occurred in the highway and abatement accounts.

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . The general cash balance of \$28,093.10 was on deposit in the First National Bank of Portland, Thomaston, Maine at January 31, 1961. Petty cash of \$50.00 was on hand.

Accounts receivable totaling \$1,689.89 included for the most part reimbursable expenditures made for State and other municipalities' welfare recipients and an amount due for installation of a new sewer.

Taxes receivable amounted to \$8,110.96, of which \$7,809.56 was for current year accounts. The balance of \$201.40 represented unpaid accounts on the 1959 and 1958 assessments.

Tax liens and tax acquired property amounted to \$2,073.24 and \$1,917.16 respectively.

**LIABILITIES . . .** Accounts payable of \$76.31 consisted of a previous year charge due the Town of Camden and tax overpayments. Payroll deductions of \$139.66 for social security were due governmental agencies at the year end.

**RESERVES . . .** The appropriation accounts showed an unexpended balance of \$14,650.60, representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

Other reserves totaling \$3,950.51 included prepaid taxes, uninvested capital reserve funds and an equipment fund.

**SURPLUS . . .** The unappropriated surplus amounted to \$23,117.27, a decrease of \$1,801.00 for the year. The change was occasioned principally by authorized appropriations for various purposes, less the gain for the year derived from the net unexpended departmental balance lapsed and the excess of actual revenue over estimate.

**DEBT FUND . . .** The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding fire station, school and school bus notes of \$33,916.30 and school construction bonds of \$25,000.00. These obligations mature during the ensuing ten years at varying rates of interest.

**TRUST AND RESERVE FUNDS . . .** Trust funds totaled \$293,268.01 at January 31, 1961. This amount represented principal accounts of \$262,415.96 and unexpended income of

\$30,825.05. These funds are invested in various type securities and/or deposits in the First National Bank of Portland, Thomaston, Maine. New funds of \$24,041.11 received during the year were as follows:

Emma E. Counce	\$20,806.11
Cemetery Perpetual Care	1,935.00
Lions Club	1,300.00

Securities of the Library and Library Book Funds are contained in a safe deposit box in the First National Bank of Portland, Thomaston, Maine. The library trustees, who are not bonded, and the town treasurer have access to the securities.

The capital reserve fund for a fire truck amounted to \$4,041.40 at the year end. The school bus reserve fund was used toward the purchase of a new bus.

The reserve funds also include a new fund received from the Thomaston Nurse Association. This fund of \$1,296.76, together with the fire truck fund, were on deposit in the Rockland Savings Bank, Rockland, Maine.

DEPARTMENTAL ACCOUNTS . . . The departmental operating accounts showed an increase of \$4,046.98 in funds raised by taxation, as compared with the preceding year. A larger appropriation for education and smaller appropriations in various other categories were the major factors contributing to this change.

The departmental balances carried forward to the ensuing year increased \$6,379.48, as compared with the balances at the start of the year. The change occurred principally in highway and education accounts.

GENERAL . . . Estimated revenues to be derived from excise taxes, bank stock tax and railroad and telegraph tax were used to reduce the 1960 tax levy as authorized by the townspeople. Appropriations from surplus for various purposes and the issuance of a school bus note also were authorized.

### SCOPE OF AUDIT

Count of cash was made and records checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern.

Cash accounts were verified by reconciliation of bank statements furnished by the depositories or by direct bank confirmation. Verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

An analysis was made of receipts and deposits as well as expenditure and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period. Canceled bonds, notes and bond coupons also were examined. Excise tax collections were verified with copies of the receipts retained by the collector. Trust fund transactions and investments were checked. Surety bond coverage was reviewed.

The records maintained by the Superintendent of Schools were not examined, however, his reports of receipts, disbursements and closing balances were on file and reconciled with the records of the town.

In our opinion, subject to the foregoing comments, the accompanying statements and supporting information present fairly the financial position of the town at January 31, 1961, and the results of its operations for the year then ended.

## TOWN WARRANT

### STATE OF MAINE

TO ARCHER SCRIBNER, a constable of the Town of Thomaston, in the County of Knox, GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the Town of Thomaston in said County, qualified by law to vote in town affairs to meet and assemble at Watts Hall in said town on Monday, the twenty-seventh day of March, A. D. 1961, at 10:00 o'clock in the forenoon, then and there to act upon the following articles, namely:

Article 1: To choose a moderator to preside at said meeting.

Article 2: To choose the following municipal officers:

Selectmen for three years (2)

Member of School Committee for three years (1)

Assessor for three years (1)

Town Clerk for one year (1)

Members of Budget and Planning Committee for three years (4)

Members of Park Commission for three years (3)

All other necessary Town Officers and Committees.

Article 3: To hear the report of the municipal officers and take such action as may be desirable.

Article 4: To see if the town will vote to carry forward the unexpended balances and overdrafts as shown below in their respective accounts:

a. Social Security	\$ 139.66
b. School Maintenance	970.15
c. School Insurance	851.85

d. School Repairs	421.94
e. School Equipment	71.08
f. Cemetery	4,706.79
g. Watts Block	288.79
h. Pollution Control	1,500.00
i. General Highway Maint.	800.00
j. State Aid Road Construction	5,040.00
<i>Recommended</i>	

Article 5: To see what sum the town will vote to raise and appropriate for salaries of town officers. (Town Manager, \$5500; Secretary, \$2600; Health Officer, \$50; Assessors, \$750; Town Clerk, \$75).

\$8,975. *Recommended*

Article 6: To see what sum the town will vote to raise and appropriate for town expense, including printing, town reports, elections, general office, audit, and contingent expense items.

\$3,500. *Recommended*

Article 7: To see if the town will vote to authorize and empower the Selectmen to sell and convey property acquired by the town by tax process, on such terms as they may deem advisable, and to execute quitclaim deeds for such property.

*Recommended*

Article 8: To see if the town will vote to charge interest at the rate of  $\frac{1}{2}$  per cent per month on all outstanding taxes not paid on or before December 5, 1961, said interest to be retroactive to September 1, 1961, with the exception of those participants who are paying taxes under the tax coupon plan, who shall be exempt from said interest charge.

*Recommended*

Article 9: To see what sum the town will vote to raise and appropriate for payment of interest on temporary loans.

\$600. *Recommended*

Article 10: To see if the town will vote to raise and appropriate the following sums to reduce the town indebtedness and to pay interest charges on same:

a.	Lura Libby School Bond	\$5,000.00
b.	Lura Libby School Bond Int.	437.50
c.	High School Auditorium Note	1,000.00
d.	High School Auditorium Note Int.	91.12
e.	School Bus Note	1,000.00
f.	School Bus Note Int.	74.38

---

\$7,603.00

\$7,603. Recommended

Article 11. To see if the town will vote to raise and appropriate the following amounts for highway purposes:

a.	General Highway Maintenance	\$ 7,700.00*
b.	Winter and Spring Roads	7,700.00
c.	Tar Surface Treatment	5,500.00
d.	Sidewalk Repairs	500.00

---

\$20,900.00

\$20,900. Recommended

\*The breakdown of the "General Highway Maintenance" account as recommended by the Selectmen includes the purchase of a new truck which would be obtained by trading in the 1955 Ford-600 for which we would be required to pay \$3,281. We already have \$2,531 in a truck reserve fund so would actually need \$750. Cost of a new truck would be \$5,230 and allowance for our present truck would be \$1,949.

Cost of New Truck	\$5,230.00
Allowance Old Truck	1,949.00
Balance	\$3,281.00
Truck Reserve	2,531.00
Needed to Appropriate	\$ 750.00

Article 12: To see if the town will vote to raise and appropriate the sum of \$1,700 to be used to build an annex on the west side of the Town Garage, to be of frame construction and extend the length of the garage, to be used to house highway equipment. (\$800 was left in last year's highway appropriation, because we felt it was insufficient to erect the building. The combined fund would be \$2,500 if the \$1,700 is appropriated).

*Recommended*

Article 13: To see what sum the town will vote to raise and appropriate for State Aid Road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 44, 49, or 50, Chapter 23, R. S. 1954 as amended.

*\$5,040 Recommended from Surplus*

Article 14: To see if the town will vote to build a concrete abutment, metal arch bridge over the Meadow Road brook, on the West Meadow Road, so called, and if so, to see what sum will be raised and appropriated for same.

*\$1,000 Recommended*

Article 15: To see if the town will vote to abandon the "Green House Hill" road, so-called, if article 14 is approved.

*Recommended*

Article 16: To see if the town will vote to raise and appropriate a sum of money not to exceed \$6,000 to install underground drainage on Dunn Street in Thomaston.

*Not Recommended*

(The storm water which formerly drained off this area, through a drain across private property was closed off by a property owner after becoming clogged, and a survey indicates it would cost approximately \$4,000 to conduct this water down Dunn Street to Elliot, thence down Water Street, where it would dis-

charge into the Georges River. An additional amount is being requested in case ledge would be encountered). (See special sheet for additional information).

Article 17: To see what sum of money the town will vote to raise and appropriate for improving Hyler Street.

*\$2,000 Recommended from Surplus*

Article 18: To see if the town will vote to accept a strip of land four (4) rods wide and approximately twelve hundred (1200) feet in length from Edward Gordon, or others, situated on the southerly side of the New County Road, in said Town of Thomaston, opposite Dexter Street, so called.

*Recommended*

Article 19: To see if the town will vote to raise and appropriate the sum of \$1,000 to be used for the construction and rough grading of Dexter Street Extension.

*Recommended (If Article 18 is Approved)*

Article 20: To see what sum of money the Town will vote to raise and appropriate for care of trees within the limits, or adjacent to the town ways, care of the Mall and School Walk.

*\$2,150 Recommended from Surplus*

Article 21: To see what sum of money the town will vote to raise and appropriate for Health and Sanitation, including sewer maintenance and street cleaning.

*\$1,500 Recommended*

Article 22: To see what sum of money the town will vote to raise and appropriate for rental of dump, to be paid to the City of Rockland.

*\$1,000 Recommended*

Article 23: To see what sum of money the town will vote to raise and appropriate for the Town Health Council, and Public Health Nurse.

\$900 Recommended

Article 24: To see if the town will vote to raise and appropriate the sum of \$150 to be used for the control of contagious disease.

\$150 Recommended

Article 25: To see what sums of money the town will vote to raise and appropriate for Public Welfare purposes:

a. Support of Town Poor	\$2,500.00
b. Veterans' Aid, Aid to Blind, and Old Age Assistance Supplemental Aid	1,500.00
c. Aid to Dependent Children	1,500.00
d. Surplus Foods	300.00
	<hr/>
	\$5,800.00

\$5,800 Recommended

Article 26: To see what sums of money the town will vote to raise and appropriate for Public School purposes:

Account 100 - Administration	\$ 6,412.00
Account 200 - Instruction	135,133.00
Account 300 - Attendance	50.00
Account 400 - Physician	150.00
Account 500 - Transportation	5,975.00
Account 600 - Operation of Plant	19,532.00
Account 700 - Maintenance of Plant	5,800.00
Account 800 - Insurance	2,195.00

Account 1200 - Capital Outlay	2,350.00
	\$177,597.00
Estimated Receipts	38,976.00
	\$138,621.00
Necessary Appropriation	\$138,621 Recommended

Article 27: To see what sum of money the town will vote to raise and appropriate for the School Bus Purchase Reserve Fund.

*\$1,000 Recommended from Surplus*

Article 28: To see if the town will vote to authorize the Selectmen to borrow a sum of money not to exceed \$5,000 to be used to repair the roof on the new part of Lura Libby School, said money to be repaid by the issuance of a series of notes payable at the best rate of interest obtainable over a period of time deemed best suitable to said Board of Selectmen.

*Recommended*

Article 29: To hear and act on the recommendation of the Superintending School Committee, on needed school building construction and alterations.

*Recommended*

Article 30: To see if the town will vote to authorize the Superintending School Committee to obtain at no cost plans and cost figures on needed school building construction, alterations, and land acquisition, and submit same for consideration at a future town meeting.

*Recommended*

Article 31: To see if the town will vote to authorize the Superintending School Committee to offer a contract to any neighboring town or towns for the purpose of educating their secondary pupils, when facilities are available.

*Recommended*

Article 32: To see if the town will vote to raise and appropriate the sum of \$19.20 for installation of a 100 lumen street light at or near the public landing, so called, as requested by petition.

*Recommended*

Article 33: To see if the town will vote to exercise its option to purchase land on the St. Georges River as provided in the lease of said premises given to the town by E. Roger Morse and Basil F. Day, said premises being used as a Boat Landing, and raise and appropriate the sum of \$2,000 for the purchase thereof. (Requested by petition).

*Selectmen Do Not Recommend  
Budget Committee Recommends.*

Article 34: To see if the town will vote to authorize its Board of Selectmen to renew the lease which the town now has with Elmus Roger Morse and Basil F. Day, for two parcels of land in the Town of Thomaston and situated on the southerly side of Water Street, and also to see what sum of money the town will vote to raise and appropriate for same.

*Selectmen Recommend to Renew and Appropriate \$60.  
Budget Committee Recommends Passage if Article 33  
is Defeated.*

Article 35: To see if the town will vote to authorize the Selectmen and Town Treasurer to obtain a temporary loan or loans to pay any bills contracted by Civil Defense, in case of emergency.

*Recommended*

Article 36: To see if the town will vote to raise and appropriate the sum of \$3,217.45 necessary to cover the street lighting service furnished to the town for the current year, under the contract with Central Maine Power Company.

*\$3,217.45 Recommended*

Article 37: To see if the town will vote to raise and appropriate the sum of \$19.20 for installation of a 1000 lumen street light on the corner of Lawrence Avenue and Fluker Street, as requested by petition.

\$19.20 Recommended

Article 38: To see what sum of money the town will vote to raise and appropriate for Police Protection of persons and property.

\$7,000 Recommended by Selectmen

\$7,312 Recommended by Budget Committee

Article 39: To see what sum of money the town will vote to raise and appropriate for its share of the cost of Group Life Insurance, as provided by Chapter 451 of the Public Laws of 1955.

\$500 Recommended

Article 40: To see what sum of money the town will vote to raise and appropriate for Workmen's Compensation, Fire, Liability, and Property Damage Insurance for the protection of the town.

a. Workmen's Compensation	\$ 469.00
b. Liability and Property Damage	647.00
c. Fire, Buildings and Contents	993.00
d. Blanket Bond	200.00
<hr/>	
\$2,308.00	

\$2,308 Recommended

Article 41: To see if the town will authorize the Girl Scouts a meeting place in the Thomaston Fire Station for the winter months, December, January, February and March.

Recommended

Article 42: To see if the town will vote to raise and appropriate the sum of \$2,200 to add radiation and lower the ceiling in the "Banquet Hall" of Watts Block, to provide a meeting place for Girl Scouts for the winter months.

\$1,800 Estimated Need for Ceiling and Radiation  
400 Estimated Need for Heating

*Recommended if Article 41 Not Passed*

Article 43: To see if the town will vote to allow the use of Watts Hall for school children's activities free of charge, under adult supervision, exclusive of athletics, and to raise and appropriate the sum of \$500 to be used for heating and janitor service.

\$500 Recommended

Article 44: To see if the town will vote to authorize its Board of Selectmen to utilize the income from Watts Block to be used for maintenance and repairs, on said block.

*Recommended*

Article 45: To see what sum of money the town will vote to raise and appropriate for the maintenance and improvement of parks.

\$300 Recommended ( \$ 75. Skating Rink)  
( 225. General Park Maint.)

Article 46: To see what sum the town will vote to raise and appropriate for Memorial Day Exercises and Decorating Servicemen's Graves.

\$150 Recommended

Article 47: To see what sum of money the town will vote to raise and appropriate to pay its share of the cost of the Social Security Plan.

\$1,500 Recommended

Article 48: To see what sum of money the town will vote to raise and appropriate the following sums for maintenance of the fire department:

Heat	\$ 800.00
Electricity	350.00
Telephone	575.00
Hose	600.00
Chief's Salary	520.00
Chief Dep. Salary	150.00
Asst. Dep. Salary	125.00
Insurance	533.00
Maint. Trucks and Station	1,050.00
Repairs to Engine No. 1	500.00
Snow Removal	75.00
Station Attendants	2,450.00
Volunteers	1,350.00
Hydrant Rental	5,775.00
Station Note and Interest	3,661.00
	<hr/>
	\$18,514.00

\$18,514.00 Recommended

Article 49: To see if the town will vote to use the Thomaston Fire Station as a voting place and, if so, to see what sum of money will be raised and appropriated for same.

\$500 Recommended

Article 50: To see if the town will vote to install a hydrant at the junction of Main and Ship Streets, and, if so, to appropriate and raise the sum of \$65 for that purpose.

Recommended

Article 51: To see if the town will vote to raise and appropriate a sum of money to be held in a reserve fund for the future purchase of a new fire truck.

\$2,000 Recommended from Surplus

Article 52: To see if the town will vote to have all future earnings of the Fire Department credited to the Truck Maintenance Account.

*Not Recommended*

Article 53: To see if the town will vote to transfer and carry forward all unexpended balances of the Fire Department accounts to the Truck Maintenance Account.

*Not Recommended*

Article 54: To see if the town will vote to purchase a new 750 gallon pumper as recommended by the New England Rating Bureau, and, if so, what sum of money they will raise and appropriate for the purpose; how same will be financed, also to choose a committee to act in behalf of the town in the purchase of same. (Estimated costs of same are \$16,000 for a commercial vehicle and \$22,000 for a custom vehicle).

*Not Recommended*

Article 55. To see if the town will vote to give the Board of Engineers of the Fire Department jurisdiction of the lot upon which the Fire Station is located and clarify Article 3, By-Laws of the Fire Department as voted by the town March 31, 1958, by adding a comma and the word "lot" after the words "engine house" in said section 3, adding a period after the word "apparatus" and substituting the word "they" for the word "and" so that portion of Article 3 shall read as follows: "They shall have control of the engine house, lot and all apparatus. They shall make such rules for the government, discipline and good order of the department and for the extinguishment of fires as they may deem expedient, the same being subject to the approval of the Board of Selectmen."

*Not Recommended*

Article 56: To see what sum, if any, the town will vote to raise and appropriate for its share of the support of a regional planning commission.

\$425 Requested and Recommended

Article 57: To see whether or not the town will vote to raise and appropriate the sum of one hundred fifty (\$150.) dollars to be paid to the Thomaston Chamber of Commerce to be expended and used for advertising and promoting the advantages and attractions of the Town of Thomaston, as requested by petition.

*Recommended*

Article 58: To see whether or not the town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 91, Section 108, of the Revised Statutes of 1954.

*Recommended*

Article 59: To see if the town will authorize the Board of Assessors to apply the revenue from the Bank Stock Tax, Railroad and Telegraph Tax, and Excise Tax to reduce the tax rate.

*Recommended*

Article 60: To see if the town will vote to raise and appropriate a sum of money towards the support of the Knox County General Hospital.

\$828 *Recommended*

Article 61: To see if the town will vote to raise and appropriate the sum of \$300 to be used to mow the grass on the hill in front of Knox Memorial "Montpelier". (Requested by petition).

*Not Recommended*

Article 62: To see if the town will vote to adopt the following amendment to its ordinance on "licensing and control of trailers and trailer parks," by adding in the last line of Section 6 the word "dwelling, or part thereof."

*Recommended*

**Article 63:** To see if the town will vote to adopt by-laws and ordinances for the regulation and operation of boats in the Thomaston Harbor, so that in addition to Sections 1 to 6 inclusive of Chapter 98 of the 1954 Revised Statutes of Maine the following provisions shall apply to said Thomaston Harbor.

**Sec. 1. HARBOR LIMITS.** The limits of Thomaston Harbor shall include that area of water and part of the St. Georges River lying within and bounded by the following described lines:

Easterly by a line extending from the granite beacon, so called, due North by true course to the northerly shore of the river; Westerly by a line in continuation of the center line of Ship Street extending from the northerly shore to the southerly shore of said river; Southerly by line extending from said beacon due West by true course to the shore at Browns Point, so called, and by the southerly shore of the river to the westerly boundary; Northerly by the northerly shore of said river between the easterly and westerly lines as herein defined.

**Sec. 2. CHANNEL LINE:** The channel line within said harbor shall be the mean low water lines along the northerly and southerly sides of the natural channel of said river.

**Sec. 3. MOORING:** Par. 1. No person shall place buoys or moorings within the harbor limits without written permission of the harbor master.

Par. 2. Except as hereinafter provided, no person shall place a mooring in said harbor except along the northerly and southerly sides of the channel in such places and at such distances from each other as the harbor master shall designate, so that boats shall be moored with reasonable safety.

Par. 3. Each boat yard having a place of business in said town shall have the privilege of one mooring or anchorage in the channel, the location thereof to be designated by the harbor master; and the harbor master may allot and designate additional moorings or anchorages in the channel to said boat yards for such time as may be required when the same shall not affect the safety of other boats moored or anchored in the harbor.

Par. 4. The middle of the channel not occupied by permanent moorings shall be an anchorage area for visiting boats, and the master or owner of such boat shall not anchor in said channel except where designated by the harbor master; and at least once every twenty-four hours the master or owner of said boat shall check said anchor and lines and shall correct any existing fouling conditions.

Par. 5. All moorings shall be of sufficient size and weight with chain or rope in good condition to properly secure the craft moored thereto, and the buoy attached to said mooring line shall be of sufficient size so that said buoy shall be afloat at all times.

Sec. 4. No person shall permit the abandonment of any boat, raft, or float, or permit same to become derelict upon the shores of Thomaston Harbor.

Sec. 5. No person or vessel shall dump or dispose of any refuse or garbage upon the shore of Thomaston Harbor, Maine, at high or low water mark.

Sec. 6. No vessel shall deposit, throw, sweep or cause to be deposited or swept into the water of Thomaston Harbor or into the waters adjacent thereto any gas, oil, or bilge water containing same, ashes, dirt, stones, gravel, logs, planks or any other substance tending to obstruct the navigation of said harbor or waters adjacent thereto, or to shoal the depth of said water, or pollute the water thereof.

Sec. 7. OPERATION OF BOATS: Par. 1. No person shall use or operate any water craft in Thomaston Harbor so as to cause danger, annoyance, disturbance, or inconvenience to the public.

Par. 2. Whoever operates any watercraft or motor boat, whether propelled by an inboard or outboard motor, in Thomaston Harbor at a speed greater than is reasonable and proper, having due regard for traffic, proximity to wharves, docks, moorings, or shores, and for any other conditions then existing, shall be punished by a fine of not less than \$5.00 or more than \$20.

Par. 3. Whoever operates any watercraft or motor boat, whether propelled by an inboard or outboard motor, in Thomaston Harbor in such a manner as to endanger any person or property shall be punished by a fine of not less than \$5.00 or more than \$20.

Par. 4. Whoever operates any watercraft or motor boat, whether propelled by an inboard or outboard motor, in Thomaston Harbor recklessly, or in a wanton manner causing injury to any person or property, shall be punished by a fine of not less than \$5.00 or more than \$20.

Sec. 8. PENALTY: The master, owner or owners of any vessel, boat or raft, or any other person who shall violate any of the provisions of any rule or regulation lawfully promulgated for the government of the harbor, to which a specific penalty is annexed or otherwise provided by law, shall forfeit and pay a sum not less than \$5.00 or more than \$20 to be recovered on complaint by the harbor master before Municipal Court.

The Selectmen hereby give notice that they will be in session at the above named hall and place of the meeting on Monday, the day of said meeting, for the purpose of correcting the list of voters, from 9:30 o'clock in the forenoon until the polls close.

The Selectmen hereby give notice that the polls shall be open for voting purposes for a period of at least four hours on

the day of said meeting, and that the polls will be opened at ten o'clock or as soon thereafter as may be possible in the forenoon of the day of said meeting and that the polls will not be closed earlier than six o'clock in the afternoon of said day.

The Business Meeting will be held at seven-thirty o'clock in the evening of said day.

Given under our hands this sixteenth day of March, A. D. 1961.
